

AN ESTIMABLE LADY RESIDENT PASSES AWAY

Mrs. Alcinda Jane Crabill Died Sunday, January 5, 1914, After Long Suffering.

Yesterday afternoon as the day was drawing to a close another of the pioneer ladies of Plattsmouth was summoned to her final reward, passing away at about 4:30, and as the spirit of Mrs. Alcinda Jane Crabill took its flight one of the best beloved ladies in the city passed into the hands of her Maker. Mrs. Crabill had been failing gradually in health for the last two years, and while her family and friends were aware that she had not long to be with them, there was no apprehension of her immediate death until after Christmas, when she gradually became worse and continued to sink until death came to her Sunday afternoon as she was surrounded by her grief-stricken children.

Mrs. Crabill was born in Ohio seventy-one years ago and lived there for a number of years, later coming west, and was married at LaCrosse, Wisconsin, in 1862, to W. F. Crabill, and to this union there are five children living: W. E. Crabill of Glenwood, Iowa; C. E. Crabill of Lincoln, Arkansas; J. W. Crabill and Mrs. W. G. Brooks of this city, and Mrs. Isaac King of Superior, Nebraska. Mr. and Mrs. Crabill and family came to Plattsmouth in 1881 and have lived here almost continuously since that time, with the exception of a year and a half, when they resided in Missouri, where the husband and father passed away, and the family then removed back to Plattsmouth, where they have since resided.

Mrs. Crabill was one of the most highly esteemed ladies in the city, and her friends, whom she had made during her long residence here, will feel deeply the loss of one they had known for so long and who had endeared herself to them by her kindly acts during her lifetime, and her passing will leave a place hard to fill in the hearts of those

who knew her best. The funeral of this worthy lady will be held tomorrow afternoon at 4:30 from the late home and will be conducted by Rev. F. M. Druliner of the Methodist church and the casket interred at Oak Hill cemetery, west of this city.

MEETING OF THE COMMERCIAL CLUB THURSDAY NIGHT

Election of Officers and Much Other Important Business to Come Up for Action.

On Thursday evening of this week the Plattsmouth Commercial club of this city will hold their regular meeting, which the holiday season made it necessary to postpone from December, and at this time there will be matters of vital importance to be brought up for the consideration of the club and its members, and which will have a bearing on the program for the betterment of the town during the coming year. The club has, during the last two years, been a vital element in the upbuilding of the city, and by hard and faithful work on the part of the club officers there has been many things secured that it would have been impossible to have gotten through any other medium.

The question of the officers for the ensuing year, which will come up at the meeting Thursday, is a vital one great care should be exercised in the selection of the men who will be at the head of the affairs of the club, and wideaway men who are alive to the interests of the city should be picked for the positions which will have charge of many projects for the betterment of the town, and men selected who will give their time, or so much of it as possible to looking after different matters that from time to time arise to confront the club, and it is due largely to the push and deep interest taken in the public welfare by the present officers that many of the improvements during the past year were secured, and it will be

necessary during the coming year to exercise the same vigilance if other things desired for the development of city are secured.

The changes in time which were projected several weeks ago by the Burlington were put into force yesterday on that road and the new time-card found very satisfactory to almost all the travelers coming into or going from this city. The change in No. 14 was one that will meet with the approval of everyone traveling over the road, as it allows a person to get out of Omaha much earlier in the evening than formerly and reaches this city at a more convenient hour. The change in No. 2 is not so satisfactory, as it leaves Omaha at an early hour in the afternoon, making it quite inconvenient to the travelers for the east from this city, but the change will not affect the Chicago-Omaha travel, as most this goes on No. 12, the train leaving there at 6 o'clock.

AUBURN BRANCH OF M. P. AND ITS CHANGE OF TIME

The matter of the change in time of the Missouri Pacific on its Louisville line, which was called to the attention of the public a few days ago through the columns of the Journal, has called forth much kicking from the members of the jury who arrived here this morning, and who learned for the first time of this change, which makes it very inconvenient to them in going from this city to their homes, but there is hopes of relief, as the matter has been taken up by President Schneider of the Commercial club with the state railway commission, and he was informed that they would take some action in the matter in a few days. The commissioners have been trying for the past two or three days to get in touch with the division superintendent at Falls City, who has charge of the trains, and to try and have the matter adjusted so that the public will not be compelled to suffer any inconvenience as the result of the change in time, which was made without the knowledge of the state railway commission, who looks after the welfare of the citizens. The change in time does not win the railroad anything at all and it proves to be a most inconvenient matter to those who are compelled to travel over the road, as it makes it necessary for them to either go to Omaha or Union in order to make connections to place them home the same day. The Missouri Pacific should be compelled to come to time and show the proper consideration for the traveling public in making up their time schedules for use on their road.

MATRIMONIAL MARKET BRISK IN CASS COUNTY

The marriage market seems to be taking on a new lease of life, as County Judge Beeson was given the opportunity this morning to issue two of the valuable little pieces of paper, that gives happiness to so many hearts throughout the country. Richard Henry Tolhurst, aged 25, and Miss Edna Green, aged 21, both of Elmwood, were the first couple to secure the necessary permit to wed, and later the judge gave out a license to Clarence Erhart and Miss Mary Gesiana Boom, both of the vicinity of Wabash. The last-named couple come from two of the most prominent families in the central part of the county, the bride being the charming and accomplished daughter of T. J. Boom, one of the prominent farmers of that locality, while the groom is the son of William G. Erhart, one of the prominent citizens of near Manley, and is a young man very highly esteemed by a host of friends in the locality where he has made his home. This couple will be united in marriage Wednesday morning at St. Patrick's church in Manley by Rev. Father William Higgins, and they will make their future home at Manley.

Saturday afternoon Ford Fel-lact and Miss Cora Saylor were brought over from Weeping Water in an automobile by Elmont Preston and were taken direct to the court house, where they secured the necessary papers to permit them to become united in the bonds of wedlock, and they secured the services of Judge Beeson to tie the matrimonial knot, which he done in his usual pleasing manner, and the young people returned to their home the same afternoon in the car. The bride resides in the vicinity of Weeping Water, while the groom is at present a resident of Montana, where he is engaged in ranching, and there the newly wedded couple will make their future home. Their friends at Weeping Water will be pleased to learn of their new happiness and there is no doubt that they received a royal welcome when they returned home Saturday evening.

More Christmas.

Mynard, Neb., Dec. 31, 1913. The Mynard rural mail carrier was again made as happy as a June lark on Christmas by receiving two nice presents from the families of A. A. Wetenskap and Grover Will, for which we feel as thankful as a little boy with a pair of new red-top boots. The former gave us a nice lot of fresh beef of his own butchering, and the latter some fine fresh sausage, which at the present prices of meat is no small item. Both these gentlemen know just what a mail carrier needs, and such presents come around every year, too, and are appreciated.
