

A UNION OF SCHOOLS JOIN IN PICNICKING AT THE RUMMELL GROVE

From Saturday's Daily.

Yesterday, to celebrate the close of the school year, the pupils of the Jean, Horning, Taylor and Snyder schools assembled to the number of some 200 at the Rummell grove, just west of Mynard, to enjoy the day in picnicking, and they certainly had one of the finest times imaginable in the enjoyment of the day, and it was only with the greatest of regret that they departed for their homes toward nightfall. As soon as the scholars, under the chaperonage of their teachers, Elmer Frans, Roy Hull, Jennie Livingston and Florence Richardson, arrived at the picnic grounds they began to enjoy themselves at different games suitable for such occasions, and the girls of the party looked after the welfare of the little folks, while the boys of the Jean and Horning school tangled in a red-hot ball game, which was won by the Jean team by a score of 7 to 6. Races of various kinds were enjoyed also by the boys of the party. The real big feature of the day, however, was the picnic dinner spread at noon in the shade of the trees and which had every dainty that it was possible to think of provided by the ladies of the party, and was topped off with ice cream and lemonade provided by the families residing in the districts. The event was one filled with much pleasure to all who were in attendance, and the young people feel very grateful over the good time that was provided them and for the thoughtfulness of the teachers in arranging the picnic.

EPWORTH LEAGUE ENTERTAINS OLD FOLKS AT MASONIC HOME

From Friday's Daily.

The residents at the Masonic Home were given a rare treat last evening, when a number of the members of the Epworth League visited the Home and gave a short program that was most thoroughly enjoyed by the residents of that place. The affair was under the direction of Misses Elizabeth Kerr and Hazel Tuoy and was one filled with much enjoyment for the aged people at the Home, as the talented visitors rendered a number of the old songs, which are even now such favorites with music lovers.

Mrs. William Baird gave two very pleasing readings in her usual gifted manner, as also did A. O. Eggenberger. Mrs. E. H. Wescott gave as a special number "Ben Bolt," while Miss Ferris York sang "Annie Laurie" in a manner that showed the lovely voices possessed by these two singers. Chester Tuoy, one of the gifted musicians of the city, gave a very pleasing violin solo, while Mrs. A. O. Eggenberger favored the old folks with a pleasing piano solo, "Old Black Joe." All the members of the league present joined in singing a number of the old familiar songs that never fail to touch the heart, and there were many tear-dimmed eyes among the residents of the Home as the old songs awakened memories of the long ago.

These visits are something are deeply appreciated by the residents of the Home, as their age will not allow them to be around as they would like to be, and the Epworth League shows the proper spirit by visiting them and providing a few hours of pleasure.

A MADSTONE THAT IS WARRANTED TO CURE HYDROPHOBIA

Henry F. Goos, clerk of the local camp of the Modern Woodmen, has just received a letter from James H. Lee, a man residing at Ong, Nebraska, who states he has a madstone of unusual power in the way of successfully treating all cases that have been brought to him for treatment. In speaking of the stone the doctor says:

"I have in my possession a madstone which has been used a century, and has never failed in a single case, and has been applied to thousands of cases. It is recommended to remove virus from dog, cat, skunk, wolf or snake bite or any specific poison of such nature, or tetanus from rusty nail or wire puncture. Now, it actually does what is claimed. You cannot be humbugged with it. It sticks to a wound only when there are such poisons to hold it, and relieves as soon as they are absorbed."

He guarantees perfect cures and it will pay to have a most rigid examination made of the stone and its works by those who are doubtful in the least of its worth. The address of Mr. Lee is box No. 74, Ong, Nebraska.

THE ELKS' HOME TO BE DEDICATED ON FRIDAY, JUNE 5

The new Elks' home in this city, it is expected, will be thrown open to the members of that order on the first Friday in June, as on that date the dedicatory ceremonies will be held. One of the largest gatherings of Elks ever held in the city is expected on this occasion, as there will be delegations present from Omaha, Lincoln, Nebraska City and other nearby towns to look after and seeing that the new club house is dedicated in the proper way. The program is being arranged and will be one of the best ever given in the city. The building is now practically all ready with the exception of a number of minor details to be finished up before it can be occupied by the lodge as a club house. The handsome front porch is being finished up and the white stucco finish will be placed on it at once.

The Plattsmouth lodge of Elks can certainly feel proud of their new home and the manner in which the members have responded to the call in securing the funds to put the building up, and it has shown the deep interest that the members feel in the good of the cause and their loyalty to the B. P. O. E. There is not a nicer club house anywhere in the state than the one belonging to the Plattsmouth lodge, and their pride in it is perfectly justifiable. The furniture and fixtures will not be placed in the new building for several weeks yet and will be the last step in the arrangements for the formal opening of the structure.
