YOUNG PEOPLE WEDDED AT THE THOMAS HOME

From Wednesday's Daily.
Last evening at the home of Mr. and Mrs. Harry W. Thomas in this city was solemnized the marriage of Mr. Oliver Earl Powers of Murray and Miss Mable Ravenscroft of Auburn. The wedding was a very quiet one, being attended only by the members of the Thomas family, and was performed by Rev. D. L. Dunkleberger, who in a very impressive manner pronounced the words that made these two happy young people as one. The bride is a very highly esteemed young lady of Auburn who has a vast host of friends in that city, who will learn with great pleasure of her happiness. Mr. Powers is employed by the Missouri Pacific at Murray as a telegraph operator, and is a most estimable gentleman in the fullest sense of the term, being one of nature's noblemen and a man whom to know is to be numbered as one of his friends. Mr. and Mrs. Powers will make their future home in Murray, for the present at least.

FRONT OF LOWER GARAGE BEING IMPROVED IN MANY WAYS

The garage building on lower Main street is having the front remodeled to fit it better for the needs of the occupants of the building, as the door to the building is altogether too small to admit of the passage of the large-sized automobiles into the building. The doorway is being widened several feet and will now allow the passage of large-sized cars with ease and will allow Mr. Manners, who has charge of the garage, plenty of room to get the machines in and out of the building. This will prove a great deal more satisfactory to the patrons of the garage and will result in quite an increase in the business of the concern.

BURLINGTON BAND CONCERTS BEING AGITATED FOR THE SEASON

It will not be long now before the question of the holding of the public concerts by the Burlington band will be agitated, and these popular forms of entertainment should be encouraged to the utmost by the citizens of this city, who have in the past few years been given the benefit of the weekly concerts by this splendid musical organization, which, under the direction of E. H. Schullhof, is fast becoming one of the best bands in this section of the state, and any boosting that is done for the Burlington band is sure to result in good not only for the band, but to this city, where many strangers and visitors from the surrounding country are attracted on each and every concert night. When the time comes to take hold of the tow line and pull for the concerts there should be no one hold back, but all should do their utmost to make them a great and glorious success in every way. Make up your mind now what you will do to aid the band and when the time comes get in line and be a booster for this fine musical organization.

For Cigar Makers.

Mr. Florian Zeman wrote us the following: "Both men and women employed at the cigar-making trade lead a sedentary life and are inhaling tobacco dust all the time. They usually have little appetite, are weak and in many cases compelled to quit their work. To such, especially to women, I wish to recommend Triner's American Elixir of Bitter Wine, which is very effective for tobacco workers. K. Antos, Eva Zarka, St. Granec, J. Zarka and I, we all used it and recommend it. Yours truly, Florian Zeman, 178 Liberty st., Allentown, Pa." This is true in every occupation. Triner's American Elixir of Bitter Wine will clean out the body, which is full of waste matter, will create a sound appetite, will correct constipation. At drug stores, Jos. Triner, Manufacturer, 1333-1339 S. Ashland Ave., Chicago, Ill. In all pains employ Triner's Liniment.

REGULAR MONTHLY MEETING OF THE CITY BOARD OF EDUCATION

From Tuesday's Daily.
The board of education last evening held their regular monthly meeting and transacted a number of routine matters that demanded their immediate attention. The board is feeling very well satisfied over the fact that the teachers who were selected for the ensuing year have all accepted and there will be only two vacancies in the force so far, that in the West Second ward and Mercerville schools, as the teachers in these schools have not signified their intention of applying for the school for another year. The board also has taken up and discussed the matter of repairing and bettering of the steps that lead to the High school and Central building campus from Main street, and will take the matter up thoroughly in order to provide a better means of getting to the school grounds. These steps are very rickety and decayed, and having done service for the last two generations, it is about time for them to be replaced with new ones that will be in keeping with the large number of students that attend these schools. It is thought that concrete steps of a greater width will be necessary to provide the proper means of entrance to the grounds.

MISS ETHEL FERRIS IS GETTING ALONG NICELY AT CHICAGO

From Wednesday's Daily.
Word has just been received in this city from Chicago that Miss Ethel Ferris, who is in the city taking treatment at the Pasteur institute for the effects of a bite inflicted on her by a small pet dog about three weeks ago, is getting along nicely and the brightest hopes are entertained for her complete recovery from the effects of the bite and that in a very short time she will be completely recovered from the effects of the injury. While it was feared at first that the little girl might contract hydrophobia from the bite the results of the examination at Chicago fail to show any signs of this dread malady. It will be necessary, however, for the little girl to remain at the hospital for twenty-one days in case any symptoms of the rabies appear.

JAMES W. THOMAS WILL AGAIN ENTER THE SOLDIER'S HOME

From Tuesday's Daily.
This morning James W. Thomas departed for Milford, Nebraska, where he will again enter the Soldiers' Home, after a short visit here with relatives. "Uncle" Jim, as he is best known throughout this locality, is very much pleased with the Home and the treatment he has received there and speaks in the highest terms of the manner in which the superintendent and officers at the Home treat the men who make their home there. While he has enjoyed his visit here he is very glad to again leave for the Home and mingle with his old comrades there.

Why it Suits Particular People.
Foley's Honey and Tar Compound is prompt and effective for coughs, colds, croup hoarseness, bronchial coughs and throat troubles. Thomas Verron, Hancock, Mich., writes: "Foley's Honey and Tar quickly relieves tickling throat and stops the cough with no bad after effect." It contains no opiates and is pure. That's why it suits particular people. For sale by all druggists.

Floyd Kuhney was a passenger this morning for Omaha, where he will spend the day looking after matters of business.

Do You Kodak?

THEN you want your films developed by someone who is interested in the product you use. If you use Eastman films (the kind with 27 years experience behind it) have it developed by an Eastman dealer and not one who knocks Eastman products, for he has an "axe to grind" and will not give you a square deal.

If it isn't an Eastman it isn't a Kodak

"KODAK"

Is our Registered and common-law Trade-Mark and cannot be rightfully applied except to goods of our manufacture. When a dealer tries to sell you a camera or films or other goods not of our manufacture under the Kodak name, you can be sure that he has an inferior article that he is trying to market on the Kodak reputation, and he also makes himself liable to suit by us for damages and injunction.

WEYRICH & HADRABA are the only authorized dealers in Kodak goods in Plattsmouth.

EASTMAN KODAK CO.

NEW VESTMENTS FOR THE SAINT LUKE'S EPISCOPAL CHURCH CHOIR

From Tuesday's Daily.
The St. Luke's choir of the Episcopal church in this city are feeling very proud over the new vestments which they are now wearing, and they have a perfect right, as the vestments represent the donation made by the Junior Guild of the church to the choir and the church. The vestments were worn for the first time Sunday and made a very handsome appearance and the young ladies of the Guild certainly have demonstrated their interest in the church work by their efforts for the betterment of the church by lending their aid in the upbuilding of church organizations.

Children's Diseases Very Prevalent.

Whooping cough is about everywhere. Measles and scarlet fever almost as bad. Use Foley's Honey and Tar Compound for inflamed throats and coughing. Mrs. I. C. Hostler, Grand Island, Neb., says: "My three children had severe attacks of whooping cough, and a very few doses of Foley's Honey and Tar gave great relief." For sale by all druggists.

Mrs. Ralph Smith was among the passengers this morning for Omaha, where she will visit for the day with Miss Florence Balsler at the hospital.

Mrs. J. A. Murray came in last evening from Omaha, after a visit for a few days with her son, George, and other relatives in the metropolis.

Mrs. M. E. Manspeaker was a passenger this morning for Omaha, where she will visit for the day with friends in that city.
