### JOHN KOPP, AN EMPLOYEE OF THE BURLINGTON SHOPS, BREAKS A LEG

From Saturday's Daily.  
This morning while John Kopp, democratic candidate for councilman in the Fourth ward, was engaged in his duties at the Burlington shops, he met with an accident which will lay him up for a few weeks with a broken leg. Mr. Kopp was working with some wheel axles when one of them swung around and in doing so struck Mr. Kopp on the left leg knocking him down, and in the fall he had the leg quite badly fractured below the knee joint. This misfortune will be learned with great sorrow by the many friends of this genial gentleman, and as a result of it he will be compelled to remain confined to his home for several weeks. As soon as the accident occurred Mr. Kopp was conveyed to his home on a stretcher and the company's surgeon summoned to look after his injuries and dress the injured member. At last reports the patient was resting as easily as the circumstances would permit.

Mr. Vass left this city about twelve years ago, as his health was not of the best, and moved to the Pacific coast to engage in different business enterprises. He was taken sick a few weeks ago and taken to a hospital in Oakland for treatment for dropsy of the stomach, and for this ailment he was operated upon a short time ago, but the result did not prove as successful as it had been hoped for and he rapidly grew worse until death resulted yesterday morning. Mr. Vass was the son of Mr. and Mrs. Samuel Vass, old residents of this city, and for years lived here. The remains of Mr. Vass will be cremated at San Francisco, and the ashes shipped here, where they will be interred in Oak Hill cemetery beside those of his parents. ### SUIT BROUGHT AGAINST THE M. P. TO RECOVER FOR REPAIRING CARS

From Friday's Daily.  
This morning the case of McCarthy & Strum vs. the Missouri Pacific Railway company was on before Judge Beeson in the county court. The plaintiffs are engaged in the grain business at Union, in this county, and have during the time of their ownership of the elevator in that city shipped a great deal of grain over the railroad, having a siding built to the elevator. In the past four years, the plaintiffs allege, they received many cars in which to ship grain that were not in the proper state of repair for this purpose, and in order to permit them to ship the grain it was necessary for them to employ the services of a carpenter to place the cars in repair, there often being a board torn off or the doors not being in proper shape to ship the grain. For the expense incurred in the repairing of the cars the grain dealers have sought to secure payment from the railroad, as the amount in the last four years aggregates in the neighborhood of \$200, and the defendant company refuses to pay the sum. Attorney C. H. Taylor appears in behalf of the plaintiffs, while Attorney Kennedy of Omaha appears for the railroad company.

The new men are taking readily to the music offered and rounding into proper form for the work of the season. The band has had in contemplation the giving of a concert in the Farmers theater in the near future before the warm weather, and such an event would be greeted with a crowded house from the music loving public of the city.
