**CHRISTIAN CHURCH TO ERECT PARSONAGE**

The members of the Christian church of this city for some time have had in contemplation the erection of a parsonage here for their minister on the church property on Locust street, and with that idea in view they have had a committee, consisting of Major Hall, M. S. Briggs and Thomas Wiles, out looking over the matter, and a suitable design for the new parsonage. The committee visited the residence erected by the members of the church at Murray and the design of that cottage greatly impressed them and they heartily entered into the campaign to secure the adoption of the plan for the erection of a new home for the minister of the church stationed in this city. At a meeting of the official board of the church, held at the church last evening the report of the committee was adopted and the members of the committee discharged, only to be re-appointed as one to take up the work of getting the plans ready for the new parsonage, as soon as possible, and it is expected that inside of a week they will be able to have something tangible to work on in the way of plans and specifications. The erection of a new home by the members of this church will add greatly to the appearance of their property and provide a residence that will be suited to the needs of the minister. The committee has in view the erection of a six-room cottage-bungalow and will work out their plans accordingly.

**Small Rainfall Last Night.**

Last evening about 10 o'clock there was quite a little shower of rain for about half an hour and the downfall of the dampness was quite strenuous for a few minutes and resulted in a large number of auto drivers and their passengers or guests getting well soaked, as most of them had taken advantage of the pleasant evening to take short trips out into the country, and were accordingly not prepared for the rain. The downpour, however, was of short duration, and then the breaking clouds disclosed the bright old moon.

**Benefit a Great Success.**

From Wednesday's Daily. The benefit given last evening at the Gem theater by the members of the Woodman Circle was a most successful affair and the theater was crowded for two performances by a large crowd of well pleased patrons, and the result of the efforts of the ladies in securing such excellent pictures was very pleasing. The ladies of the lodge had been quite busy for the past few days in disposing of the tickets for the event and there was a large number sold to the friends of the order and the lodge members feel very grateful to the public for their generous patronage and extend to those who patronized them their hearty thanks. As a result of the benefit the ladies will receive quite a neat sum.

**ST. MARYS GUILD MEETS AT THE HOME OF MRS. R. M. SHLAES**

From Wednesday's Daily. Yesterday afternoon the ladies of St. Mary's Guild were entertained in a most charming manner at the pleasant home of Mrs. R. M. Shlaes on Vine street, and the event was one filled with much pleasure to the ladies, and also with profit to the society, as they all came prepared to enter into the business of the meeting with enthusiasm and to complete the arrangements for their annual Mothers' Day sale of carnations, which the society has conducted for the past few years with such success. The ladies will have 1,000 carnations here Saturday, which they will dispose of to all who may desire them, selling the single flowers at 10 cents each and \$1.00 a dozen, which will give everyone an opportunity to secure these beautiful emblems of the day at a most reasonable price. The ladies, after the close of the business session, devoted a short time to their fancy work and social conversation until an appropriate hour, when a most elaborate luncheon was served by the hostess, assisted by Mrs. V. Zucker, and the ladies were delighted with the gracious hospitality afforded them, and on departing voted the occasion one of the most delightful that the society has enjoyed for some time. There was a very large attendance of the membership present to take part in the pleasures of the evening.

**W. P. COOK ADDS ANOTHER CHAIR TO HIS BARBER SHOP**

From Wednesday's Daily. The barber shop of W. P. Cook, who for the past thirty years has been engaged in the barber business in this city, has just been increased to a two-chair shop, George Edwards of Leon, Iowa, having been secured by Mr. Cook as an assistant and to look after the rapidly increasing trade of the shop. Mr. Edwards comes very highly recommended and will prove a most valuable addition to the establishment, as he is a young man who understands fully the needs of the patrons and will strive to give them the best of service. As to Mr. Cook it is unnecessary to state his qualifications, as the public of Plattsouth is well aware of his ability in the barber business. The shop will also have a fine new mirror placed in it as soon as it arrives, having been ordered from Chicago, and when this is placed in the establishment it will be ready to accommodate all those who wish the best possible service.

**THE BUSINESS MEN CAN HELP IN KEEPING THE STREETS CLEAN**

It is quite noticeable where when the street sweeper comes along to gather up the dirt left along the street near the curb, where the broom of the sweeper fails to reach it, and this naturally raises the question as to how this could be remedied. If the persons whose property is on Main street would adopt the plan that has been tried with much success by a few of the merchants—that of sweeping out a few feet from the curb each time so that the sweeper could gather up the dirt without difficulty—and it gives the street a much better appearance than if the dirt was allowed to accumulate there. This matter has been mentioned a great many times on the street and there has been several who have made efforts to remedy the difficulty and assist the street cleaning department, but a great majority have neglected to do their part by sweeping the dirt out a few feet from the curb each morning in order that the appearance of their places of business and the streets in general might be improved. Such a move as this would be an easy matter and it would aid vastly in keeping the streets clean.

**WOMAN'S RELIEF CORPS DELIGHTFULLY ENTERTAINED AT THE McMAKEN HOME**

The ladies of the Woman's Relief Corps were entertained yesterday in a most delightful manner at the handsome home of Mr. and Mrs. J. H. McMaken, in the north part of the city, by Mesdames McMaken, Eva Reese and H. C. Miller as the hostesses and these ladies, who are without equal in the role of entertainers, certainly gave the ladies of the Corps a most enjoyable afternoon. For the occasion the house was decorated most beautifully in lilacs, both white and purple, and their beautiful colors and delicate perfume made the scene one of exceptional charm. During the afternoon the guests were treated to a most enjoyable program, consisting of instrumental numbers by Joseph McMaken, jr., and Miss Honor Seybert, as well as two very thoroughly enjoyed readings by Mrs. Allen J. Beeson, and these numbers were greatly appreciated by the company, who were present in quite large numbers. The afternoon of rare enjoyment was brought to a close by the serving of a most delicious two-course luncheon by the hostesses, and this feature of the day aided greatly in making the occasion one of the most delightful that this society has held for some time, and the members feel grateful for the splendid time afforded them.
