Dr. B. F. Brendel and Mr. and Mrs. Will Seybolt were Omaha visitors Monday, going up to Plattsmouth by private conveyance and taking the afternoon Burlington train to the metropolis.

Carl Weideman took the examination for mail clerk before he came here last spring. Last week he received word that he had passed the examination and received an appointment as mail clerk. He will leave here the first of the year.

Mrs. W. Crow, residing over on the White farm, east of Murray, was thrown from a spring wagon last Sunday and received quite a severe fracture of the left collarbone. The accident was caused by the seat becoming loose from the wagon.

A small crowd attended the shooting match Tuesday afternoon. Oscar McDonald and a party of shooters came down from Murdock and swept the whole platter, taking most of the geese and turkeys home with them. Some shooters, those Murdock boys!

Cholera is playing sad havoc with the hogs in this vicinity. Henry Long and Bob Shrader have lost quite a number. So has Frank Schlichtemeier, and we learn of a number of other farmers who have lost more or less. The reports are that the disease is spreading.

Mr. and Mrs. G. Minniear, from near Murray, were in Plattsmouth last Saturday, where they were trading and visiting with county seat friends. They were accompanied by Mr. Frank Goodman of LaFayette, Indiana, brother of Mrs. G. Minniear, who has been visiting at their home for the past few days. He took the train here for his home.

Young home last week. Mr. Mann is a brother of Mrs. Young. Mr. and Mrs. William Rice and daughter, Miss Ester, were Plattsmouth visitors Thursday afternoon of this week, driving up from their home. Misses Marie Spies and Edith Range of Plattsmouth were over Sunday guests of the Tackett home and also took in the box social at the school house. Joe Lloyd was taken very sick at the livery barn of D. C. Rhoden Tuesday, and for some time it was thought he could not recover. He recovered to the extent that he could be taken to the home of his daughter, Mrs. Loe Alexis, since which time he has been resting fairly well. The bazaar given by the ladies of the Presbyterian church last Thursday was a successful affair. The ladies realized quite a neat little sum from their efforts. It is a very cold day in August when the ladies (God bless them!) don't get to the front with all the pretty things to sell and plenty of good things to eat. The bazaar at the Christian church Saturday was a complete success. They sold out completely, and that was the only reason for it not being a bigger success. The ladies deserve great credit for their efforts. Everyone present enjoyed the occasion and went home after it was all over, feeling that it was good to be there. The ladies reaped quite a little sum from the sales at the bazaar. Mrs. Dr. Gilmore, Mrs. Glen Boedecker and Miss Ida Boedecker went to Omaha Tuesday morning to do some Christmas shopping. Glen went up to Plattsmouth after dinner with his car, taking the afternoon Burlington train for Omaha, where he met the ladies. They returned to Plattsmouth on the evening Burlington and took the auto there for home. There were some pretty mad fellows at the depot Wednesday morning when the early Omaha passenger went through at a rapid speed without stopping. They had bought tickets for Plattsmouth and Omaha; we don't pretend to say whose fault it was that they were left on the platform to view the vanishing train as it went up the track through the mist.

Sells Cass County Farm. J. T. Porter has sold his farm, just south of Murray, to C. H. Harris. The farm was small, which was the only reason Mr. Porter had for selling it, but it was a good one and brought a magnificent price. The 80 acres sold for \$11,500. Mr. Porter has bought a 160-acre farm in the Red River Valley of Minnesota, where he expects to move about the first of March. S. W. Copenhaver purchased a farm in the same locality, and will move about the same time as Mr. Porter. Mr. Harris bought the Copenhaver place, also. We regret to see these two gentlemen and their excellent families leave Cass county, but wish them success and happiness in their new Minnesota home.

A box of bon-bons was given to the young lady who received the most votes. Hot coffee and doughnuts were sold. The proceeds of \$44.23 were used to help pay for the Victrola. The school extends most sincere thanks to those who aided in making the social a success. The purpose of the Victrola is to create a desire in the pupils for classical music. The school is enjoying drinking water from sanitary water coolers. The appearance of the school rooms are aided by the use of new window curtains. The text books received a thorough inspection Tuesday. The pupils were fined for damage done. Rev. Hutchman conducted chapel Wednesday morning.

CASS COUNTY ITEMS, PERU, NEB.

Miss Alexander, representative of the Palmer method of penmanship, gave a special lesson to the teachers of the training school. The members of the Everett Literary society and the faculty were guests at a meeting of the Philomathean society in the chapel Friday evening. An excellent program was given. An interesting game of basket ball was played Saturday afternoon between the junior and senior girls' teams. At the end of the first half the score stood 12 to 9 in favor of the seniors. When the last half was over the juniors stood victorious by a score of 20 to 15. Miss Emma Kunz of Elmwood played left quarter for the juniors and helped materially in the game. Y. W. C. A. meeting Sunday afternoon was led by Mrs. E. L. Rouse. The topic was, "Mother of Tomorrow."

One of the finest exhibits of the work of the manual training department ever held at the Normal was on display Tuesday and Wednesday in the faculty reception room. Among the Cass county students who made articles for this exhibit were Rex Bailey, Orley Clements, Ralph Reeves and Percy Slothower of Elmwood and Clarence Beal of Plattsmouth.

Under the direction of the grade supervisor the training school has planned a Christmas entertainment to be given Friday afternoon, December 19. This school is composed of children who are taught by the seniors of the Normal. Each senior is required to teach one period a day throughout the year, prepare plans for the work and have complete charge of the room during his period. Supervisors oversee and direct the work of each student teacher.
