CONSUMPTION AND THE GOSPEL

Ravages of Disease Part of the Penalty of Sin.

RELIGION AND WHITE PLAGUE

Pastor Russell Calls Attention to Sin's Relationship to Sickness and Death. "The Wages of Sin Is Death"-Man's Battle Against the Curse a Losing One-"In God Is Thy Help"-God Is For Us-The Result Will Be Glorious.

New York, Dec. 7.—Pastor Russell, speaking from the platform of the new City Temple house, announced the burning plague, that which consumeth [be-

mony with the general movement which he declared is annually sweepare all the wars of all the world.

True, the Pastor's Divine commission is to preach the Gospel. Nevertheless, since the Gospel is the Good Message of the Divinely arranged recovery from sin and death, he considered it eminently proper to call attention to the rayages of the white plague as a part of the penalty of sin. He would not in this be understood as meaning that all consumptives are especially sinners. Some of the most saintly of God's people have died of consumption and other ailments. The Redeemer is credited with having died of a ruptured heart, a disease not unknown to medical practitioners.

and happy always, especially such as ty, or what not. seek to live in harmony with Him. True, we have received the Bible instruction that sickness is a part of th: that death is the Divine curse,

sentence, or penalty, for sin; that sin entered the world through the disobedience of our first parents; and that all mankind therefore are under the curse, or sentence of death, of which sickness is merely a forerunnner-the

Still it seems natural for us to think that after we turn from sin and con- Christ's sacrifice. secrate our lives to God, He would relieve us of the penalties of sin and restore us fully to His original favor-to human perfection and to everlasting tunity for all. Those who now accept life and to happy conditions. When we the grace of God have the great privifind that some of the best of God's lege of becoming members of the people, including the Savior, the Apos- Church in Glory. Others have the astles and the Prophets, have suffered, surance that there will be a resurreceven unto death, and that none are im- tion, not only of the just, but also of mune from this penalty, a perplexity the unjust; and that this signifies an takes possession of our minds which only the Bible sets straight.

The Old Covenant and the New.

God first announced to Abraham His ultimate purpose of blessing the world -releasing them from the curse of sin and death. He did not explain how this would be done, except that it would be accomplished by Abraham's posterity, or Seed. Four hundred and thirty years later God proposed to the Israelites that if they wished to inherit the Promise made to Abraham, the door was open for them. God entered into a Covenant with them at Mount Sinai, through Moses, the mediator. In that Covenant God agreed to certain things, and Israel to other things. Israel agreed to keep the Divine Law perfectly; and God agreed that if they would do so, He would bless them with everlasting life, and open the way by which they might be the saviors of the world, to help all out from under the curse and back to the favor of God.

But Israel failed to keep the Divine requirements perfectly, as God foreknew they would. Hence they never gained everlasting life for themselves, but died like other men. Hence, also, they were not able to be the world's uplifters from sin and death. Later, God explained to them that a greater than Moses would come; namely, Messiah, who would so help, strengthen and uplift from sin and death a select Seed of Abraham that such, with Him, would be qualified to constitute the Kingdom of God-the ruling power which God would use in putting down sin and Satan, ignorance and wrong, and in lifting up mankind under the

Law Covenant renewed. Our text is a part of God's message to Israel, in which He assured them that if they would keep the Law they should have all the blessings of His favor in their earthly lives; but if they were disobedient, various sicknesses would come upon them as chastisements. As for the other nations of the world, they were not in covenant relationship with Gcd, and were subject to the mutations of their dying condition.

Only with the Israelites was consumption specially stated to be the penalty for sin, and only the Israelites were promised immunity from these sicknesses on condition that they would live in obedience to the Divine

Law. God never had any such ar- ease liable to spread the contagion. rangement with any other people. Discharges from the head should pref-They are all sinners, all under sen- erably be on paper, which should be tence of death, all dying, justly, re- burned in the tire before becoming gardless of whether it be a more grad- dry. and be kings and priests and jointheirs with Christ in the Heavenly Kingdom which is to bless the world and restore it to human perfection.

Few seem to have noticed that Jesus neither healed Himself nor any of the Apostles. The miracles of healing were performed on outsiders, with a view to evidencing the Redeemer's teachings; and even these attesting to a crowded miracles, as St. Paul pointed out, ceased after they had accomplished their work-after the Church had been es-Leviticus 26:16: "I tablished. But, we are asked, did not will even appoint Jesus say in Mark 16:17, 18 that the over you terror, healing power would be an evidence of consumption, and discipleship throughout this Age? No. we answer. All scholars now agree that no part of the 16th chapter of Mark after the 8th verse was written fore the eyes, and causeth sorrow of by St. Mark. That the portion from heart." His topic was chosen in har- the 9th verse to the end of the chapter was added long centuries after St. against consumption, the white plague, Mark was dead is clearly evidenced by the fact that those verses do not occur ing more millions to the grave than in any manuscript of earlier date than

The rewards of this Age, offered to the Church, are Heavenly, spiritual, to be attained fully in the resurrection change of the Church. Nevertheless, the faithful followers of Jesus enjoy certain special blessings of mind and body in their present life-such as "the peace of God, which passeth all understanding," a rest from the worrying cares common to the remainder of the world, These, indeed, bring often a measure of health to persons previously annoyed by every trying difficulty of life, but now enabled, through faith in Christ and acceptance of the Divine promises through the Holy Spirit, to The speaker declared that much con- take no anxious care in respect to the fusion prevails amongst Christian peo- future, knowing that their Father ple respecting sickness and health. The Gospel Respecting the Plague.

every one smitten with the plague or the black plague, or any other of the hundreds of forms of death. That Message is that the present life is but transitory, a vestibule to a more glorious life, an antercom of instruction, preparatory to entering the glory!-Romans S:17, 18. life which God has provided for all of our race who are willing to accept it on His terms through the merit of

The broad Message of the Gospel. while it has only one offer in the present time, assures us of a future opporopportunity of rising up out of sin and death conditions to human perfection. But even to attain that blessing would mean to attain an earthly instead of a Heavenly inheritance.

Moreover, that blessed opportunity of attaining eternal life and earthly perfection will not mean an escape from the penalty of wilful sins of the present life. It is a part of the Divine Law that whoever sins shall suffer: and that "whatsoever a man soweth, that shall he also reap." But those who have known the Master's will, and failed to do it, will receive more and severer "stripes," more punishments, than others who have not known His will, and have done equally evil things-the heathen, for instance,-Luke 12:47, 48,

The Morning Is Dawning.

The light of the Millennial Morning. gradually breaking through the darkness, ignorance and superstition of the past, is showing us more particularly what disease is and how it should be combated. And although we cannot hope to accomplish great results, it is our duty to do our best in opposing the reign of Sin and Death-to do all in our power to stamp them out. All the diseases of our bodies are aggravated by sin and more or less relieved by proper living, proper thinking, and a mind and heart resting in faith upon the Redeemer, and His glorious provision for our future.

We are learning, too, that as the sun light of Truth is good for our minds and morals, so the natural sunlight is good for our bodies. It is an important factor in the healing of all diseases. As the Word of God is the pure Food which builds us up spiritually and makes us strong in the Lord, so pure foods, nourishing foods, are necessary for our physical bodies - the more so if they are afflicted with the white plague - consumption. In a word, cleanliness, pure air, and pure, nourishing food, are the most prominent factors for the relief of sufferers from this plague. These may be supplemented by a tablespoonful of pure glycerine, three times a day, and by

a biochemical salt, calcaria phos. All should know that this dreadful disease, which literally burns up the counting the present life and interests result of the burns she received fol- Superintendent." Good roads are prerequisite for better marketing, for better schools, and for more comfortable rural living.

> "To gain information to enable the department better to serve rural women, the secretary has addressed letters of inquiry to the women of 55,000 selected farms covering every county. Other surveys and studies were also conducted. An analysis of the small part of the letters as yet digested shows that farm women desire assistance in all phases of home manage ment, especially as to ways of securing running water, introducing household power machinery and labor-saving arrangements, and providing better hygenic and sanitary conditions. Many seek advice as to the better marketing of the articles they produce. Others ask the department to prove to the man that their work is worth some thing in dollars and cents.

Crop Figures.

Special emphasis is laid on the fact estimates. From the estimates at hand In place of the brandy and sherry the it appears that the production of crops in 1913 was materially below the average, the yield per acre of all crops combined being smaller than in any year in the last decade, with the exception of 1911. The corn crop, the the mincement and cover with the most valuable product of this country. according to the estimates, fell below in a cellar and burns indicated that 2,500,000,000 bushels, which is smaller recorded in this country. This crop was matured before the drought be came effective. Brief mention is made as to crop conditions throughout the world. From the estimates it appears that there were increased areas sown to wheat, oats, barley, rye and corn and that the wheat acreage has probably yielded a record outturn. Barley, oats and rye are bountiful crops, but corn will probably give the poorest result in twenty years.

PLANS STATE MARKET HOUSE

Wisconsin Society of Equity Will Help Farmers Get Fairer Profit on Output.

LaCrosse, Wis., Dec. 8 .- The state convention of the American Society of Equity decided to establish at the headquarters of the organization at Madison a state marketing and business agency on a scale larger than heretofore attempted by the farmers anywhere in the country.

Experts and auditors will be employed who will go into the price question on a scientific basis and will supand other farmers with prices prevail ing in all markets.
