SEVERE LOSS TO JOHN WEHR- BEIN BY FIRE

Fire Destroys Garage, and Also a Fine Overland Auto and New Carriage.

Last evening about 9 o'clock occurred one of the most unfortunate and regrettable accidents which has taken place in this vicinity since automobiles have come into general use, resulting in the complete destruction of a fine Overland automobile belonging to John Wehrbein, and also a new carriage and the garage containing these vehicles.

After supper last night Messrs. Orval Kintz and Fred Hirz of this city went out on the road west of the city for a ride in the car which the former recently purchased from Arthur Eastwood. When they approached the residence of John Wehrbein, they discovered that their supply of gasoline was getting very low. They accordingly proceeded to Mr. Wehrbein's house to replenish the supply, and as they did not find that gentleman at home, they proceeded to the garage, where they found Mr. Wehrbein's 45 H. P. Overland with a full gasoline tank.

As it was dark at the time and not thinking of the danger from fire, Mr. Hirz secured a lantern and went to the garage to draw some gasoline. In pouring out the gasoline he spilled some of the liquid down his coat sleeve, and when he picked up the lantern the inflammable substance caught fire. In his excitement he threw his arm to one side, catching the car, and in a moment car, garage and all were in flames. There were, of course, no facilities at hand for extinguishing such a blaze, and consequently the young man could do nothing toward saving the property which they had so unfortunately set fire to. Mr. Wehrbein was visiting at the home of Ralph Haynie, one of his neighbors, at the time, and as soon as he was apprised of the fact that his garage was on fire, he hastened to the scene, but was too late to save anything. In addition to the loss of the car and the garage, Mr. Wehrbein suffered the loss of a fine new carriage, which he had but recently purchased.

The loss occasioned by the fire will be rather heavy, as the car was almost new, having been run but 6,000 miles, and the garage was a substantial building. Neither of these was covered by insurance, although we understand that there was some insurance on the carriage. Messrs. Hirz and Kintz of course feel very badly over the affair, and will no doubt make whatever reparation is in their power to render Mr. Wehrbein.

The Journal wishes to express great regret, and at the same time point the warning which is contained, in regard to the necessity for exercising the greatest caution in the handling of such inflammable and exposable substances.

A number of the friends of Mrs. Hilton were present to extend their best wishes and express their regret at losing this most estimable lady from the city in the near future. During the course of the evening refreshments were served and a most enjoyable time was had by all who were so fortunate as to be numbered among those present.

INTERESTING BASE BALL GAME NEXT SUNDAY

The Boosters to Tackle Another Fast Team From the Metropolis Sunday.

The next opponents picked by the Boosters for a game is to be the team representing the Bourgeois company of Omaha, which is one of the best of the new teams organized in the last few weeks. This team last Sunday did battle with the team representing Benning, and were successful in getting away with the goat of the Benning bunch, and they are very desirous of coming here to line up against the Boosters, and Manager Johnson has decided to give them an opportunity on next Sunday by signing them up, and accordingly they will be here to give battle to our sterling on the diamond. The recent good showing of the Boosters has been very pleasing to the fans and they should show their appreciation by turning out to aid the boys in adding another victory from the firm representing the Omaha supply house.

There has been a project under discussion for some time among the members of the base ball team and the management on the question of new uniforms, as the ones now used are really unfit for service, and how to secure new ones is getting to be a serious question. It has been suggested and it seems quite likely that such a move will be made, and that is to turn the receipts of two games over to a fund that will be used to purchase new uniforms for the members in order that they can present the proper appearance on the diamond in keeping with the standing of the city. In order to secure sufficient funds in this manner tickets will be sold throughout the city and the proceeds will be used in the work of providing the uniforms for the boys. If the movement is started there should be no holding back on the proposition and everyone should try and contribute their share by buying a ticket to the game.

"WHITEY" MILLER SERIOUSLY INJURED

The Many Friends of "Whitey" in Plattsburgh Regret to Learn of This Serious Accident.

The following account, taken from the Brunswick Independent, of a terrible accident that has befallen Charles A. Miller, or "Whitey," as he is better known here to a large number of the residents of this city, and where he made his home up to a few years ago, when he removed to near Creighton, Neb., to engage in farming. The friends of "Whitey" will be grief-stricken to learn of his accident, but will trust that he may recover from the effects of it without any more serious results:

Charles A. Miller, a farmer, living five miles northwest of town, narrowly escaped losing an eye Tuesday afternoon when kicked in the face by a young colt. A gash was cut by the horse's hoof just above and just below the right eye and the lid was badly torn.

Mr. Miller had been driving the colt with an older horse and was unhitching when kicked. As he leaned down to unfasten a tug the colt kicked, knocking him to the ground. He was not rendered unconscious and was able to summon help. The injured man was brought to the office of the local physician, who, with the assistance of Dr. Coe of Plainview gave Mr. Miller medical treatment. Forty-nine stitches were necessary to close the wounds. The lid was torn in the corner and again in the center, laying the eyeball bare, but no injury will result to the eyesight. Mr. Miller is unmarried and lives on the Art LeBeau farm.

Two Cures.

Mr. Thomas Konopa of Middletown, Conn., found himself in a very bad condition when both his wife and daughter were sick at the same time. He says: "My wife and little girl were both suffering from a bad stomach trouble, which resisted all treatment. At last I gave them Triner's American Elixir of Bitter Wine, and to my greatest joy both quickly regained their health. I wish to recommend this bitter wine to all suffering from the stomach as a genuine remedy and am respectfully, Thomas Konopa, 10 Union st., Middletown, Conn." Triner's American Elixir of Bitter Wine receives such letters steadily and from many sides, because its effect in diseases of the stomach and the bowels is remarkable, especially when constipation is connected with the disease. At drug stores, Jos. Triner, Manufacturer, 1333-1339 So. Ashland Ave., Chicago, Ill. In internal points it is often necessary to bring the blood to the surface of the body. Try rubbing it with Triner's Liniment.

Stylish Summer Millinery!

The following article is copied from one of the leading New York Millinery Reviews:

Large lace Hats and Panamas, the former flower trimmed, and the latter with wing, flower, or at least ribbon trimmings, are to be the thing for mid-summer wear. . . . Flowers this summer will be used more plentifully than in several years, and ribbons continue in strong demand. . . . There is a growing demand for Leghorns, and lace is strong, both for shapes and trimmings, where it is used in combination with maline. . . . Moire ribbons and Velvet ribbons, especially in black, are strong, and many flowers, of which the small buds and forget-me-nots are the best. . . . Paon blue is the best of the colors, with black, white and burnt being also popular.

Any of the above mentioned shapes, and trimmings can be found in our store, and other equally good styles in Milan, Hemp, Peanut Straws, etc., at very reasonable prices.
