

"Honest John"

The Gasoline Saver. Is the labor of 50 men worth One Dollar a day to you? "HONEST JOHN" will do all the hard farm work—pump, grind, shell, saw wood, wash, churn, bale hay, spray, irrigate, cut alfalfa and put it in the barn, light your house, perform all the drudgery of the up-to-date farmer, saves time. To save time is to lengthen life. Common sense counts as much in buying a gasoline engine as anything else. Buy an "HONEST JOHN," made by western men for western requirements, keep your money at home where you can get it back again—both sides of your dollar work when you get an "HONEST JOHN," most substantial and economical engine manufactured. Made in Plattsmouth, Nebr., by the Western Machine and Foundry Co. We also solicit the general machinery and repair work of farmers and others in the community. We install machinery for any purpose.

Has His Toe Mashed.

From Monday's Daily. John Froyser, who is employed in the Burlington shops in this city, met with quite a painful accident this morning. He was engaged in loading some end sills from a rubble car to a stock car for shipment and in some manner one of the end sills slipped off the rubble car and fell on his left foot, mashing one of his toes very severely, and while the injury is not dangerous, it is quite painful.

A New Barber at Clark's Shop.

The fine, up-to-date barber shop of Ward Clark has just received the addition of another first-class barber to look after the needs of the patrons of this fine establishment. The gentleman is Mr. C. E. Hallock, who has been employed in the leading barber shops of Lincoln and comes to this city well recommended as a first-class man in every respect and who will keep up to the usual high standard of work turned out at this shop. Mr. Richard Wells, who has been working at the Clark shop, will remove from the city soon for Wisconsin, and it is to take his place that Mr. Hallock was secured from the state capital.

AN AIR DOME TO BE ERECTED BY E. F. GRYBSKY MANAGER OF THE GRAND

Among the projects for the entertainment of the amusement loving public in the city that are being planned for the coming season, is that of an air dome that E. F. Grybsky, manager of the Grand theater, expects to erect during the next few months. The air dome will be located on the lot just south of the Wescott building on Fifth street and will be of easy access to everyone down town. Mr. Grybsky will fix the dome up so that it will be most comfortable to the patrons and easy resting seats will be provided for those attending, and the same high class of pictures that are shown at present at the Grand will be continued in the air dome. This form of open air entertainment is one that will please the amusement-loving public and is certain to bring the enterprising gentleman ample returns in patronage, as the air dome that was operated here three years ago did a great amount of business and the people sitting in the cool of the evening in the open air could enjoy the "movies" to their heart's content. It is also figured by the manager that the site can be used as a skating rink in the winter season and the plans will be made to fix this up when the season rolls around.

Return From Teachers' Meeting.

From Monday's Daily. County Superintendent Mary E. Foster has returned from Lincoln, where she attended a meeting of the teachers of the state held there for a three days' session, and while there had the pleasure of hearing a lecture by Prof. Driggs of Salt Lake City, who is the author of a work on language, and who will be here for a talk at the Cass county teachers' institute to be held in August.

RUMORS OF SMALLPOX NEAR UNION, NEBRASKA

From Tuesday's Daily. What, according to physicians, has developed at the home of Jefferson Cross, a few miles northwest of Union. Mr. Cross has been sick for the past few days and yesterday afternoon medical aid was summoned for him and it was then that it was found that he was apparently suffering from a case of smallpox. The matter was reported to the county clerk this morning and steps will be taken at once to fully investigate the matter and to take such steps as may be necessary to prevent the spread of the disease in the locality. The case is not a severe one and the family did not think anything serious was the matter and Mrs. Cross yesterday attended church as usual at Union and taught her class in the Sunday school there, and the Cross home was visited by a number of friends in the afternoon who dropped in to see Mr. Cross, and if the case is finally proven to be a real case of smallpox there will be a wholesale vaccination in the neighborhood and in Union. The county physician will visit the Cross place this afternoon and take whatever measures he thinks best for the protection of the health of the community.

THE LATE WILLIAM LEDDY, OF SOUTH BEND, NEBR.

From Monday's Daily. The following is a short biographical sketch of the late William Leddy, one of the substantial farmers of near South Bend, who died there on Sunday, March 22, at the age of 74 years: William Leddy was born at Cincinnati, Ohio, December 6, 1842, and for several years was a resident in that locality, but came west in the late 50's and engaged in freighting business for a number of years, and in 1862 operated out of Nebraska City for the west with his teams, hauling the freight across the then almost wilderness of the state of Nebraska. He was a resident of Plattsmouth during the year 1865, and on June 10, 1873, he was married at Des Moines, Iowa, to Miss Eliza Daniels, and this estimable couple for the past twenty-eight years have resided on their farm near South Bend, in this county, where Mr. Leddy was one of the most highly esteemed citizens and well beloved by all who knew him. Besides the widow four children are left to mourn his death as follows: Mrs. Mary Marshall, Mrs. Anna Duerr, John Leddy, all of the vicinity of Alvo, and William Leddy, jr., who resided at the home of his parents. The funeral was held at Atlantic, Iowa, where the family resided at one time.

PLATTSMOUTH BUSINESS HOUSE CHANGES HANDS

From Monday's Daily. A change in one of the business houses of the city was consummated Saturday evening when the Simons company, a recently incorporated business establishment of this city purchased the store of B. Golding. Mr. Simon has been in charge of the Sample Store here for the past few months, and his company will now take over the Golding store and prepare to operate it along modern lines. The new firm will expend some \$1,200 in improvements on the store building, which they have leased for a period of five years. The new proprietors will operate the establishment as a 99-cent store and all the articles will range in value from 1 cent to 99 cents. The most modern methods will be used in the management, and its success is a matter that cannot be doubted in the least.

UNION IN FAVOR OF CASS COUNTY BASE BALL LEAGUE

Most of the towns of the county, also the newspapers, are discussing the matter of organizing a county base ball league, and in all the discussion the village of Union has been figured as one of the live wires, a fact of which we are proud. The Ledger editor has long been a real base ball "shark," even after a broken leg compelled his retirement from active service, but we are yet a great admirer of the game and will be one of the boosters for the county league if properly started and conducted in a business way and with justice to all the towns.

First, we suggest that in organizing, the playing talent be confined to actual resident players of the town, the justice of this being apparent, for this town as well as most others, cannot afford to carry salaried men, as the support in small towns would not warrant the promoters in doing so, while Plattsmouth, with its larger population, could very easily employ men to make up a team that would far outclass the smaller towns, the result being a one-sided contest that would not interest the "fans." Let the county league be made up of home players, then count on Union being strictly in it with a team that will make the fur fly from start to finish. We are for the county league, and this town will no doubt be represented at any time a meeting is held to organize.—Union Ledger.

THE DAIRY FORMERLY OWNED BY W. C. HAMILTON CHANGES OWNERSHIP

From Monday's Daily. The dairy farm and business which has been owned and operated by W. C. Hamilton for the past few years, has been disposed of to J. S. Benschoter, who will continue to supply the patrons with the same excellent service they have had for the past years under the management of Mr. Hamilton. The new proprietor of the dairy comes well recommended to this city as an old hand at the dairy business and one that will prove a live one in this line of business. The Hamilton dairy farm is equipped in good shape for the conducting of a line of business of this kind. Mr. Hamilton desires to express, through the medium of the Journal, his deep appreciation of the patronage he has received and bespeaks for his successor a most splendid endorsement.

SUFFERING FROM EFFECTS OF AN OPERATION FOR APPENDICITIS

From Monday's Daily. This morning Joe Roukacek departed for Omaha, where he visited with his brother, Frank, for the day at the hospital, where he is recovering from the effects of an operation. Frank was operated upon a few days ago, as it was thought that he was suffering from the effects of an operation performed a few years ago for appendicitis. When the operation was performed it was discovered that he was suffering from a rupture which had evidently been caused by his lifting something shortly after the first operation, which had resulted in the injury to himself. He is getting along nicely now, however, and expects to be able in a short time to return home.

R. C. BAILEY FILES FOR THE DEMOCRATIC NOMINATION FOR SHERIFF

The field of democratic candidates received an addition Saturday by the filing of R. C. Bailey, the Maple Grove blacksmith, as a candidate for the nomination for sheriff on the democratic ticket. Mr. Bailey is a splendid young man and has resided in this county for a number of years and possesses a vast host of friends throughout the county. He is well qualified for the office in every way and if chosen by the electors will prove a valuable man for the office. He has been located near Murray for a number of years and his reputation there is above reproach. There are rumors that there will be other filings for this office on both tickets, and there is little danger of there being a lack of candidates for the position, and already Sheriff Quinton and Forest R. Cunningham of Nehawka have gotten out on the track for the republican nomination and will do battle for the position of securing a place on the ballot, and for several days it has been reported that one of the young republicans of the western part of the county would get into the running before the time of the primaries.

ONLY U. S. MARSHALS HAVE AUTHORITY TO ARREST UNDER NATIONAL GAME LAWS

In most of the statements issued by the government no mention is made of the penalty for killing water fowl during the closed season prescribed by regulations of the department of agriculture. Mr. Lane, United States district attorney for Nebraska, has received details of the regulations which show that the penalty for spring shooting is a fine of from \$4 to \$300. The penalty is not based on a certain amount for each bird killed, but is left to the discretion of the judge of the federal court who imposes the fine. It is reported that ducks are being shot in Nebraska, but thus far no arrests have been made by the United States marshal or his deputy. No other persons have power to make arrests.
