**Look to Your Plumbing.**  
You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first-class condition all the time. If you have any trouble with your digestion, take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.

The German Home will be the scene of another very pleasant dance on next Saturday evening, and if you enjoy a real jolly time at a dance you will be on hand to take part in the pleasures of the occasion.

Buy your stationery at the Journal office.

**G. P. EASTWOOD**

**ANOTHER BASE BALL TEAM IN PLATTSMOUTH**

Plattsmouth is to have a second base ball team to represent them in the sporting world, as a number of the young men of the city held a meeting last evening and perfected the organization of their team by the election of the officers for the season. Robert McGraw Ames was selected as the manager of the team, and Eugene Tinker Mauer as the captain, who will assign the different players to their positions. The team has some very promising ball players in it and will be able to do business with any team in their class, and arrangements will be made at once to line up a number of contests with outside teams and the boys are confident that they will be able to give a good account of themselves on the diamond this season. The team will have two good pitchers, as well as a good fielding and batting team, and there will be something doing when they get ready to start the season. The team will probably try to arrange a practice game with the Boosters some time this week if the weather will permit, which will give them a good insight into the fine art of ball playing.

There will be a dance given on next Saturday evening at the German Home, to which everybody is cordially invited to be present and have a good time. Good music will be furnished to the dancers.

Bucklen's Arnica Salve for All Sores.

Take Hall's Family Pills for constipation.

**DISTRICT CONVENTIONS OF THE CASS COUNTY SUNDAY SCHOOLS**

The district conventions of the Cass County Sunday School association will be held in the different districts in the county on May 6, 7 and 8, and a large attendance of the Sunday school workers is being looked forward to. The first district will meet at Murray on Wednesday, May 6, and will be in charge of Superintendent J. P. Perry of this city. The second district will meet at Avoca on Thursday, May 7, and will be in charge of Superintendent Mrs. Wesley Davis of Weeping Water, while the third district meets on Friday, May 8, at Eagle, with the superintendent, Miss Nora Eveland, in charge. The afternoon sessions of these meetings will be devoted to the discussion of departmental work and its advancement, while the evening meetings will be devoted to addresses along the line of Sunday school work of the county. This association is inter-denominational and all the Sunday schools of the county are invited to be represented at the meetings, which promise to be of more than usual interest.

**BRASS COLLARS OF BURLINGTON ON THEIR SPRING INSPECTION TOUR**

A special train of some four coaches passed through this city last evening about 5 o'clock from the east over the Burlington, conveying President D. Miller of that railroad, together with his party of officials from the Chicago headquarters of the company, and a number of the officials of the lines west of the Missouri river. General Manager Holdrege, General Superintendent L. B. Allen and Division Superintendent F. R. Mullen came down from Omaha on the special car of Mr. Allen, which was attached to No. 2, and which joined the party of the president at Pacific Junction. Mr. Miller and party did not stop in this city, as had been expected they would, as owing to the lateness of the hour it was desired to reach Omaha as soon as possible, and many of the citizens here who had expected to have a view of the gentleman who controls the destinies of the Burlington were very much disappointed, as the special did not stop here. The president is engaged in the annual spring trip over the lines west to inspect the improvements made and to see what others are needed. The trip will cover about a week or ten days and then the eastern officials will return to the headquarters at Chicago.

**HERE TO VISIT HER GRANDPARENTS WHILE HUSBAND IS IN THE ARMY**

Mrs. A. Q. Ross of Fort Leavenworth, Kansas, has arrived in this city and will visit here at the home of her grandparents, Mr. and Mrs. James W. Seiver, for some time, while her husband is absent with the American army in Mexico. Mr. Ross is a wireless operator for the signal corps and was formerly stationed at Fort Omaha, where he was married there about five months ago to his wife, then Miss Gertrude Ray, and the young couple, shortly after their marriage, were transferred to the Kansas post, and from there the husband was sent to the front on the outbreak of the trouble with the southern republic. The friends here of Mrs. Ross were very much pleased to see her and to learn that she is to be with them for a short time at least during the absence of her husband at the front.

**MONT ROBB A CANDIDATE FOR REGISTER OF DEEDS**

From Tuesday's Daily. Yesterday afternoon Mont Robb, proprietor of the Hotel Riley of this city, filed his intention with the county clerk to become a candidate for the office of register of deeds on the republican ticket at the coming primary election. Mr. Robb is well known throughout the county, having been engaged in farming near Union and was also for a number of years located at Murray, where he was engaged in the grain business, and also had charge of the elevator at Mynard, and with his long residence in the county has made many friends, as he is a most genial gentleman and one who is uniformly courteous to all with whom he comes in contact. Mr. Robb was also steward of the state penitentiary under the administration of Governor Aldrich and has been engaged in the hotel business since that time at different places, coming here several months ago to take charge of the Riley hotel here. He is certainly a most pleasant gentleman to meet and his friends are numerous in Cass county.

**Yellow Complexion.**

Those whose complexion turns yellow are indeed unhappy; they are usually the victims of jaundice. This sickness has different causes, but is, as a rule, accompanied by constipation. The patient is usually very weak and morose. A very good remedy is Trimer's American Elixir of Bitter Wine, because it quickly cleans out the body and expels undigested particles of food. It strengthens the weakened parts, making them able to perform their work. In diseases of the stomach, the liver and the bowels it often gives a very quick relief. It creates a natural appetite and aids digestion; it relieves constipation, even of old standing. Use it in loss of appetite, bodily weakness, constipation. At drug stores, Jos. Trimer, Manufacturer, 4333-4339 S. Ashland Ave., Chicago, Ill. If you feel pain in your throat, chest, back or in your limbs, remember Trimer's Liniment. If you suffer often with such pains keep a bottle of this liniment always at hand.

**MEMBERS OF SAINT LUKE'S PARISH ELECTS OFFICERS FOR YEAR**

From Wednesday's Daily. The members of St. Luke's parish of this city last evening held their annual parish meeting at the church to hear the reports of the different church officials for the year, and for the purpose of the election of the members of the vestry for the ensuing year. So well pleased were the members of the parish over the splendid service given them by the present members of the vestry that they were re-elected to their offices for the ensuing year. They are as follows: Senior warden, George Dodge; junior warden, Dr. T. P. Livingston; treasurer, Carl G. Fricke; secretary, C. W. Baylor; vestryman, J. H. Thrasher. The church has just secured a new rector, Rev. W. S. Leete, and he was present last evening at the meeting to meet with the vestry, and all greatly enjoyed the pleasure of having this most pleasant gentleman with them.

**Mrs. August Pein Ill.**

From Wednesday's Daily. The many friends of Mrs. August Pein in this city will be greatly shocked to learn that this most estimable lady is lying quite low at her home in this city, suffering from an attack of gall stones, and her condition is such as to greatly alarm her family and friends, who for the past few days have been constantly at her bedside in their endeavors to assist her to recover from the illness from which she is suffering. It is to be hoped that this lady will be able to rally and soon be up and around again.

**STEPS ON A RUSTY NAIL WHICH PENETRATES THE FOOT ABOUT AN INCH**

Yesterday as George Ford was walking in the yard at his home on South Third street he was so unfortunate as to meet with a very painful accident that may prove most serious for him. He stepped on a rusty nail that was lying turned point upward on the ground and it penetrated the flesh on the bottom of the foot for about an inch and made a most painful injury. The wound was dressed and the victim will spend a few days awaiting to see if serious results develop, and will then return to Rock Springs, Wyoming, where he is located at present.

**For Rent.**

M. E. parsonage, at Mynard. A family without small children preferred. For particulars inquire of Grant Wetenkamp, Mynard, or phone 2220.

After a hearty meal take Doan's Regulets and assist your stomach, liver and bowels. Regulets are a mild laxative. 25c at all stores.

**GUS JOHNSON, INSPECTOR IN THE FREIGHT CAR DEPT. FRACTURES THIGH**

This morning about 9 o'clock Gus Johnson, employed as an inspector in the freight car department of the Burlington shops here, met with an accident that will confine him to his room for several weeks. He was climbing onto a box car and reached up to catch hold of the running board, only to find that it was not fastened down, and he fell back onto the ground, a distance of some fifteen feet, doubling one of his lower limbs up and inflicting a most serious fracture of the right thigh bone below the hip. As soon as the accident occurred fellow workmen of Mr. Johnson ran to his assistance and attempted to aid him, but it was seen that the leg was in bad shape and he was at once hurried to the office of the company physician, where he was looked after and then taken to his home, where the injured man was made as comfortable as the painful nature of the injury would permit. Mr. Johnson is quite a short chunky built man and the fall from the height that he did might have even resulted more seriously than it did, although at that it will be many weeks before he is able to be up and around the house, and several more before he is able to resume his duties at the shops.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters is recommended for strengthening stomach, bowels and liver and purifying the blood.

**CUSHMAN ENGINE**

Now is the time to place your order for a Farm Cushman Engine. Last year the factory was compelled to turn down hundreds of orders received at harvest time.

THE FARM CUSHMAN ENGINE will not only do what any of equal horse power will do, but will operate your binder as well. Can use it 365 days a year. One party to whom I sold Cushman last year voluntarily told me he considered it saved him at least fifty dollars by giving him two teams to continue his corn plowing. For further particulars call up
