- Model O—3 ton capacity.....\$3000

Announcement

Chase success is told in two words—"Dollars Earned." Chase owners tell how these trucks get over the ground from early till late on hard delivery service, in many instances with boys at the wheel. And the net of their story is DOLLARS EARNED—earned before sunset. Six sunsets a week for 52 weeks a year, make owners boast of low first cost to other business men, of saving on horse feed and care, of trifling repairs, of mileage, more mileage, mileage never figured on, mileage never hoped for.

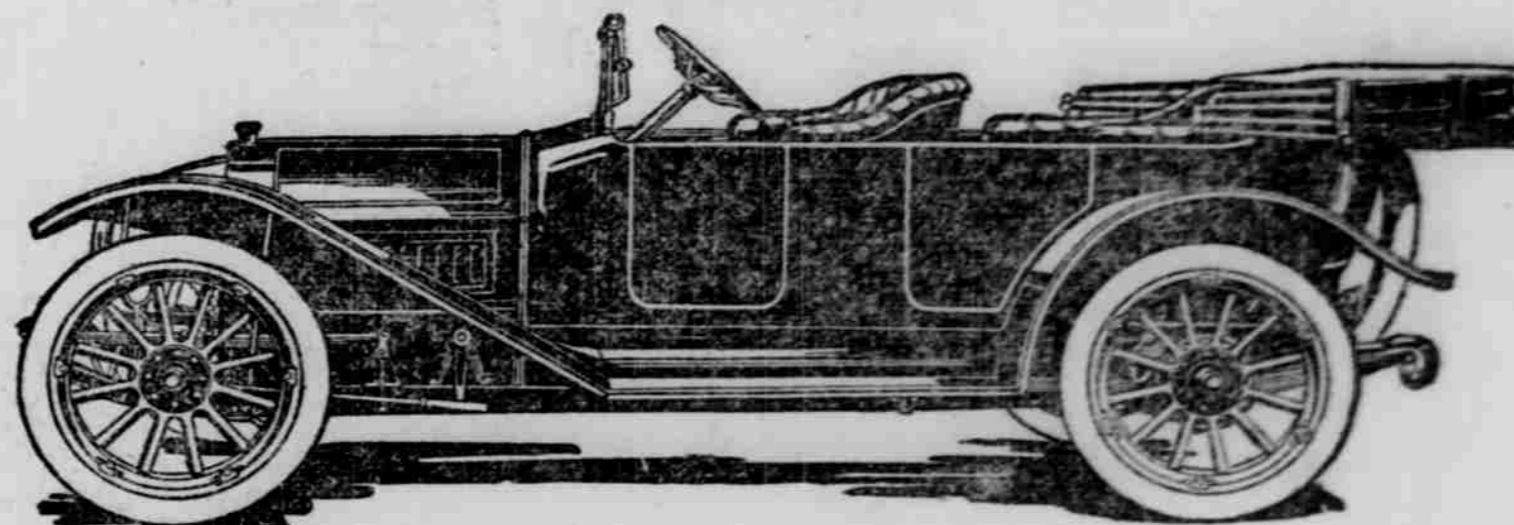

On the Experience of Owners we sell Chase Motor Trucks. We have convincing evidence from OWNERS.

"REGAL"

Crowned With Seven Years of Success

EXTENSIVE advertising—extravagant claims—these will sell any car to a certain proportion of buyers—once. But unless the quality and value are back of the advertising, no permanent place in public favor is possible. For over seven years each season has seen thousands of new accession to the great army of satisfied Regal owners. Now, they cover the country. That's because the quality is BUILT IN—not PRINTED IN.

Every Regal model is completely equipped with every motoring necessity. Regal equipment includes Rushmore electric starting and lighting system, with headlight dimmer for congested traffic; electric horn; demountable rims with one extra rim; high-grade speedometer; mohair top with special adjustable curtains; top boot and full set of tools.

**Model "T" Under-
slung Touring Car**
Completely Equipped

Experts say that the present Regal body-design is perhaps the most graceful ever produced in a car at a popular price. Note the cowl-dash and the beautiful curve of back and fenders.

Ample leg and body room for five passengers. Exceptionally easy riding; dual ignition. Price \$1125, f. o. b. Detroit.

**Model "C" 5-Passen-
ger Touring Car**
Completely Equipped

The announcement of this model has caused a practical re-adjustment of price classes in motor cars. Many people who have heretofore not been satisfied with a car much under two thousand dollars are enthusiastic drivers of Model C. Price \$1350, f. o. b. Detroit.

116-inch wheelbase, with 24x4 tires all around. Semi-elliptic front springs—three-quarter elliptic rear, specially adjusted for road swing.

**Model "N" Under-
slung Roadster**
Completely Equipped

Perhaps the most popular car of its type among business and professional men, and those for whom a two-passenger car is ample. Price \$1125, f. o. b. Detroit.

A car exceptionally economical in upkeep, including tires. One of the few popular-priced roadster models whose class and distinction are apparent in every line.

"DETROITER" \$925.00

(Detroit-Remy Starting and Lighting System—\$125 Extra) Other Detroit Models at \$800 and \$850.

A new and distinctive series for 1914—Model B—a Beauty

Stream line body, distinct with added grace from bull-nose radiator to belted back—still larger motor (3 1/2 x 5) developing a full 32-horsepower—crowned fenders—Detroit-Remy Electric Starting and Lighting System, flawless, and adding less than 40 pounds to weight of car—plus all the exclusive features that made the Detroit famous such as platform springs, full floating rear axle, multiple disc clutch running in oil. Yet the price again cuts away under the market.
