CURRENCY in the pocket DEPRECIATES. In the bank it EXPANDS. A person with a \$100 check in his pocket likely will go all day without cashing it. With a similar amount of currency there is a tendency to SPEND A LITTLE. The check remains intact. So it is with a bank account. A person likes to KEEP IT INTACT.

Pleasant Event Sunday.

The members of the East Rock Bluffs Whist club, composed of a number of young and middle-aged farmers and their wives, hid themselves away from home cares Sunday morning to King Hill, near the old village of that name, and spent the day in the enjoyment of real life for "one day only," and from what we are able to learn, they had the time of their lives, in various pleasures. They took well-filled baskets with them, and from the reputations of the good wives as culinary artists, they eat to their hearts' content of all that was good and wholesome. They not only prepared dinner on the picnic order, but ere departing for their homes they also had plenty left for supper. In the afternoon they wandered over the hills in bunches gathering wild flowers, and one party of the ladies repaired to the river side to sit down and watch the raging waters of the Big Muddy as they rushed onward toward the Gulf of Mexico, and they had just gotten comfortably located when a pretty good-sized snake came from its hiding place to spoil their pleasant reverie. Nothing makes a woman shudder more than a mouse or a snake, and to say that they quickly scampered but half expresses it. The incident, however, was not attended by any serious injury, but we will leave the rest of the story for one who was there to relate, because we have but very few hairs on top of our head now, and do not care to have them pulled out. But, all in all, it was a long to be remembered occasion, and they all went home happy as larks, thankful, no doubt, that no accidents occurred to any other members of the party to mar the pleasure of the occasion.

Plattsmouth Autoist in Trouble.
The rain came and beat upon the earth and all was not silence. One lonely autoist in East Rock Bluffs, a native of Plattsmouth, was found on the flats near the old town of Rock Bluffs, without chains. The roads were slick. He took off his shoes, and with trousers turned up to his knees waded down to John Smith's for assistance. John collected up all his halter ropes as a substitute for chains, and assisted in putting them on the rear wheels, and with bare feet covered with mud resourceful Grovenor Dovey pulled out for Plattsmouth, where he arrived safely.

Well Digging and Stump Pulling.
I am prepared to do stump pulling on contract and also to dig wells, and solicit work in this line. Satisfaction guaranteed in every instance.

GAME WARDEN FROWNS ON SEINING FISH

There Will Be No Licenses Issued for Seining in This State.

Chief Game Warden Gus Rut-enbeck declined to issue licenses to seine in public waters of Nebraska last year and adheres to that policy this year. During the year 1912 between 200 and 500 licenses to seine were issued by the state game warden. Mr. Rut-enbeck is of the opinion that he can do as he pleases in the matter of issuing seining licenses. The law permits him to license seining at \$2 a seine for the months of June, July, August, September and October for the taking of the poorer quality of fish which are named in the law, but the law relating to licensing of seining permits the taking of catfish, which is classed by some as a game fish, a kind that the state has spent much money in planting in the muddy streams of the southern part of the state.

The license for a seining permit is only \$2 for the season, and the law provides that the person getting such a license shall deposit a certified check for \$100 or a bond for the same amount. This was considered discriminatory law in favor of the man who had \$100 and against the man who did not have more than \$90 or perhaps less, and was also considered a waste of state money invested in catfish in public waters, and Chief Game Warden Rut-enbeck will not issue any seining licenses this year.

Notwithstanding the general opposition to the seining license law, the legislature permits it to remain on the statute book. It is alleged by the state game warden that if one set of men is allowed to seine, others will try to do the same, so he will issue no seining licenses this year.

Perfectly Satisfied.
Some people do not believe in medicines as long as they can get along without them, while others use them at the first symptom of a sickness. Mr. Edward Ranzdorff wrote us as follows: "Regarding Triner's American Elixir of Bitter Wine I am now perfectly satisfied that it is of medicinal value. In the month of June, last year, I suffered terribly with my stomach. My wife bought me a bottle of Triner's American Elixir of Bitter Wine and my appetite greatly improved. I took two more bottles and was perfectly healthy. I wish to recommend it to everybody. Edw. Ranzdorff, 12608 Waterson ave, Cleveland, Ohio." Triner's American Elixir of Bitter Wine usually brings quick relief in diseases of the stomach, the liver and the intestines, in nervousness and weakness. At drug stores. Jos. Triner, Manufacturer, 1333-1339 S. Ashland Ave., Chicago, Ill. If you are suffering from pain in the muscles or joints, try Triner's Liniment.
