**SOPHOMORE CLASS HAS PLEASANT MEETING WITH ARTHUR WHITE**

From Saturday's Daily.

The sophomore class of the local high school last evening held a very pleasant class party at the home of Arthur White, one of the class, and the event was one that will be pleasantly remembered by the sophomores and more unpleasantly by a number of visitors, who came uninvited and who suffered severely as a result of their "butting in." It seems that wind of the proposed visit of several parties of members of other classes and of several who were out of school for the past few years was conveyed to the sophomores, and they prepared accordingly and secured a fine, juicy pie which was loaded with medicine calculated to make things lively for those who ate it, and this was placed out on the porch of the White home and it was the first object seized upon by the visitors, who devoured it, but this morning there were several faces missing from Main street and the pie eaters were kept busy doctoring themselves up at home. The young people enjoyed themselves to the utmost at the party in the playing of games of various kinds and in the contemplation of the misery of their uninvited guests. There were some thirty present.

**GUARDING AGAINST CROUP.**

The best safeguard against croup is a bottle of Foley's Honey and Tar Compound in the house. P. H. Ginn, Middleton, Ga., writes: "My children are very susceptible to croup, easily catch cold. I give them Foley's Honey and Tar Compound and in every instance they get prompt relief and are soon cured. We keep it at home and prevent croup." For sale by all druggists.

**Comes Back From Ohio.**

From Saturday's Daily.

Last evening Jesse McVey, who has been for the past few months visiting in his old home in Ohio, arrived in this city and will visit here for a few weeks with his friends in this city and vicinity. Mr. McVey is feeling much improved in health over what he was when he left this locality last fall and enjoyed his visit very much back in the old home. He came back to Nebraska by way of Kansas City and made a short visit in that city.

**A WARNING IN REGARD TO THE CHRISTMAS FIRES**

From Friday's Daily.

Fire Commissioner W. S. Ridgell has issued the usual warning to people not to spoil the merry Yule time by selling fire to Christmas trees or to the whisks of Santa Claus. His instructions for people who desire to celebrate in their homes by erecting a tree with presents on it, is to first get a good fire extinguisher and keep it in the home. Then get a bucket of water and set it near the tree. Then get a bunch of asbestos of mineral wool to represent snow, use electric lights if possible instead of candles on the tree, hire an expert electrician to put in the wires, and then let the festivities commence, all of the time keeping a close watch on the furnace or stove so that the heating apparatus does not set fire to anything. Under such circumstances the fire warden believes the Christmas season will be a thing of joy instead of one of disaster. Mr. Ridgell has evolved the theory from scientific investigation that every fire is the same size at the start, but some grow to an appalling extent. "Is it not for use to prevent the small blaze?" he asks. He asks fire chiefs of city and village fire departments to examine the decorations in stores and to place a chemical extinguisher for use at churches or opera houses where there is a public Christmas tree. "No disastrous fires this coming merry Yule time," is the wish of Commissioner Ridgell. Someone outside of the commissioner's office suggested to him that it might be well to have a law passed to prevent Christmas tree celebrations within less than fifty feet of any house or to bury the trees underground as gasoline tanks are now required to be buried.—State Journal.

**NOT BEYOND HELP AT 87.**

Sleep-disturbing bladder weakness, stiffness in joints, weak, inactive kidney action and rheumatic pains, are all evidences of kidney trouble. Mrs. Mary A. Dean, 47 E. Walnut St., Taunton, Mass., writes: "I have passed my 87th birthday, and thought I was beyond the reach of medicine, but Foley Kidney Pills have proved most beneficial in my case." For sale by all druggists.

**SUDDEN DEATH OF MRS. ED. LOHNES, NEAR CEDAR CREEK**

From Saturday's Daily.

The news was received in this city this morning of the sudden death at her home, south of Cedar Creek, of Mrs. Ed. Lohnes, which occurred yesterday afternoon at about 5 o'clock. It is alleged that the death was caused from taking carbolic acid with suicidal intent, and it proved fatal, as the young woman was beyond all relief when found. Mrs. Lohnes was a young woman still in her early twenties and her death came as a profound shock to her relatives throughout the county, who had no intimation of her intentions to take this step, and they are grief-stricken over the affair. Mrs. Lohnes was a daughter of George Meisinger, residing in the vicinity of Mynard, and was married about three years ago to Ed Lohnes, who survives his wife. The cause for the alleged suicide cannot be clearly given, although thought to be family matters.

**Has His Thumb Out.**

From Saturday's Daily.

Yesterday while Eric Backstrom was getting ready for the Christmas celebration by having a large tree prepared for the occasion, he was unfortunate enough to saw one of his thumbs while engaged in cutting off the butt of the tree, and it required several stitches to close the wound and Eric will not be in the best of trim for the Christmas festivities and will be compelled to wear his hand in a bandage for a few days.

**BIG CHANGE IN THE WEATHER LAST NIGHT AND SNOW THIS MORNING**

From Saturday's Daily.

The residents of this city, who on their retirement last night in the midst of a heavy and chilling rainstorm, were surprised this morning on awakening and gazing out to find the walks and ground covered with a mantle of the beautiful snow, and it was still falling, accompanied by a very chilly wind that made apparent the sudden change in temperature that brought on the snow. This change in the weather is one that will prove very good for everyone, and will prove a booster for business in all lines of winter goods, which have practically been a drag on the market, owing to the continued warm weather, and this change will start the stocks moving in good shape and give an added boom to the business interests of the city.

**Buys Patterson Place.**

A. R. Noble, one of the conductors on the Burlington running out of this city, has just completed the purchase of lots 1 to 6, in block 83, known as the Patterson place, from Walter H. Scott. This is one of the nicest homes in the city and will make a very comfortable residence for Mr. Noble and family, who have, during the time they have resided here, experienced considerable difficulty in securing a suitable house, and they finally decided to purchase one where they would be sure of all the time.

**BURLINGTON TRAINS TO CHANGE TIME**

According to dispatches appearing in the state papers of this morning, the Burlington railroad will change their train schedule on Sunday, January 1, and the changes will affect several trains running into this city. No. 2, the fast Denver-Chicago train, will arrive in Omaha at 3:30 p. m., instead of 3:45, as at present, and will leave there at 3:45 for the east, which will make its time here about 1:40, or some twenty minutes earlier than at present. No. 4, which at present leaves Lincoln at 7:15, will not leave there under the new schedule until 7:50, and reach Omaha at 9:50, and will be in here at about 10:30 a. m. This last change will be more convenient for the residents of the central and western part of the county, as it will give more time in Louisville for the Missouri Pacific to make their connection, as the Schuyler train will be changed to conform to the running of No. 4. The change in the time of No. 2 will be found not near as convenient to the residents of this city as the present schedule.

**CHRISTMAS SHOPPING HAS BEEN VERY FAIR AMONG OUR MERCHANTS**

The past week has been a very busy one for the various merchants of the city, and the Christmas trade seems to be greatly improving and the shoppers show an inclination to take up the early Christmas shopping proposition and many have secured their gifts for their loved ones and friends and by purchasing them early have assisted in lightening the load of the weary clerks, who receive their full share of work during the holiday season, when most of the stores are crowded with the eager shoppers. There remains only three more shopping days before Christmas and those who desire to secure the best of the stocks should go early, as a great many of the lines have been well picked over so far this year, and the longer the delay is in making the purchases the less the chance for securing the best articles.

**COUGHS THAT PREVENT SLEEP**

These coughs are wearing and if they "hang on," can run one down physically and lower the vital resistance to disease. Mr. Bob Ferguson, 319 Pine St., Green Bay, Wis., writes: "I was greatly troubled with a bad cough that kept me awake nights. Two small bottles of Foley's Honey and Tar Compound completely cured me." **Eugene Maurer Better.**

From Friday's Daily.

The latest reports from the bedside of Eugene Maurer at Glenwood indicate that the young man is getting along very nicely from his attack of typhoid fever and is now able to sit up in bed, although still too weak to be able to get around. He has suffered greatly during his illness and it has weakened him considerably, but his friends will be pleased to learn that he is getting along so well.

**ANCIENT MAUL ADDED TO FRED PATTERSON'S COLLECTION OF CURIOS**

From Saturday's Daily.

County Surveyor Fred Patterson greatly startled the occupants of the court house this morning by appearing in that building armed with a large maul of wood, and it was feared at first that he was about to clean out the place, but later it was found that he had secured an addition to his collection of relics, of which he has a large number. The maul is of a curious formation of wood, apparently being constructed out of a large root of a tree, and was found a few days ago by William Gilmore on the new road leading along the Missouri river bluffs, and he gave it to Mr. Patterson, who will place it among the other specimens he has secured of the curious finds in this county.

**MRS. GEORGE HILL MEETS WITH VERY PAINFUL ACCIDENT**

From Saturday's Daily.

Yesterday while Mrs. George M. Hill, of near Mynard, was assisting at the John Urish home in the making of some sausage she met with a very painful accident that will cause her to remember the occasion for some time to come. She was feeding some meat into the sausage grinder and in doing so had the misfortune to get the tip of the middle finger of the left hand caught in the grinder, with the result that the tip of the finger was taken off. Medical assistance was at once summoned and the injury dressed and the victim of the accident made as comfortable as possible, although the injury was a most painful one.
