H. W. THOMAS,

HALF DOZEN MEN ARE IN CONTROL

Chicago Public Utilities Are Dominated by a Few.

STARTLING REPORT BY FERRY.

n Some Instances Same Men Act as Buyers and Sellers of Electric Cur. rent-Public Service Commissioner Suggests Further Inquiry Be Made.

Chicago, July 4.-By means of in terlocking directorates, control of public utilities in Chicago and the surrounding states has become centralized in the hands of half a dozen men, according to a report made public by Montague Ferry, Chicago commissioner of public service.

In his report Mr. Ferry indicated the close relationship shown among public service corporations may constitute a grave menace to the public and urged a further investigation by the state public service commission to determine whether the city suffers by reason of the centralized control.

How Control Is Secured. A chart which accompanied the re port was said by Mr. Ferry to show that three men-Samuel Insull, John J. Mitchell and James A. Patton-constitute a majority of the executive committee of five which directs the business of the Commonwealth Edison company; that the same three constitute a majority of the board of direct ors of the gas company; that Mr. In Emperor Francis Joseph and New sull and Henry Blair, who is also a di rector in the Commonwealth, are majority of the executive committee of three which controls the elevated lines; that Mr. Blair, as chairman of the board, is the controlling factor in the Chicago Railways company, which operates most of the surface lines; that "Samuel Insull with men holding salaried executive positions in the Commonwealth Edison company con-To confirm a citizen's state- trols the Public Service company of northwestern Illinois and the Middle

MAYOR OF BUTTE SHOOTS MINER

Sends Builet Into Man Who Stabs Him Thrice.

BOTH ARE LIKELY TO RECOVER.

Eric Lantela Demands Correspondent Favorable to Western Federation Be Deported-Executive Will Not Take Action and Affray Follows.

Butte, Mont., July 4.-Louis P. Dancan, mayor of Butte, was stabbed three times and, prostrate, shot his assailant, Eric Lantela, a Finnish miner, in the abdomen.

Both men probably will recover. The affray took place in Mr. Duncan's office, whither Lantela went to enter protest against the presence in Butte of Frank Altonen of Negaunee Mich., correspondent for a Finnish newspaper of Hancock, Mich.

This paper has sided with the officials of the Western Federation of Miners as against a faction of Butte miners No. 1, which recently broke away and formed a new organization, tonen out of town. He was told that 250 Finnish miners favoring the new organization had decided that Butte was not a good place for the man, and had adopted resolutions calling for his

SALARIES ARE BIG ITEM OF EXPENSE

Figures Given by Board of Control on State Institutions.

STATE PAYS \$28,590 MONTH.

Fourteen State Institutions Cost One Hundred and Seventy Thousand Dollars for Salaries in Six Months-Rural Carriers Hold Annual Meeting.

Lincoln, Neb., July 6.-Salaries of officials and wages of employes of state institutions comprise from onefifth to two fifths of the total maintenance costs at each institution, according to figures given out by the

board of control. The nighest per capita is evidenced at the state tubercular hospital. There the number of inmates is low as comared to other institutions, save the astitute at Milford. These three institutions are really in a class by themselves in this respect. At the Nebraska City school, however, Superintendent Abbott has succeeded in keeping the per capita down to \$38.88, as compared to the \$62.49 which is

recorded at the Kearney hospital. Of the more populous institutions, Superintendent Fast of the Beatrice institute for feeble-minded takes front rank with a maintenance cost of \$16.66. Superintendent Baxter of the Hastings asylum, however, numbers considered, does better than that. With his nearly 1,200 patients his figure is set at \$16.72. Both of the other asylums, with smaller number of inmates, run above that mark, although Sallisaw, Okla., July 4.-Two per- all three are keeping their costs down was struck by lightning and wrecked. month, or a total of \$171,545.52 for the
