MEMORIAL MEETING OF THE BAR

(Continued From First Page.)

sentence convicted criminals with firmness and sometimes with marked severity. With him crime sought no consolation. Yet he was a tender-hearted as a child. It is related by a member of the bar from Sarpy county that during a murder trial he made an order excluding the little children of the accused from the court room during the arguments of counsel to the jury. In meeting objections of counsel, he remarked that he feared if such order were not made that he may not, himself, be strong enough to over come his sympathy.

After he went upon the bench of this district, he observed that attorneys, after heated debate in the trial of cases in his court, were inclined to carry their differences out of court. There was nothing displeased him more than this. It was his desire at all times to see the members of the bar exercising friendliness toward each other. He frankly told them it was wrong to foster any unfriendly feeling and his suggestions in that regard were timely and effective. There is probably no judicial district in the state of Nebraska where there exists a greater harmony than in this, the Second Judicial district. By this display of the finest qualities of manhood he endeared himself to the bar and to all those who knew him. And they will ever cherish for him most sacred memories; and,

Be It Resolved, That in the death of the Honorable Harvey D. Travis this judicial district and the state of Nebraska have suffered the irreparable loss of an able, conscientious and high-minded member of the legal profession, and a dignified, just, upright, conscientious and righteous judge. That in his practice of the profession of law he was at all times careful, conscientious and honest to the highest degree, and as a jurist he carefully analyzed and weighed the facts and clearly applied the law, with a view single to administer full and complete justice. He was a splendid, noble type of American citizenship, and he won and held the confidence of the people, and discharged every duty and trust with marked ability and absolute fidelity. His highest endeavor and constant inspiration was to do exact justice; and,

Be It Further Resolved, That while we mourn our loss in his death, he has left an exemplary career that we may emulate with profit and honorable success. His was a life of constant, hard, unremitting, earnest toil, study and application, and his conscientiousness and overwhelming desire to do right, to do justice, and with fidelity discharge his many duties as a jurist shortened his life and ended his useful career when his mental activities and powers were at their zenith; and,

Be It Resolved Further, That his courage and fearlessness in the discharge of his duties and in dealing out even-handed justice were his most prominent personal characteristics, and his entire life, both private and public, was far above reproach, and he leaves as a heritage an honored, stainless name; and,

Be It Further Resolved, In the calling of Harvey D. Travis from labor unto rest, the members of the bar of the Second district are made to feel keenly the loss. We have lost a counsellor and a friend, the community an honored and respected citizen, the courts of this commonwealth an able, honest and upright judge. His was a sense of right and justice that ever rose above technical law, and as a man and as a judge, he was a courageous friend of right and an implacable foe to wrong.

Be It Further Resolved, That a copy of these resolutions be entered upon the Journal of the District Court of the Second Judicial district, and copies thereof transmitted, under the seal of the court, to his widow and family; and,

Be It Further Resolved, That we express our sincere sympathy with the widow and family of our distinguished and beloved friend and neighbor in their great bereavement.

Rex Young left Sunday for Winatone, Neb., to conduct a sale for McChuff. This is a very large sale. Rex's ability and success is not confined to home circles alone, although we do not want him to outgrow Murray. Yet we congratulate him that he has gained recognition among the auctioneers of the state.

The entertainment given by Francis Gable at the Christian church Friday evening was good—like all Lyceum numbers. Mr. Gable is an able speaker and was appreciated by all present. The Steger Concert company will be here Monday evening, February 2. You will miss a rare treat if you do not hear them.

The benefit dinner given at the Presbyterian church last Friday was a great success and netted \$72. The hustling qualities of the ladies having this matter in charge deserve considerable credit.

Hiatt & Tutt are doing the business in the dry goods and grocery line. The people who trade with them feel that they are getting what they ask and pay for, that these gentlemen are always anxious to please.

Miss Mable Rambo, who has been spending some time visiting relatives in Oregon, and who is on her return home at Chillicothe, Mo., stopped here to pay a brief visit to Mrs. Will Smith and James Halmes, who are cousins of Mrs. Rambo.

He is an unfiring worker, a fine gentleman, and the people here all highly respect him and place great confidence in him. He is receiving new applications every day.

The workmen for the Struthers' Lighting company of Omaha are here this week installing the plant in the Berger Hotel. This, we believe, finishes up the hotel improvements, with the exception of the sidewalk in front, which will be put in as soon as the ground settles. There is not another hotel in Nebraska in a town the size of Murray that can boast of a hotel with all modern and up-to-date improvements.

The committee on entertainment was: Mrs. Henry Long, Mrs. Hiatt, Mrs. Kennedy, Lee Kniss and A. G. Latta.

High School for Murray.

The High school proposition is being thoroughly discussed by those directly interested. There were quite a number present at the library meeting Tuesday night, and they had the pleasure of listening to an interesting address on the High school proposition from Senator W. B. Banning of Union. Senator Banning is well versed on the matter, his town having enjoyed the High school privileges for some time, and he told the audience some plain facts in regard to its operation and success. He said some opposed the High school in the start, on account of taxes, but as soon as they found that it was not nearly so bad as represented, they now would not give it up for anything. He advised the Murray school district to get it if possible, and reap the benefits at home, instead of sending their children and money away. Those present were well pleased with Senator Banning's address, and praised his effort very highly.
