NOW IS THE TIME TO COMMENCE FIXING UP THE STREETS

The condition of Third street has been improved considerably in the past few days by being dragged and scraped, and the dirt in the street leveled off so as to make this thoroughfare in good shape for travel, and the work performed on the street will help a great deal in the keeping of the dirt from washing down onto the pavement, as it has in the past. The part of the street running south from Main has also been placed in much better shape and is now smooth and easy to travel over. There is a large amount of work to be done on the streets this spring and the city will care for the different streets as fast as the finances of the city will allow them to, and an effort will be made to keep them smooth and in good shape for travel during the summer months. The hills on which the residence part of the city is located makes the work of the street commissioner and his workmen extremely hard, as the rains of the spring and summer tend to make any bad washouts in the streets, but this can never be fully overcome until paving or curbing and guttering, similar to that on North Sixth street, is placed on the different streets.

FRECKLES

February and March Bring Out Unsightly Spots. How to Remove Them.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle. Fortunately for her peace of mind the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them. Get an ounce from your druggist and banish the freckles. Money back if it fails.

BREATHING. AVOID STUFFY WHEEZY

Take Foley's Honey and Tar Compound for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, lagrippe and pneumonia are dangerous possibilities. Harsh, racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates. For sale by all druggists.
