BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

THE REGULAR MEETING OF THE CITY DADS

Council Passes Light Franchise Matter Over Until the Next Meeting of That Body.

There was a large number of interested citizens present last evening at the regular semi-monthly meeting of the city council, called there by a desire to see what the council would do in regard to the question of light service and a franchise to the McKinley interests, who have expressed a willingness to bring relief in the matter of lighting the city if given a franchise, but the crowd was disappointed, as the matter was passed over until the next meeting in order that the attorney for the McKinley people might be present to hear the reading of the ordinance and state the position of his company in regard to the question of the franchise.

The report of City Clerk Nemetz was one good for the eyes, as it showed that during the month just passed he had collected \$7,105.50, but this included the license money from the seven saloons of the city, and the coin secured will come in very handy in the running of the city government during the ensuing year.

The report of the chief of the fire department showed that the chief and the chairman of the fire and water committee of the council had examined the hose carts No. 3 and 4 and found them in good shape with the exception of a section on No. 4, which was not in the best of shape, but which can be easily replaced. The chief also reported that the fire hydrant at the corner of Third and Oak streets was in bad shape, being set too low it had gotten filled in until it was difficult to get in there to make connections in case of fire.

The judiciary committee of the council, which had been considering the application of Jay Vaughn for a reduction in the amount of occupation tax he should pay as a dealer in gasoline and kerosene in excess of fifty gallons, reported back that there was no way in which he could get out of paying the same tax as other oil companies unless the council desired to repeal the present ordinance in regard to the matter, and the committee recommended that the ordinance be allowed to stand. This report was adopted by a unanimous vote. Mr. Vaughn stated to the council that he had lived here before engaging in this business and did not think that he should be compelled to pay the tax as heavy as outside corporations, as he was operating as an individual and had succeeded in reducing the price of both gasoline and coal oil to the consumers.

Mr. Streight of the judiciary committee requested further time on the matter of the light franchise and referred the matter to City Attorney Tidd, who stated that the ordinance had been looked over as prepared by the McKinley interests and a new one prepared, but it was best to have the representative of the company here, and the council granted the time asked for.

The chairman of the streets, alleys and bridges committee, Mr. Bestor, stated that the matter of getting the plates to be used on the North Sixth street crossings had not been carried out, as the committee did not know just what was desired in the way of plates, whether roughened steel or smooth iron ones, and they awaited the pleasure of the council. Mr. Hallstrom was not very much in favor of the use of plates, as he stated they had not been found effective in Lincoln, where they were in use for a number of years and that several damage suits had been started by persons from falling on the smooth surface of the plates and injuring themselves.

The matter of the contract for the permanent sidewalk work for the ensuing year was taken up and the contract let to Peters & Richards, the lowest bidders, as follows: Resident districts, walks 11c per foot; business district, 13c per foot; crossings, 23c per foot; portable crossings at factory, 13c; delivered, 17c a foot.

The finance committee of the council, after investigating the

following claims, recommended their payment: Mrs. A. R. Gass, refund on taxes in paving district No. 3, \$64.97; J. N. Cummings, burying dogs, \$3; Claus Boedel, same, \$1.50; G. W. Homan, helping survey, \$1; Plattsmouth Water Co., rent for fire hydrant, \$15; John Fitzpatrick, salary as merchants' police, \$20; Murl Parmele, street sprinkling, \$44; A. L. Tidd, filing deed, \$1; Waga & Schuldice, repairs at city hall, \$1.40; Frank Neumann, salary, \$65; Ben Rainey, salary as chief of police, \$75; J. W. Crabill, repairing stop watch, \$2; R. A. Bates, printing, \$26.60; Lincoln Telephone and Telegraph Co., telephone at city hall, \$2.50; Peters & Richards, one culvert, \$16; Felix Sieszkis, \$7.80; Waterman Lumber Co., lumber to street commissioner, \$11.85; M. Archer, salary, \$30; Nebraska Lighting Co., light city hall, 60c; Alvin Jones, street work, \$23; Duteh McKinney, same, \$6; Albert Jones, same, \$24; S. G. Stone, same, \$24; Mike Lutz, same, \$36; Charles McBride, same, \$20.80; John Swanson, same, \$12; Walter Trumpholm, same, \$47.20.

A communication was also presented to the council from John Cory, the owner of the Hotel Perkins, asking permission to erect a large covered porch in front of his building twenty-two feet wide and extending to the edge of the curb, and seventeen feet high, so as not to interfere with the traffic on the walk. The matter was referred to the judiciary committee.

Councilman Harris of the cemetery committee reported that there was some work needed at the cemetery in painting the well there and the placing of some signs on the south gate of the cemetery.

Councilman Hallstrom of the lighting committee reported that he had notified the Nebraska Lighting company to place an arc light at the corner of Fifth and Main streets, and the company had agreed to send for the lamp at once and install it at the cost of \$8 per month.

Councilman Buttery of the police committee stated that he thought that it was time that there was something done in the matter of a new city jail and the basement of the city hall ought to be looked over to see what was needed in this regard, as there was constant need of a place to

keep the city prisoners. Mr. Hallstrom expressed his view that the city should have some place fixed where the valuable papers and books in the clerk's office could be kept where they would be safe from being destroyed in case of fire, and suggested that the city fix some place or make arrangements to store them in a vault where they would be safe. He did not favor the idea of a city jail, as he thought the county jail could be used as cheaply as the room fixed up in the basement of the city hall.

Chairman Bestor of the streets, alleys and bridges committee reported on the matter of the placing of bridges on Locust street by the commissioners of the county, and stated that the committee had met with the commissioners and favored the placing of a 6x6 concrete culvert in place of the bridges, as they would be ample to carry off the water and would permit of the street being made sixty feet wide and leave a space for a sidewalk, whereas the bridges would necessitate the placing of an addition bridge for the purpose of a sidewalk. He stated the commissioners were willing to do this if the city would resume the responsibility for any damage caused by the overflow of water.

A large number of the councilmen expressed the same view of the matter, and on motion of Buttery the clerk was instructed to notify the commissioners that the city would accept the proposition for the culvert and assume all liability in the matter.

Application for pool hall licenses were received from A. M. Arries and Dunbar & Bates, accompanied by the fees, and the applications were granted as prayed for.

The mayor called the attention of the council to the fact that the new ordinance creating the park commission had become effective and presented to the council the names of J. P. Falter, William Ballance and Charles E. Martin as members of the commission, which was confirmed by the council unanimously.

Councilman Patterson of the First ward called the attention of his colleagues to the fact that the water company had lowered their mains on North Sixth street, where they were too near the surface, and desired to know who would be responsible for any damage caused by the placing of the curbing and guttering on the loose dirt of the filled-in ditches.

City Attorney Tidd stated that the only way to require the water company to put up a bond to cover any damage that might be caused. On motion of Mr. Streight a bond of \$500 was required of the water company to protect the city from damage. Mr. Sinclair, superintendent of the water company, was present, and addressing the council stated that the water company had not been notified of the nearness of their mains to the surface and had lowered them as soon as they learned of it, without the necessity of a notification, and if the dirt was allowed a few days to settle they could be sure of it not injuring the guttering, but on a day's notice they could do nothing in regard to the matter.

Councilman Patterson of the finance committee reported that the blue prints of the new curb and guttering district No. 6, on North Third street, had been received, and a motion was passed authorizing the mayor and council to advertise for bids for the work.

Councilman Lushinsky of the Fourth ward reminded the council that last fall William Holly was notified to replace the wooden walk on the east side of his building with a permanent one, and the work had not been done, and on motion the clerk was ordered to notify Mr. Holly to place the permanent walk down at once.

After the consideration of a number of other matters of street work the city "dads" adjourned to meet two weeks hence.

Coughed for Three Years.

"I am a lover of your godsend to humanity and science. Your medicine, Dr. King's New Discovery, cured my cough of three years' standing," says Jennie Flemming, of New Dover, Ohio. Have you an annoying cough? Is it stubborn and won't yield to treatment? Get a 50c bottle of Dr. King's New Discovery today. Palatable Remedies.
People used to have the wrong idea that medicines of the most horrid taste had the best effect on the human body. The modern physician tries to make his remedies palatable in order to have the patient take them readily. Such a preparation is Triner's American Elixir of Bitter Wine, which has an agreeably bitter taste. It is very helpful in all conditions in which it is necessary to remove, from the body, waste matter, and also when the body needs new strength and energy. It is very popular in diseases of the stomach and the intestines and even the most delicate stomach can bear it. While using Triner's American Elixir of Bitter Wine, abstain from drinking spirituous liquors, at drug stores, Jos. Triner, Manufacturer, 1333-1339 So. Ashland Ave., Chicago. In rheumatic and neuralgic pains you can rely on Triner's Liniment.

Nicholas Halmes and wife of Weeping Water motored up this morning from their home to spend the day here with relatives and friends.

Mrs. W. S. Askwith returned this afternoon from Lincoln, where she has been attending the meetings of the grand chapter of the Eastern Star.

Mrs. Ralph Godwin of Omaha is here for a few days visiting with her mother, Mrs. J. M. Young and family.

W. G. Boedeker of the Murray State bank was here yesterday afternoon for a few hours looking after matters of business.

Adam Kaffenberger, from the vicinity of Cedar Creek, was in the city yesterday afternoon looking after some trading with the merchants.

James Loughridge of Murray was in the city last evening for a few hours attending to some business matters and also attending the street carnival.

MASONIC ORPHAN'S HOME WILL CONTINUE ANOTHER YEAR AT LEAST

At the meeting of the grand chapter of the Order of Eastern Star of Nebraska, being held at Lincoln this week, the question of the Eastern Star Orphan's Home, which is located here, was brought up, on a report from Col. Frank Young, and it was decided to continue the institution for at least another year. The orphanage here is located in the Valley residence, which is on the plot of ground owned by the Masonic Home association, in the west part of the city, and during the past two years that the Home has been in existence there has been quite a large number of little folks cared for here. The orphans are looked after by Miss Margaret Mills, as matron, and they receive the best of care under her watchful eye, and this great auxiliary of the Masonic fraternity, and here a home has been provided for many orphans of the order who have been deprived of the protection of their parents. The orphanage is beautifully situated and the little folks here have an opportunity to get out and enjoy the fresh air and the healthy atmosphere of the country and not be kept confined to the city's heat during the summer months.
