## BISHOP WILLIAMS DELIVERED A FINE SERMON AT ST. LUKE'S CHURCH

The services at the Episcopal church yesterday morning were signalized by one of the finest sermons that has ever been delivered in the city, it being delivered by the Rt. Rev. Arthur L. Williams, bishop of the diocese, and in his remarks the bishop gave an insight into the church and its doctrines that will prove of great benefit to the members of the parish who were in attendance, and it was one of the clearest and most lucid expositions of the doctrine of the Episcopal church that has ever been delivered in the church here. Bishop Williams is one of the most gifted orators in the church throughout the country, and the members of St. Luke's parish feel that they have been very fortunate in having the eminent divine with them on numerous occasions. The bishop expects to be here next Sunday and deliver the second of the sermons on the church doctrine and creed.

## PREPARING TO HOLD UP PARTIES NEAR THE LOCUST STREET VIADUCT

The residents of the west part of the city were greatly disturbed Saturday night about midnight by the disturbance created in the vicinity of the Locust street viaduct of the Missouri Pacific by some parties who appeared to be fighting or wrestling near the viaduct and using quite loud and boisterous language, but owing to the darkness it was impossible to identify them. Later several parties who were returning from town were accosted by two men and in one instance they threatened violence to a gentleman if he did not shell forth his coin to them, but before they could carry out their threat they were frightened away by some parties who were returning home from a dance, and they made their getaway.

## JAIL DELIVERY NIPPED IN THE BUD

The Old Bastille Not Safe to Keep Prisoners and They Nearly Make Their Escape.

A very daring attempt at a jail delivery was nipped in the bud at an early hour this morning by Deputy Sheriff Manspeaker, who discovered a tunnel that the prisoners were working on to gain their liberty. Three of the county prisoners, Ray Dawson, Ernest Saan and George Clifton, had succeeded in prying up a section of the steel floor in the cell which they were occupying and they had removed almost a wagonload of rock and dirt from beneath the cell, making a tunnel to the outer wall, where they hoped to dig through to liberty, and within a few hours more would have succeeded in their efforts.

The prisoners made some noise at their work, and about 2 o'clock this morning Mrs. Manspeaker was aroused by the noise and called her husband, who dressed and hastened down to the jail to investigate. As he entered the jail the prisoners were all found in their bunks, apparently wrapped in slumber, but he noticed several strange looking piles covered with papers and blankets, and the rock and dirt taken from the hole under the floor was exposed, and then he located the place in the floor where the sheet of steel had been loosened up and at once locked the prisoners in their cell where they were sleeping, which is just off the corridor in the steel cell where the hole was made.

The prisoners in the city section of the jail were evidently in the conspiracy, as they had started a hole in the northwest corner of the jail and had torn up a part of the wooden floor and removed a section of the concrete, which was placed beneath the wood floor a few years ago, but the dampness in the jail has had a tendency to loosen the concrete and quite a lot of it was removed by the time the deputy sheriff arrived.

Sheriff Quinton and Mr. Manspeaker guarded the jail today while the work of repairing the damage is being done, and the prisoners will have a hard time in the future to get out or even try it, as the place which they dug out will be filled with rock and concrete. The hole was quite large enough to permit the prisoners, who are of small size, to get in to work, and they had evidently worked hard on the job, as when they received their supper there was no sign of the rocks or dirt apparent in the cell, and it is thought they started as soon as the deputy sheriff left, to dig their way out.

All three of the men are under sentence to the penitentiary, and the sheriff had intended to take Saan and Dawson to Lincoln this morning to start in to serve their sentences, but it will be postponed until the jail is fixed up. Clifton will also be taken to the penitentiary as soon as the order for his removal is issued.

## FACT.

Local Evidence.

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Plattsmouth fact. You can test it.

Louis Kroehler, prop. hardware store, Elm st., Plattsmouth, Neb., says: "About a year ago I had pains in my back. I was so lame that I couldn't stoop. My kidneys were weak. I had a tired, languid feeling all the time and headaches were common. I got Doan's Kidney Pills from Gering & Co.'s Drug Store, and they soon relieved me. I am pleased to recommend them."

Mr. Kroehler is only one of many Plattsmouth people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Kroehler had—the remedy backed by home testimony. 50c all stores.
