

SPECIAL OFFER FOR ONE MONTH ONLY!

EVENING JOURNAL FOR
\$3.00 a Year by Mail

During the past few months there has been a great many of our semi-weekly readers expressed their willingness and desire to become readers of the Evening Journal provided we could make the price \$3.00 per year. If we could double our daily list, we can place the subscription at this price per year, and during the next 30 days we are going to make an effort to more than double our mailing list by placing the price at \$3.00. Remember this price is only good for 30 days—so send in your subscription at once.

OFFER CLOSES FEBRUARY 15th

THE EVENING JOURNAL Plattsouth

CASS COUNTY HAS A NEW INFIRMARY

The Building is a Handsome
Structure, With All Modern
Improvements Attached.

Yesterday afternoon the county commissioners, Messrs. Heebner, Pitz and Jordan, paid a visit to the county farm, west of this city, and a Journal representative was invited to accompany them to view the new building that the county has put up to replace the structure destroyed by fire last July, and the new building, to be fully appreciated, must be viewed in person. It is on the site of the old building and the solid rock foundation of the former structure was used in the construction of the new home for the residents at the farm. The building is two stories high, with a basement, and is constructed of gray pressed brick and presents a most pleasing appearance to the eye, being constructed with a view of furnishing as neat a building as possible with the funds available.

On the east front of the building a large porch has been erected, which sets off the appearance of the building very much, and this porch gives entrance to the main floor of the building, while a small flight of stairs at the side of the porch allows one to go into the basement. Here there has been ample arrangements made for the cooking and serving of meals, two dining rooms being fixed up, one a large one for the inmates of the farm, and a smaller room adjoining for the use of the superintendent and his family. On the other side of the hall a fine large-sized kitchen will be fitted up, which is connected with ample closets and a large storage room, where the provisions can be kept, and this part of the

building is also equipped with a good-sized laundry room with concrete floor that will make the matter of doing the work in this portion of the building very easy. A flight of stairs leads to the first floor of the building, where the superintendent of the farm and his family will have their living rooms, and this, as well as the other floors of the building, has been arranged with a view to the convenience of the persons residing there, and are fitted up with toilet and bath rooms and the apartments have been arranged very handsily for the use of those who will reside in them.

On both the first and second floors of the building commodious halls have been arranged, which will afford plenty of room for everyone passing through them. On the top floor the sleeping rooms for the old people have been arranged, and these are both commodious and sanitary and will accommodate with comfort those who make their home there. Here, as on the first floor, a fine bath and toilet room has been fitted up and the large hall running east and west through the building will divide the women's and men's wards and give each of them plenty of room for exercise, as well as sleeping rooms.

The whole building is heated with a modern hot water heating plant that is supplied from the furnace in an adjoining building, and this plant will also supply plenty of hot water for the bath rooms of the building. The structure has been fitted out in the plumbing line by John Bauer, and the work has been done in a very careful manner, as has also the wiring for the electricity with which the building will be lighted, but whether the power will be secured from storage batteries or from a direct current from the line of the light company has not as yet been determined by the commissioners. There is ample facilities offered for heating the building and the radiators are placed through the building so as to afford plenty of heat for the old people during the winter months.

In the construction of this fine modern and sanitary building the commissioners have displayed

good judgment and have been careful to see that the taxpayers receive their money's worth, and as a result they have secured a building that speaks well for their judgment in handling the matter and the taxpayers throughout the county should make a trip out to view the new building.

COMMERCIAL CLUB BANQUET THURSDAY EVENING, FEBRUARY 5

The date for the big Commercial club banquet, which is one of the most pleasing features of the year's program of the club, will be held on Thursday evening, February 5, 1914, and will be given at the M. W. A. hall, where more room can be secured than would be possible elsewhere, as the main hall on the top floor will be used for the banquet, while the dining hall on the first floor will be used as a place for the crowd to assemble prior to the banquet. A number of excellent speakers have been secured for the occasion, who will furnish the fireworks for the occasion, while the Ladies' Aid societies of the city will be asked to furnish estimates of the cost of preparing the feed. The price of tickets will be, as usual, 50 cents.

Fine Cattle at Public Sale.
Elsewhere in this issue of the Journal will be found a Public Sale ad for Henry Starkjohn, in which, among other good stuff, will be found thirty head of thoroughbred Shorthorn cattle. Mr. Starkjohn has always raised none but the very best of cattle, and it is not often that such high-grade stuff is found offered at public auction. In the bunch will be found several good milk cows. The sale will be held at his late home, west of Plattsouth, on Wednesday, January 28th.

FOR SALE—Eight good work teams, weighing 2,400 to 3,000 pounds per team. Price \$75 to \$200 per team. O. Ludberg, Nehawka, Neb. Phone No. 42. 1-15-31wkly

Here From South Omaha.
James Grace of South Omaha, a former resident of this city, came down this morning and spent a few hours here looking after matters in court. Mr. Grace was formerly chief of police here, and with his family removed to South Omaha about fifteen years ago. He was much impressed with the improvements that have been made in the town and its apparent prosperous condition over that of years gone by.

COUNTY COMMISSIONERS TRANSACT MUCH BUSINESS

From Wednesday's Daily.
The county commissioners enjoyed quite a busy time at their session yesterday and took up quite a large number of matters that will have to do with the year's business. The commissioners decided to advertise for the bids for the erection of the new jail and a check for \$500 must accompany each bid, which will have to be filed at the office of the county clerk on or before Monday, February 16, 1914, when the board will take them up at their meeting.

Joseph W. Johnson of this city was appointed as a member of the soldiers' relief commission to look after the care of the old soldiers, and Dr. J. B. Hungate of Weeping Water was appointed as county physician for the year and he will receive a salary of \$5 per day while called out for duty and will also receive mileage.

The board also decided to reconsider the matter of the disallowance of the claim of Sam Gilmour for \$7.50 for team to assist the county surveyor and the claim was ordered paid by the members of the board. The commissioners decided also to have an expert accountant check up the different county officials and report same to the board.

THE "TINGO" IN NEBRASKA AS SEEN BY A CHICAGO PAPER

From Tuesday's Daily.
The following little item taken from the Chicago Tribune of a few days ago will prove of interest to the residents here, as the item was taken from the Evening Journal and is part of an account of a party given at the home of C. E. Cook, south of the city. The Tribune is in the habit of printing these items with an appropriate heading that are secured and sent in to them from the different parts of the country, and George H. Falter, who is a reader of both the Tribune and the Journal, was struck on reading the article with the possibilities of the item and cut it out, labeled it with the head, "The Tingo," and sent it in for publication.

The Tingo.
(From the Plattsouth, Neb., Journal.)
In order that this word, "dancing," might not be misunderstood, we wish to state that the dancing was done by a little tin man, which was wound up, and the dancing was done on the table.

A healthy man is a king in his own right; an unhealthy man an unhappy slave. For impure blood and sluggish liver use Burdock Blood Bitters. On the market 35 years. \$1.00 a bottle.

WOMAN'S RELIEF CORPS HAVE A FINE MEETING

From Wednesday's Daily.
The members of the Woman's Relief Corps were entertained most delightfully yesterday afternoon by Mesdames L. B. Egenberger and Val Burkle, at the cozy Egenberger home on lower Main street, and the event will long be pleasantly remembered by the large number in attendance as one of the most delightful that they have enjoyed for some time, and the gracious hospitality of the hostesses was most thoroughly enjoyed. During the afternoon several very pleasing vocal and instrumental numbers were given by Miss Opal Fitzgerald, one of the most talented musicians in the city, and the offerings of this splendid musician were received with delight by the jolly crowd. Another very pleasing feature of the entertainment was the war songs given by a number of the members of the Grand Army post, and their inspiring patriotic airs gave a most fitting touch to the spirit of the afternoon. A most tempting and delicious luncheon was served at an appropriate hour, which was much enjoyed and it aided greatly to the splendid success of the occasion and everyone departed feeling that the social meeting had been one of the grandest successes that it has been the pleasure of the society here to have held in the past few years.

WESTERN FOUNDRY COMPANY DISPOSES OF SEVERAL ENGINES

From Wednesday's Daily.
The Western Foundry and Machine company of this city, who have taken over the interests of the Chopie Engine company, are rapidly getting the business under a careful management and their efforts are resulting in a renewed business for the concern and the confidence of the people in the firm. Today the company disposed of two of their famous engines, one to a party in Iowa and one to a resident of this state. These parties formerly had engines of this make, and their purchase of the ones is proof of the fact that they recognize the worth of the engines manufactured by this company and there is no doubt in the minds of those who are interested in gasoline engines that the ones turned out by the Western Foundry and Machine company are among the best that can be secured on the market today and at a cheaper price than it is possible to secure any other make, and the cost of operating them is a great deal less.

JUDGE REGLEY POSTPONES HIS DECISION ON IMPORTANT MATTER

The time of the district court was taken up yesterday with the consideration of the case of T. Herbert Pollock vs. John P. Sattler, et al. This suit is to have the property of Mr. Pollock, near the river, east of the pumping station of the Plattsouth Water company, declared out of the city limits, and the suit was brought against Mayor Sattler and the city council in order to have the matter settled and determine the exact status of the case. Rawls & Robertson appeared as attorneys for the plaintiff, while the defendants were represented by City Attorney Tidd. The judge, in company with the attorneys, visited the land, and the attorneys argued the matter at length before the court, after which the judge announced that he would take the matter under advisement and render a decision later.

O. Sandin, D. V. M., graduate of the Kansas City Veterinary College, is permanently located in Plattsouth. Calls answered day or night. Phone 255. Office 606 Main.

E. G. DOVEY & SON

On account of the mild winter weather, now is the time to get your furs. We offer our large stock of

Furs at 25% Discount

Remember the Annis quality. It will pay you buy your furs now, even if you don't use them very much this season.

MATTERS DISPOSED OF IN THE DISTRICT COURT MONDAY

Yesterday in the district court in the case of the matter of the estate of Delilah Schwab, the appeal from the decision of the county court in admitting the last will and testament of the deceased was dismissed by the contestants, W. S. Schwab, et al., through their attorney, John G. Watson. Charles E. Schwab, the proponent of the will which was allowed in the county court, was represented by Attorneys Rawls & Robertson. This case was scheduled for trial today and tomorrow and its dismissal resulted in Judge Regley excusing the jury from attendance until Thursday morning, and they all departed for their homes at once.

The case of Abraham Buskirk, et al., vs. Sarah Kildore, et al., was dismissed by the plaintiffs at their cost.

In the matter of the estate of Nicholas Halmes, covering two claims of Joseph Halmes, one of which was allowed and one refused in the county court, was settled by an agreement among the parties and the costs of the cause assessed against the estate.

The judge also had on the docket yesterday the divorce case of Mrs. Nellie Majors vs. John Majors. The plaintiff and her witnesses were present in court yesterday afternoon and offered their testimony, and the prayer of the petition for a divorce was granted.

MAY STEWART COMING TO THE PARMELE THEATRE FOR TWO PERFORMANCES

Contracts have been signed and all arrangements made securing the popular young actress, May Stewart, for two performances at the Parmele, presenting Victoria Hugo's dramatic triumph, "Lucrezia Borgia," Friday night, January 16th, and Shakespeare's greatest pastoral comedy, "As You Like It," for Saturday night, January 17th.

Miss Stewart plays only one night stands as a rule, although she carries both of these productions complete, giving the patrons their choice of plays. But owing to a sudden change in route in this territory the company was given two open dates, and Manager Shlaes has been fortunate to secure the attraction for the two nights. Attractions of this class are rare, and the theater-goers of Plattsouth and neighboring communities may look forward to Miss Stewart's engagement as one of the principal events of the season.

Accidents will happen, but the best regulated families keep Dr. Thomas' Eclectic Oil for such emergencies. Two sizes, 25c and 50c, at all stores.

Do you know that the Journal office carries the finest line of stationery in the city?

Spend Pleasant Evening.

From Wednesday's Daily.
Last Wednesday evening was a scene of much enjoyment, when the guests assembled at the home of Mr. and Mrs. S. O. Cole to partake of an oyster stew in honor of Harry Allen of Cozad, Neb. The evening was spent in music by the Cole orchestra, and several selections on the piano were given by Miss Zetta Venner of Lincoln and Miss Ella Venner, Little Miss Debore's Wives sang several selections, which were enjoyed by all.

ANDREW BARRY IS LYING AT DEATH'S DOOR

A message was received in this city early this morning announcing that Andrew Barry, who is at St. Catherine's hospital in Omaha, was in a most serious condition and that hopes of his recovery were despaired of by the attendants and physicians. Mr. Barry, who resides some five or six miles south of this city, was taken to Omaha about two months ago suffering from an affliction in his right foot that seemed to have rendered that member numb and useless. He was placed under the care of specialists at the hospital and a careful examination of the foot made, when it was "discovered" that gangrene had set in and it was necessary to amputate one of the toes, but this failed to give him relief and the poison spread through his system, and a second operation was necessary to save his life, and for a few days he seemed to rally and gave his attendants some encouragement, but in the last few days droopy has set in and his case is considered hopeless by the physicians in attendance.

PRELIMINARY EFFORTS FOR FIXING UP THE COURT HOUSE LAWN

The preliminary work of fixing up the lawn at the court house was commenced this morning by Dr. A. Wail Steidle of Omaha, the tree surgeon and lawn expert, and one of his assistants, and they expect to place this spot in perfect shape for the coming summer. Today the work was purely that of fertilizing and raking over the lawn and placing it in shape for treatment, and in a short time the work of seeding and leveling the lawn will be taken up. Dr. Steidle has a nation-wide reputation as a landscape gardener, and is an expert in developing and building up these grass plots, which have been allowed to die out, as well as in the treatment of trees and shrubs, and a more efficient man could not have been found for the work on the court house lawn than this gentleman. As soon as the grass is ready for cutting in the spring the expert will come here and supervise the cutting of the grass, as this is one of the greatest dangers in killing out a lawn—that of cutting the grass so short that it is unable to stand the heat and the roots are burned out, as the height of the grass does not permit of protection to the roots.

Our January Clearance Sale Goes Merrily On!
