Pile Up Your Money For a Rainy Day!

ONE of the queerest things about some people is that they will not follow GOOD ADVICE when they KNOW they OUGHT TO. Perhaps we are all more or less that way. All the wise men of all ages have urged their fellow beings to PUT AWAY SOMETHING for a RAINY DAY. Good old Benjamin Franklin's sayings on economy and saving alone ought to make a bank book holder of EVERY ONE. If you have DELAYED, suppose you act HONESTLY with YOURSELF RIGHT NOW.

Yes, Why?

There is one thing on the stock market that the shippers of this locality fail to understand, and that is why the market keeps dropping every day, and the price of pork chops go up? There is entirely too much difference between the price of the live hog and the dead one. One shipper told us that the packers claimed they were unable to get the money to pay for the live hog. They evidently have the dead ones in cold storage and are boosting the price to get the cash for the live one. Thusly the big hog eats the little one.

Murray is certainly to be congratulated upon the excellent library they have and the manner in which it is conducted.
