

THE BURLINGTON SHOPS ARE A BUSY PLACE JUST NOW

Full Force Employed and They Are Turning Out a Great Deal of Work.

From Friday's Daily.
The past two months have been exceedingly busy ones in the Burlington shops in this city and an extra large amount of work has been turned out by the force of men employed at the shops. The demand for grain cars and the desire of the Burlington to be in readiness for the rush of the fall crops to market has caused a great deal of work in Foreman Parker's department, where there are a great many men employed, and both here and in the steel car shop there has been a constant rush of the workmen in fitting up the cars for service on the road. Superintendent Baird has in his management of the situation been enabled to get some great results in the number of cars turned out, and the workmen of all departments, with their foremen, have come to the front in getting out everything on time, so that the record of the shops here is one of the best that the Burlington has anywhere on the system.

While on a visit to the shops a short time since it was noticed that the new air compressor that is to furnish the compressed air for the operation of machines and tools in the shops, is now being erected on a huge concrete base prepared for it in the machine shop, and when it is in running order there will be plenty of power for the operation of all air tools that may be desired to use in the different departments. The machine is a large one and the different parts occupied three cars when brought here, which gives somewhat of an idea of the size of it, but until it is completely erected there can be no really good description given of it. The new addition is destined to greatly facilitate the work throughout the different departments and overcome what at times has been a very great inconvenience in the rapid work of the men in getting out their cars and in the making of material that enters into the construction of and repairing of the cars and coaches. The blacksmith shop is a very busy place just at present, as there is an unusually large force employed there in turning out the different articles used in coach repairing.

It is worth the time of a person to visit at the Burlington shops if they have never been there, as the amount of work turned out each month is surprising and of the very highest quality, as the workmen are all ably assisting Superintendent Baird to make the Plattsmouth shops as good as any on the system, and the improvements here in the past few years is very noticeable.

FORMER PLATTSMOUTH BOY IS TO BE MARRIED SOON IN CALIFORNIA

From Friday's Daily.
The invitations to the wedding of Glenn Charles Pierce and Miss Marie Margaret Brown, of San Bernardino, California, have been received in this city by friends of the contracting parties. The wedding is to occur at the home of the bride's parents, Mr. and Mrs. H. H. Brown, at San Bernardino, on Saturday, August 22. The invitations will be of great interest to the residents here, as the groom in the affair is known here to quite a number, being a grandson of Mr. and Mrs. Fred Gyger, who were for a number of years residents of this city several years ago. The young people will make their future home in the California city in the future.

Receives a Pleasant Visit.

From Friday's Daily.
Miss Rhena Towle of Lincoln, who has been here for the past week assisting in the work of the institute for Miss Foster, this morning paid the Journal editor a very pleasant social call, which was much enjoyed. Miss Towle is a daughter of our old friend, George W. Towle, who for many years resided near Wabash, and was one of the rock-ribbed democrats of Cass county. He removed with his family a few months ago to Lincoln, where they will make their home in the future.

A CASS COUNTY COUPLE GO OVER TO GLENWOOD TO GET THE KNOT TIED

From Friday's Daily.
The following taken from the Glenwood Tribune of this week will be interesting to many in this city and vicinity, as it involves the matrimonial interests of two Cass county young people residing near this city:
They were a jolly quartet of Stulls, and equally divided as to sex. Two of them were Mr. and Mrs. Fred Stull and the others were Ira Stull and Miss Sirena Stull, until after Justice Edwards had, in the clerk's office, put his legal seal upon the contract. Then they were Mr. and Mrs. Ira Stull. This occurred during the forenoon of August 14.

They were all Plattsmouth people. Their parents were Plattsmouth people and the bride and groom were born in Plattsmouth, still, the contracting parties admitted no relationship that would debar them from entering the marriage state.
The bride stated that her father and mother had been married in Mills county. An investigation showed that Henry Stull, whom the bride gave as her father's name, was married to Mattie K. Higley. In answering the question as to her mother's maiden name the bride gave Sirena Taylor. The difference in name may be accounted for by the fact the father had married a second time and the bride may have given her step-mother's name.

Fred Stull, who vouched for the ages of the two contracting Stulls, is a brother of the groom, and they look it. The father of the groom was given as Lawrence Stull. Some remarks made would indicate that the two Stull boys were adopted children of Lawrence Stull.

The quartet did not act as though it was a runaway marriage. They gave their ages as 21. By occupation the groom is a farmer.

SOENNICHSEN'S UP-TO-DATE CHASE AUTO DELIVERY JUST THE THING

The modern and up-to-date store of H. M. Soennichsen yesterday received a new addition to its equipment in the shape of an auto delivery truck that will be used in supplying the customers with goods and to take the place of the teams used for that purpose. The truck is quite a good-sized one, of the Chase make, and will carry some 1,500 pounds of weight, which insures it being capable of caring for the business of the daylight store in first-class shape. The engine in the truck is one that is hardly ever seen, being a three cylinder make, and it certainly does the business in getting the truck over the road in quick time. The addition will place it where the heavy trade can be handled easily.

Ed Parriott, the well known and popular organizer for the A. O. U. W., in Nebraska, accompanied by his daughter, came up Saturday evening from Union, where they were in attendance at the Old Settlers' Reunion, and visited here with relatives and friends, later returning to their home at Peru.

THE METHODIST SUNDAY SCHOOL PICNIC YESTERDAY

The Children, Teachers and Parents Enjoy a Most Pleasant Occasion.

From Friday's Daily.
Yesterday afternoon the members of the Methodist Sunday school, with their parents and teachers, assembled at the city park at 4 o'clock to take part in the picnic of the school, and the result of the gathering was one of the most delightful that has been held in the history of the school. The park, situated as it is in the heart of the city, was in easy access to everyone and done away with the task of transporting the young folks and the supplies to some spot in the country for the holding of the picnic, and the success of the picnic yesterday was particularly gratifying to the committee in charge.

The park was a very pretty sight yesterday afternoon, as the soft rays of the sun played through the trees on the white dresses and bright ribbons of the little girls and the jolly swarm of boys assembled to take part in the picnic. From the park there is a splendid view of the river, and here the older members of the picnic party passed the time very pleasantly in visiting and enjoying the delightful, cool breeze. The young people enjoyed the time in playing games of different kinds, such as a peanut race, hand ball and an exciting pie-eating contest, in which a large number of very toothsome pies disappeared in short order. In different parts of the park teeter boards were placed where the youngsters romped the happy hours away until the welcome notes of the supper call notified them that the "feats" held the center of attraction. The committee in charge of the picnic had collected the different lunches, which were all divided up, and as the jolly picnickers filed past with their plates they were given their share of the good things to eat. Two large tubs of lemonade were provided for the party, which gave them plenty of cooling drink for the occasion.

The committee in charge of the picnic, E. C. Hill, H. H. Colton, Floyd Stone, Paul Handley and Elmer Frans, had exerted themselves to make the occasion a success and succeeded most admirably. There were some 275 persons present to take part in the fun of the occasion.

TWO-YEAR-OLD CHILD FALLS IN PAN OF HOT WATER AND IS SCALDED

Yesterday morning quite a severe accident occurred at the home of Mr. and Mrs. C. J. Baker in this city, when their little 2-year-old daughter was severely scalded. The little one was playing around the room while the mother was making preparations for dinner, and setting on the floor was a pan filled with hot water in which Mrs. Baker expected to scald a chicken, and the little babe, in attempting to walk, fell backward in the hot water, scalding it in a very severe manner. Medical aid was summoned for the little one and she was made as comfortable as possible, but suffered a great deal from the pain of the burns, but it is not thought that they will result fatally.

Walter Hessenflow and wife departed this afternoon for Ralston, Neb., where they will reside in the future, having been here on an extended visit at the home of Mrs. Hessenflow's parents, Mr. and Mrs. W. F. Moore.

Here to Visit With Brother.

From Friday's Daily.
E. B. Perry of this city is this week enjoying a visit from his sister, Mrs. Malvina Bowers, of Nelson, Neb., who he had not seen for the past ten years. Mrs. Bowers arrived Monday evening from her home and the visit between the sister and her brother and family is one thoroughly enjoyed by them. Mrs. Bowers is the owner of a very fine farm some six miles from Nelson, and is contemplating selling the farm or leasing it and retiring to one of the towns where she can spend her future years in taking a well-earned rest.

SECOND ANNUAL PICNIC OF THE FRUIT GROWERS AT NEHAWKA AUGUST 19

From Friday's Daily.
The following special from Nehawka gives the particulars of the big fruit growers' picnic that will be held in that place on Wednesday, August 19th. This will be one of the biggest events of its kind held in this part of the state; the second annual fruit growers' picnic, under the auspices of the Eastern Nebraska Fruit Growers' association, will be held at the home of E. M. Pollard, Nehawka, Neb., Wednesday, August 19th. Fruit growers and others interested are invited to attend and the committee having the picnic in charge has received acceptances of invitations from fruit growers in all parts of the Missouri river territory.

At 10 a. m. the guests will be taken for an automobile ride through the Pollard orchards. At 11:30 the packing and storage houses will be inspected and at noon a basket dinner will be served. After dinner speeches will be made by E. M. Pollard, president of the association; John Bland of Columbia, Mo., will give a report of the apple crop of the United States and reports on fruit conditions will be made by representative growers from Iowa, Missouri, Kansas and Nebraska. At 2 p. m. apple sizing and sorting machines will be demonstrated and the chairman will call upon representatives of associations to discuss the subject of "Co-operation, Why and How?"

THAT FATAL BOXING MATCH IN PLATTSMOUTH TWENTY YEARS AGO

From Friday's Daily.
Twenty years ago this evening occurred an event that at the time caused an immense sensation and indignation among the residents of this city. It was the boxing match held at the T. J. Sokol hall by a number of local and Omaha parties, at which Fletcher Robbins of this city and Jimmy Lindsay of Omaha were to go. The fight proved a long one and was terminated when Lindsay punched Robbins a blow below the belt that caused his death a few days afterwards. The feeling of the residents was justly aroused against the man who dealt the blow and for which he received a short term in the penitentiary. Mr. Robbins was a splendid type of manhood and the grief of his friends at his untimely death was most profound.

Leaves for California.

From Saturday's Daily.
Mrs. J. G. Russell of Lincoln, mother of J. L. Russell of this city who has been visiting here with Mr. Russell and family for the past week, departed this morning for Los Angeles, California, to make an extended visit with her daughter and son-in-law, Mr. and Mrs. Tom Draper, in that city. Mrs. J. L. Russell and two children accompanied her as far as Lincoln on her journey to the coast.

THE BAND CONCERT ONE OF THE VERY BEST GIVEN

A Large Audience Present and All Were Greatly Delighted With the Splendid Music.

From Friday's Daily.
There was quite a large number in attendance last evening at Garfield park to listen to the concert offered by the Burlington band, and the program given was one very pleasing to everyone present and the band rendered it in an excellent manner, despite the fact that they were handicapped in getting started by the lights, which were out of commission on account of the loss of a plug for the fuse, and it required some time before the difficulty could be remedied and the concert proceeded with.

The numbers given were well selected from the very best of music and embraced selections from the leading composers. The overture, "Superba," always a favorite with the music-loving public, was given in an excellent manner. The minuet and barcarole from "Les Contes d'Hoffmann," by Offenbach, was another of the very pleasing numbers on the program that was heartily applauded. The maverka, "La Czarine," one of the Russian classics, was rendered most pleasantly by the members of the band and was one of the best that has been given so far.

In the second part of the program there were a number of the popular selections, including the waltz, "Wiener Blut," by Strauss, and the entr'acte, "Bewitching Beauty," as well as a selection from "The Time, the Place and the Girl," all of which were greatly enjoyed by everyone present. During the intermission between the two parts of the program a short address was given by City Attorney Jacob Rine of Omaha and was a very good talk in favor of the cause he has espoused, but this feature of the program was not exactly suited to a great many who had come to the park to hear the music and did not care for the discussion of a political question at this time, and as a result there were a large number who left the park feeling that the speech was rather out of place in the midst of the concert program.

There were a great many of the visiting school teachers present at the concert and they thoroughly enjoyed the fine program that had been prepared for their benefit by Director Schulhof and the members of the band.

FUNERAL OF MISS STELLA GREEN THURSDAY AFTERNOON AT HER LATE HOME

From Friday's Daily.
Yesterday afternoon the funeral of the late Miss Stella Green was held from the home of her parents on Wintersteen Hill, and was attended by a large number of sorrowing friends and relatives of the deceased lady, who gathered to pay their last tributes of respect to one loved and esteemed by them for her splendid traits of character. The funeral services were conducted by Rev. F. M. Druiner of the First Methodist church and were simple, yet impressive, as they conveyed a message of hope and cheer to the sorrow-stricken family of the departed lady, taken from their midst in the prime of her youth. The interment was made in Oak Hill cemetery, south of the city.

Genuine Fletcher's Castoria this week only, at 19c. Gering & Co., the Spot Cash Family Drug-gists. Phone 36.

Certainly Early Corn.

From Saturday's Daily.
This morning County Surveyor Fred Patterson and little daughter, Effie, visited the Journal office bringing with them three ears of corn of this season's crop that were in perfect condition and the earliest corn reported so far this season. The corn was planted by Effie this summer about the time the sweet corn was getting well along toward tasseling, and she was very careful in caring for it, with the result that the corn turned out nicely and is matured in good shape. The corn is on exhibition at the Journal office for those who desire to see some early corn.

MISS MILORED BALSER ENTERTAINS IN HONOR OF GUEST

Saturday afternoon Miss Milored Balsler entertained most charmingly at her home at a 1 o'clock luncheon in honor of her friend, Miss Helen Hicks, of Farnam, Neb., who is her guest for a few days. The affair was one of the most delightful social gatherings of the summer social season and the young ladies present spent the hours most pleasantly in visiting and enjoying themselves until a suitable hour, when a delicious four-course luncheon was served by the hostess that proved a pleasant feature of the afternoon's entertainment. The dining table was very prettily decorated with a large bouquet of Golden Glow, which made a very handsome appearance. Those who were in attendance at the gathering were: Mrs. E. H. Westcott, Mrs. W. G. Brooks, Misses Alice Tney, Florence Balsler, Zelma Tney, Ellen Windham, Lucille Gass and the guest of honor, Miss Hicks, of Farnam.

DOUBLE BIRTHDAY SURPRISE PARTY OUT NEAR CEDAR CREEK

The pleasant country home of Mr. and Mrs. J. R. C. Gregory, near Cedar Creek, was the scene of a most enjoyable surprise party last Thursday evening. The occasion was in honor of the birthday anniversary of their daughters, Fay and Pearl, their birthdays being on August 14 and 13. There were some 200 guests in attendance, who whiled away the hours in various games and amusements, which would make the occasion most delightful and one that would not soon be forgotten. At an appropriate hour a dainty luncheon was served, which materially aided in the pleasures of the evening. At a late hour, and after declaring the Misses Fay and Pearl most excellent entertainers and wishing them many more happy birthdays, they departed for their homes.

Prof. Abbott in Town.

Prof. Ned Abbott, wife and children drove up yesterday in their car and spent the day as the guests of Mrs. E. H. Westcott. Prof. Abbott is now superintendent of the state blind institute at Nebraska City. Previous to taking charge of that institution he was superintendent of the city schools of Plattsmouth. During their stay in this city the professor and Mrs. Abbott made many friends here, who are always pleased to see them. Prof. Ned reported at the Journal headquarters and spent a few pleasant moments.

Henry Starkjohn and wife came in this morning from their farm home west of the city and were passengers on the early Burlington train for Omaha, where they went to spend the day.

Wedding stationery at the Journal office.

THE TEACHERS' INSTITUTE CLOSE FRIDAY AFTERNOON

Very Large Attendance Saw Close of the Most Successful Session Ever Held.

From Saturday's Daily.
Yesterday saw the close of what is pronounced to have been the most successful county institute ever held in Cass county, and the results of the institute will be shown in the future in the continued improvement of the schools of the county. There has been an unusually keen interest shown in this institute and many from outside of the county took advantage of the occasion to attend and share in the opportunities offered by Miss Mary Foster, the efficient county superintendent, who secured the splendid list of lecturers that were present at the institute. Miss Foster was also assisted during the institute week in the office work by Miss Rhena Towle of Lincoln and Mrs. Nettie Stanton of Union, and these ladies looked after the comfort of the teachers in splendid shape and left nothing undone to make the institute of 1914 one of the most pleasant ever held in the history of the county.

The speakers at the institute were all educators of nation-wide reputation, and the able way in which they handled the different phases of the educational questions served to make them very clear to the teachers who attended the institute.

There is many of these held in the state, as each county must hold one institute during the year, but in none has there been a more successful one than that held in Plattsmouth, and the teachers were all well pleased with the manner in which they were received here by the superintendent and the citizens, who threw open their homes for the benefit of the teachers and saw that they were treated in a royal manner while here. The visit of the fair teachers of the county was one greatly enjoyed here and the city stands ready to welcome them next year and assure them that they will be treated right whenever they come here.

PROF. FRANK KOLBABA WILL SOON REMOVE TO BROWNVILLE, TEXAS.

Prof. Frank J. Kolbaba, the violinist, who has made his home in this city for the past two years, has decided to remove to Brownville, Texas, where he will be engaged as the instructor in violin in one of the large educational institutions of that place in the future. Prof. Kolbaba is one of the best instructors on the violin in the west, and has, during his residence in this city, been quite successful in his teaching, having had quite a number of pupils here and a large class in Omaha, where he scored a success with his teaching, but finds that the field here is too limited and will go south in response to the splendid offer made him there. The people of Brownville will find they have one of the best violin instructors that could possibly be secured and his methods have been very successful and the residents of the southern city are to be congratulated on securing his services. It is with regret that the news of his coming departure is received, but he will take with him the best wishes of everyone in Plattsmouth for the success he so well deserves.

M. Tritsch, refracting optician, at Gering & Co.'s Wednesday and Saturday evenings. Examination free.
