You've a Right to Know Maker's Name

Congress was recently asked to pass a law providing for the manufacturer's name and address on every article sold in interstate commerce.

Such a law should be passed. The buyer has a right to know the maker's name. Next time he will know whether he wants an article from that maker or not. The name is also a protection on the first purchase, for the manufacturer is careful to put quality into goods that bear his name.

To make your protection doubly sure and give you recourse, buy only such hardware as bears not only a reliable maker's name, but our threecolor Double Guarantee tag in addition. It is placed only on quality hardware bearing the factory brand. It authorizes the dealer to replace the article on which it appears if for any reason

it proves unsatisfactory. dealer for Double Guar-
