## SPLENDID WAY TO INCREASE THE TRADE HERE

**Why Not Have the City Try the  
Experiment of a Free Day on  
the Platte River Bridge?**

In the spring program of improvements and enterprises calculated to aid the growth and development of the city and its future from a commercial standpoint, there are several very strong features that have been advanced that should, if possible, be adopted to aid in the bringing of new trade into the city and to assist in the development of the business life of the city, and among these one of the strongest is that of having free days over the Missouri river ferry and also on the Platte river automobile and wagon bridge.

North of the Platte river in Sarpy county lies a territory that should come to this city to do their trading and would be glad to do so if the proper inducement was extended to them, and the merchants of the city should get together and arrange to provide free passage over the bridge at least once a week to those farmers on the north side of the river who might desire to do their trading here, and a few experiments

### MISS ELLA WATSON OF LINCOLN DELIVERS AN EXCELLENT SERMON

There was quite a large attendance yesterday at the services at the Methodist church, both at the morning and evening services, and all who were present enjoyed to the utmost the excellent sermons delivered at these services. Miss Ella Watson of Lincoln, corresponding secretary of the Topeka branch of the Woman's Foreign Missionary society, was present and occupied the time at the morning service usually devoted to the sermon, giving an outline of the missionary work, and her address being clear-cut and delivered in a most able manner, was one that appealed greatly to her hearers. In the evening the pastor, Rev. Druliner, occupied the pulpit and gave one of his always able sermons that has during his short time here won him a great deal of praise for their fairmindedness and clear exposition of the doctrines of the church of which he is a ministering member. The choir gave a number of pleasing selection that were much appreciated and added to the impressiveness of the services.

**WANT TO BUY**—A good, gentle work horse, weighing 1,200 lbs. Inquire of Fred Hesse. Phone 340-W. 3-11-1wk-d&w

Best results are secured by advertising in the Journal.

This Seal Guarantees An Original Burbank Production.

## You Can Now Buy Original Luther Burbank Seeds Here

We have secured the exclusive selling rights of Luther Burbank original seeds for Plattsmouth, having been appointed the special representatives of THE LUTHER BURBANK CO, San Francisco, sole distributors of Luther Burbank's original productions

To tell you of the seeming miracles wrought by the hand and brain of Luther Burbank, and their history would require many large sized books. You now have the opportunity of bringing the great Burbank genius right into your own garden. It has always been his desire to share with the world the results of his years of creative effort, and the opportunity is now offered you to enjoy the fruits of his labor—to grow the extraordinary flowers that he has been years in creating—to have a garden that you and your friends will admire constantly.

No other store in Plattsmouth can sell you the original Burbank seeds. The prices are moderate—no more than you would have to pay for seeds of good quality.

The securing of this exclusive right to sell Luther Burbank original seeds is but another indication of the progressive policies of this store to give the unusual at all times.

Look for the Burbank seal on every package of seeds that you buy—is it for YOUR PROTECTION.

### With Every \$1.00 Purchase

we will give you a copy of "The Culture of Flowers, Fruits and Vegetables" written by Luther Burbank, himself.

### LARGE NUMBER OF FARMERS IN TOWN TRADING SATURDAY

The business streets here Saturday were thronged with a large crowd of busy shoppers who had come in from their homes in the country surrounding the city and spent a great part of the day here looking after the week-end trading. Most of those from the country state that the roads are in very good shape, although the last few days has caused them to become rather dusty, but as a rule they are in fine shape for this time of the year, perhaps more so than for some years past. The good roads makes it easy for the residents of the county to come into this city in their automobiles and teams and wagons to visit the up-to-date stores of the city, and they are beginning to take advantage of this to the utmost and there is no opportunity passed by the farmers for coming here to do their trading, as they recognize the fact that the true value of a person's money can be secured from the merchants of Plattsmouth. From now on the Saturday crowds will become much larger if the weather continues good, and the visitors can rest assured of a hearty welcome from the business men of this city to visit for a short time and attend to some trading.

### THE SCIENTIFIC SWINDLER STILL GATHERS THE COIN

Says the Detroit Free Press: Oh, yes—there are new ways of fooling us being devised every day. And some of us are being just as easily fooled as were our ancestors, in spite of all the knowledge we have packed in our heads. Sometimes we are snared by the scientific swindler. At other times we snare the scientific swindler—just to preserve the balance of things. Only the other day Samuel Spitz was telling persons in Oakland, Cal., that he had invented or discovered a machine whereby he could throw on a glass disc at night the image of anything out of doors within a five-mile radius. He offered "stock" in this "Wireless Spectroscope" concern at low figures. Some boobs bought it, too. But iconoclastic persons investigated. They found at a "test" that a panorama film was hidden in the machine and worked off on them. Now they propose to prosecute the "inventor!" What does this all amount to? Well—the fellow with the "show me" mental attitude isn't wholly a nuisance, is he?

### P. P. MEISINGER CELE- BRATES FORTY-FOURTH BIRTHDAY ANNIVERSARY

Yesterday Mike Hild and wife and daughter, Miss Sophia, and Mr. and Mrs. Frank J. Libershal and little daughter, taking advantage of the splendid weather that prevailed, drove out to the home of P. P. Meisinger and family, a few miles west of Mynard, to assist Mr. Meisinger in the celebration of his fifty-fourth birthday, and the occasion was a most pleasant one for all who gathered at the hospitable home.

In honor of the event a most sumptuous dinner had been prepared by Mrs. Meisinger, and there was everything that the heart of an epicurean could desire prepared and served to the jolly gathering of relatives. The company spent the afternoon most delightfully in visiting among themselves and it was with regret that the visitors started to wend their way homeward.

George A. Kaffenberger and Luke L. Wiles were visitors in Omaha yesterday looking after matters on the live stock exchange, where Mr. Kaffenberger had a load of stock on the market.
