THE DISTRICT COURT IN SESSION WEDNESDAY

James Biddlecomb to Serve Term in Penitentiary and Joseph Roe's Case Continued.

Judge James T. Begley came up from Nebraska City Tuesday evening and convened district court in session to hear motions in various cases and pass on other matters that were to come before the court. The judge continued the session of court over yesterday, and among other matters disposed of was the setting aside of the decree in partition in the case of Amelia Monroe vs. Agatha Stull. The court at a previous session a few weeks ago set aside the sale made under the decree and the matter is now where it was at the start.

James Biddlecomb, the man who was charged with having thrown acid or poison in the face of Nellie Swen at Cedar Creek a few weeks ago, was arraigned before the court to answer to the charge of attempting to do great bodily injury, and to the charge he entered a plea

of guilty and Judge Begley sentenced the man to the penitentiary at Lincoln for a term of from one to five years, and he will be taken to the penitentiary in a few days to begin to serve his sentence in accordance with the orders of the court.

Joseph Roe was arraigned in the court to answer to the charge of first degree murder, and to this he entered a plea of not guilty and will be placed on trial January 5 for the offense. Attorney A. L. Tidd has been appointed by the court to defend him in the case, while County Attorney Taylor will prosecute the case for the state. This is the first murder case for several years to be tried in this county and it has attracted a great deal of attention, especially in the vicinity of Weeping Water, where the crime was committed.

Nervous Fear.

Sometimes a strange sensation of fear seizes us, which we are unable to explain, knowing that we are in no danger. This is usually the result of some disturbance of the digestive organs. In such a condition a thorough cleaning out of the system is necessary. The body must get rid of waste matter, but care should be taken to preserve the strength of all organs. A very good remedy in this respect is Trimer's American Elixir of Bitter Wine. It acts quickly and gives satisfactory results in diseases of the stomach, the liver and the bowels, in nervousness and impurity of blood. At drug stores, Jos. Trimer, 1333-1339 So. Ashland Ave., Chicago, Ill. In accidents usually a good liniment is needed. You should always have Trimer's Liniment at hand. It is very strong and effective.

SUIT FOR DIVORCE FILED IN THE DISTRICT COURT

A suit for divorce has been filed in district court by Mrs. Mollie E. Viall against her husband, Robert H. Viall, charging the defendant in her petition with extreme cruelty toward her by quarreling and striking her several times and maintaining a silence toward her except to quarrel with her and otherwise neglecting her as his wife. The parties were married in this city on December 25, 1890, and have resided in this county since that time, being located at Nehawka.

AN APPEAL FOR WOMAN SUFFRAGE IN NEBRASKA

(Communicated.)

There are now being circulated in Nebraska initiative petitions asking that the question of woman suffrage be submitted to the voters at the next general election to be held in November, 1914. The Nebraska Woman Suffrage association appeals, not only to all believers in equal suffrage, but to men and women everywhere who want good government, who have the civic welfare of our state at heart, who love their homes and want those homes protected by better government, which means more healthful and beautiful surroundings, cleaner streets, purer food, more air and sunshine and less waste of child life. We appeal to mothers who want human life given more consideration, who want the moral teaching of their children supported by a healthier public morality, who want more provision for safe and clean amusements, and who want to see child labor stopped. We appeal to the wage-earning women of the state who want something to say about their hours of labor and the conditions surrounding their work, who want the same respect and consideration given their needs that the laboring man has given to his. We appeal to women everywhere who want to see a more practical fight made against prostitution, drunkenness and commercialized vice. We appeal to fathers who know that the mother brings something into the life of the home that he cannot possibly supply, and who know that the accumulated experience of a generation of housekeeping makes her keep the home cleaner, more orderly and comfortable than he could by himself, and who believe that she could carry these qualities into the larger home of civic life to the advantage of the family.

These are the things that women everywhere have most closely at heart, and these are the things that make active suffragists of women. We don't want to interfere with man's part of the government; we only want to contribute our share. We don't expect that woman suffrage will effect any sudden social or political revolution. We don't believe in a millennium, but we do believe that the work of the women of this country stands for betterment and progress, and we think that to bar that force from a part in a democratic government is not only undemocratic and un-republican, but is a distinct economic loss. Therefore, to all of you, we appeal. Come into this fight and help us. Give us your best, your time, your money and your most devoted service.

RESOLUTIONS WITHDRAWN AND ALL ALUMNIS CAN NOW COME IN

When the Alumni association of the Plattsmouth High school met last year a set of resolutions were drawn up to govern its proceedings, and one of these was that no alumni prior to the class of 1912 should be a member of the association, but in view of the great interest shown in the association by the older alumni of the school it is expected to rescind this provision at the meeting to be held in the Woodman hall in this city on Friday evening, December 26, and by so doing the association will secure many older graduates and a better, closer and also wider organization will be secured. All of the alumni who wish to attend the second annual meeting should notify the president of the association, J. E. Hallstrom, before December 17. The price of \$1 will be charged for the banquet, which will be served by the ladies of the Christian church.

Will Serve Dinner and Supper. The Ladies' Aid societies of Mynard and Eight Mile Grove have decided to serve a 12 o'clock dinner in connection with their bazaar, Saturday, December 13, as well as oysters and a general supper in the evening. Everybody come. 12-9-3td-11w

Mrs. Falter Doing Nicely. The reports from the bedside of Mrs. George H. Falter at Clarkson hospital in Omaha are quite encouraging to the family and friends, as she seems to have come through the operation for appendicitis in good shape, and while still in a very weak condition seems to be standing the ordeal nicely. Mr. Falter was at the hospital yesterday and today and the mother of Mrs. Falter, Mrs. George E. Dovey, spent the afternoon there today looking after the care of her daughter.

THE MATTER OF NATIONAL HIGHWAYS

G. J. Hinshaw, Representing National Highway Association, Explains Their Ideas.

There was quite a number of our prominent citizens who were interested in the cause of good roads present at the council chamber last evening to hear a few remarks on the road question from G. J. Hinshaw of Kansas City, Kansas, who is state secretary of the Kansas Good Roads association, and is representing the National Highway Association of the United States. The fact that Mr. Hinshaw was coming here was not known until a few hours before the meeting, and it was impossible to give any wide-spread publicity of the meeting, which largely accounts for the small attendance present. Mr. Hinshaw explained the purpose of his visit, which is to start a good roads association here to assist in the enlarging of the sphere of the movement by taking in the smaller towns of the country and making them a part of the great national association. He stated that a bill was pending before congress relating to the forming of national highways, and one of the proposed routes was from Kansas City to Omaha, and the towns lying along the present Omaha-Kansas City Scenic Route should get busy and see that the route was laid through this section, rather than remain idle and permit some other section to establish the road. The project, which is backed by all the good roads men throughout the west, will mean the establishing of a highway similar to the great Lincoln highway that is now being planned from coast to coast, and will give the communities through which it passes a fine permanent road.

Mr. Hinshaw was around this morning visiting the different merchants and business men in the interest of his project, and met with a great deal of support from them, and it looks as though the association had found a very fertile field for their efforts to work in.

JUDGE ARCHER WAS VERY KIND TO LET THE OFFENDER OFF

Yesterday afternoon Robert Hickmann, who has been engaged in wood-sawing in the vicinity of Rock Bluffs, came to this city and proceeded to accumulate a large surplus of "booze," which his capacity failed to accommodate, and before the setting of the sun Robert found himself in the hands of the law and was ushered into the office where Judge Archer hands out justice to all comers, and he at once perceived the condition of Robert, but listened to his plea for mercy, and he was allowed to return to the woods at Rock Bluffs on the promise not to repeat the offense of becoming "pickled." He at once departed for his headquarters, rejoicing that he was again a free man.
