

MAGNIFICENT RECEPTION TENDERED THE TEACHERS

Elks' Home the Scene of Much Pleasure and Enjoyment in Honor of Teachers.

From Tuesday's Daily. One of the most pleasant social events of the season was held last evening at the beautiful club house of Plattsmouth Lodge No. 739, B. P. O. E., which the members of the order had generously placed at the disposal of the Commercial club for the holding of the reception to the visiting school teachers and the citizens of Plattsmouth.

The building, which is one of the handsomest of its kind in the state, certainly presented a scene of beauty, as the soft reflected glow of the electric lamps shown down on the large crowd of handsomely gowned ladies that filled the rooms and the main hall of the building.

The teachers were greeted by a very large number of the ladies and gentlemen of the city, and their pleasure was evident on receiving the right hand of welcome from the citizens here, and the reception of 1914 will long be very pleasantly remembered by everyone in attendance.

The event throughout was one great big success, and reflected great credit upon the committee arranging for it, and there is no doubt that it far exceeded any that has heretofore been held here in the past.

The teachers are quite busy today at the institute in taking in the different lectures that are the main feature of the institute, and they grow more and more pleasing as the meeting progresses.

ALFRED GREEN INJURED FROM THE KICK OF A HORSE THIS MORNING

From Wednesday's Daily. Alfred Green, the young son of Mr. and Mrs. W. O. Green, this morning met with a very severe accident in a mix-up with a horse he was driving. The boy was in the north part of the city seated in the wagon when the horse suddenly started to run away, and the lad at once began to pull back on the lines, with the result that the horse began to kick, and with good aim, so Alfred states, planted a kick on his left leg that inflicted quite a severe wound that necessitated the services of a surgeon and six stitches to close. The boy was removed to his home and made as comfortable as possible, but will be out of commission for a few days at least before he is able to be around with his usual alacrity.

HEARING IN COUNTY COURT OF LEGACY IN G. D. KURTZ ESTATE

From Wednesday's Daily. Yesterday in the county court a hearing was had in the G. D. Kurtz estate, from near Elmwood, on the matter of the legacy of \$5,000 left by Mr. Kurtz to his stepson, August Bast. Under the law as applied to the taxing of inheritance, the heirs not of blood relation have been taxed a heavier rate than those of blood relation, and Mr. Bast objected to being compelled to pay a rate of 2 per cent on the value of the inheritance. He was only 3 years old when his mother and Mr. Kurtz were married and has always made his home with them and was treated as the other children in the family by Mr. Kurtz. The matter was continued to allow the county attorney time to prepare a brief covering the case, as he represented the county in the tax matter.

Makes a Short Trip to Iowa.

Lost Sunday Philip Tritsch and family motored over to Iowa, where they visited at the farm of Mr. Tritsch near Thurman, in that state. Mr. Tritsch, on returning yesterday afternoon, stated that the crop conditions there were most excellent and that there was every prospect for a very heavy yield of corn. The farm of Mr. Tritsch is one of the finest in that section of our neighboring state and the excellent crop prospects is most pleasing to this gentleman. Mr. Tritsch called at the Journal office yesterday for a short visit, en route home in his fine large touring car.

A FINE TRIP TO CUSTER COUNTY BY AUTO ROUTE

Roads in Fine Shape and Crops Looking Better Than for Many Years.

Sunday morning John Bauer, Jr., John and Will Wehrlein and Frank Boston started from this city in the fine large Overland touring car of Mr. Bauer, bound for the farm of John Wehrlein in Custer county. The trip was made in splendid time, as the auto-motive covered the distance in great shape and there was nothing to cause a single delay. On the way out the party passed through Lincoln, Seward and York, taking what is known as the south road, and passed through some 233 miles of the beautiful rolling prairies of Nebraska and arrived at Gothenberg in the evening, where a halt was made. The crops throughout the trip looked fine and all indications pointed to one of the heaviest crops in the history of the state, as both the corn and wheat were looking fine and in only a few scattering spots were there any signs of the corn borer.

The party, from Gothenberg, ran north some thirty miles to the farm of Mr. Wehrlein, where a stop of some length was made, and here the same splendid crop outlook was noticed as on the trip out. Returning the boys left the farm and came east over the road of the Lincoln Highway and for miles traveled over what they claim was the finest roadway that could be found anywhere in the state. On the return trip a stop was made at Grand Island, the metropolis of the western part of the state, and here the members of the party were well pleased with the wonderful spirit of progress that was making this city one of the largest in the state, and the building operations there were going on at a rapid rate. Brainerds and Kearney and the bunch arrived home on Tuesday evening delighted with the fine trip and the country through which they had passed. The total distance traveled was 614 miles and there was not a sign of halting on the part of their automobile and they feel that the Overland is certainly some car.

COMMISSIONERS MEET TO MAKE LEVY ON ALL THE TAXABLE PROPERTY

From Wednesday's Daily. The county commissioners this morning met at the court house to equalize the levy for the coming year upon the taxable property of the county. The levy will be 20 mills this year and the rate as it was last year. The state levy is 8-10 mills; bridge, 4 mills; road, 3 mills; general fund levy, 5 and 2-10 mills. The levy for the jail of last year enabled the commissioners to complete the structure and this year there will be nothing to pay on this building and the cost of securing this fine building has been so little, scattered among the taxpayers of the county, that they have hardly noticed it.

To Post Up Notices.

From Tuesday's Daily. County Clerk Libershal departed this morning for a swing through the county posting up lists of the candidates for the different offices at the primary election on Tuesday, August 18th. The ballots will soon be ready and the task of distributing them will be taken up. The ballot this year is quite a lengthy one, as there are a great many candidates for the different offices.

Ice Plant Secures Motor.

From Wednesday's Daily. The artificial ice plant, which has been out of commission for the past few days owing to a break-down in the engine of the plant, yesterday was able to resume operations, as a 50 horse-power electric motor was installed to take the place of the engine in furnishing the power for the plant. The delay has been very annoying to the owners, of the plant, but now they feel that it will not occur again. The break-down, however, did not interfere with the service to the patrons of the ice dealers, as the supply on hand was used to furnish ice to the consumers.

F. G. EGENBERGER AND C. F. VALLERY RETURN FROM FURNAS COUNTY

The trip to Furnas county which Fred G. Egenberger and C. F. Vallery undertook Sunday proved a most enjoyable one to the gentlemen, who returned home this morning. While in Furnas county they visited at the homes of George Horn, sr., Fred Horn and Jacob Rummel, all former Cass county residents, and found them all enjoying the best of health and with the best prospects for their crops they have had for some years. The wheat crop in the section visited by Messrs. Egenberger and Vallery is one of the best in years and the spring wheat is running at what is estimated from 24 to 24 bushels per acre of excellent quality. The crop is being cut and threshed there now and the results are certainly pleasing to the residents of that section. Corn is looking good, although in spots it shows signs of too much heat, but taken as a whole it is one of the best prospects that the residents there have had for some years to secure a good crop of both corn and wheat. The former Plattsmouth people there are all keenly interested in the happenings in old Cass county and await each week to receive the news from their old friends and neighbors, and of course they are all supplied with the Journal to assist them.

VISITS UNCLE HERE IN PLATTSMOUTH WHOM HE NEVER KNEW BEFORE

Deputy Sheriff M. E. Manspeaker received a most unexpected and pleasant surprise Monday, when he received a visit from a nephew, a son of his brother, Frank Manspeaker, whom he had never seen, and it has been since 1878 since last he had the pleasure of being with his brother, and the visit of the nephew was one thoroughly enjoyed by the uncle and nephew. The nephew, Charles Manspeaker, had been out at Los Angeles, California, and on his return decided to drop in and visit the uncle, whom he had never seen, and arriving here inquired the whereabouts of Mr. Manspeaker, and visited their home, announcing his name, and there is no need to state that he received a most hearty welcome from both his uncle and aunt, and it was with regret that they allowed him to continue his journey homeward.
