

AN INTERESTING SESSION OF CITY DADS MONDAY

More Grading for Sidewalks Ordered, Claims Allowed, and Other Business Transacted.

From Tuesday's Daily.

The city council assembled last evening at the city hall with all the members present to take up their task of wrestling with the problems of regulating the affairs of the city, and following the reading of the minutes by City Clerk Nemetz, they launched into the business of the evening.

A petition from Miss Kate Sikenstriker and several others to have the alley near their property vacated was read, and on motion the request was granted.

A communication was also read from Miss Olive Jones requesting that the city grade near their property on North Third street, in order that a permanent sidewalk might be put down along the property, and the request of the petitioners was granted and the work ordered done at once.

Police Judge Archer presented a request to the council that they take some steps to have the pile of manure in the alley near his residence property removed, as it was very offensive. The police were ordered to notify the livery barn to remove the offensive obstruction.

Dr. J. B. Martin, city physician, addressed a communication to the council covering the matter of the offensive pig pens which it had been claimed were maintained by residents in the south part of the city. The physician stated that he had visited the place complained of by Mrs. Baker and found that the statement as to there being a very offensive odor was true, but that it was not in any way dangerous to the health of the residents there. He had also notified the parties owning the property where the pens were located that they were to be cleaned up without delay. This report was accepted and placed on file.

The petition of Fred Patterson and several other residents of Granite street, between Third and Fourth streets, to have the alley near their property opened, was read and was referred to the streets, alleys and bridges committee for some action.

The streets, alleys and bridges committee presented a report covering the question of the placing of a walk adjoining the Beeson property on North Fourth street, in which they stated that after a thorough discussion of the matter with the property owners they would recommend the placing of a walk around the property instead of the retaining wall, as had at first been recommended, and if the property owners would sign a statement releasing the city from all damages the work should be proceeded with.

Councilman Bajock brought up the matter of the bids for the work of filling the concrete culverts on Locust street, and on motion of Straight the bids for the work were rejected.

On motion of Councilman Bullery the police were ordered to stop the posting of bills and the marking of signs on the sidewalks of the city, and if the practice was not stopped to punish the offenders. This is a step that was much needed, as the habit of marking up the walks has become a nuisance to persons passing along the street and should not be allowed.

Merchants' Police John Fitzpatrick was instructed by the council to act as traffic police for the next three Saturdays, and to keep the vehicles on Main street from violating the rules of the road. This matter has been the cause of a great deal of complaint from many persons and the council will endeavor to try and keep the violators of the law down.

There was considerable discussion among the different members of the council when Councilman Bestor moved that the levy raised for the purpose of aiding in sewer extension be applied to extending the sewer on Chicago avenue in the south part of the city. Other councilmen residing in the different parts of the city indulged in discussion of the motion and it was finally settled when the amendment of Bullery to lay it on the table was adopted, and the question of expending the \$1,800

secured by the levy will be taken up later.

The finance committee of the council reported the following claims, which were allowed and warrants ordered drawn for their respective sums: Edward Svoboda, work at cemetery, \$18.20; Mural Parmele, street sprinkling, \$18; I. N. Cummings, burying one dog, 50c; Fred Patterson, surveying and helper, \$5.20; Waterman Lumber Co., supplies, \$20.05; Mike Lutz, street commissioner, \$36; Walter Trumphauer, street work, \$18; John Swanson, street work, \$24; Albert Jones, same, \$24; Charles McBride, same, \$24; Alvin Jones, same, \$20; S. G. Stone, same, \$14.20; George Ludlow, same, \$7.20.

REPRESENTATIVE FROM DEPARTMENT OF COMMERCE GATHERING STATISTICS

The department of commerce at Washington, D. C., has a representative, Mr. Collins, here looking over the books in the office of the county treasurer to gather the data on the value of the taxable property of Cass county, which will be used by the department in compiling their figures on the wealth of the country, as these officials visit all the different states and counties throughout the country and gather up this valuable information for the use of the department. The United States government is very careful in their securing of facts in regard to the resources of the country and the information secured from the different documents issued can be depended upon as being right up to the minute.

FRIENDS SURPRISE MISSES ALMA AND ELIZABETH HOLLY LAST EVENING

Last evening about 8 o'clock a number of the friends of Misses Alma and Elizabeth Holly gathered at the home of these young ladies to give them a farewell surprise before their departure to take up their school work. The event had been carefully concealed from the knowledge of the young ladies, who were completely taken by surprise when the invaders swept down on the Holly home, but recovering from the pleasant surprise proceeded to enter into the spirit of the occasion and made their friends entirely at home. The beautiful lawn of the Holly home was soon glittering with many handsome Japanese lanterns, whose soft glow made a pleasant scene for the games indulged in by the young folks for several hours. At a suitable hour the party was invited into the dining room, where a very tempting and delicious luncheon was served, which further added to the enjoyment and delight of the young people in attendance. The guests departed at a late hour wishing the Misses Holly great success in their school work. Miss Alma will teach near Manley this year, while Miss Elizabeth has accepted a position in the Puls' school near Murray, and the patrons of these schools will find they have two splendid teachers.

To the Voters of Cass County.

I wish to extend my most sincere thanks to all the voters of Cass county for their loyal support in my behalf at the primary election for the nomination to the office of county clerk. Your support was greatly appreciated, and I wish to assure you that if I am elected at the general election, I shall endeavor to conduct the affairs of the clerk's office in a manner creditable to the entire county. I will always work in the interests of the taxpayers, shall practice economy and attend strictly to business at all times. Yours very truly,

Frank J. Libershal, Present County Clerk. Candidate on democratic and people's independent ticket.

FINE TRIP TO POINTS IN CENTRAL NEBRASKA

Charles Cook and Family Enjoy a Trip to Beaver City, Bloomington and Other Points.

Charles Cook the genial farmer residing just south of the city, has just returned home from a most delightful automobile trip, which he and his family took out into the western part of the state a few days ago. They were accompanied on the journey, which was made in the Ford car of Mr. Cook, by his brother, George Cook of Alvo. The first afternoon out they made some seventy miles, and on the second day completed the journey out to Beaver City, a distance of 210 miles. Here they stopped for a visit at the home of another brother, John Cook, who is the owner of a fine half section some seven miles south of Beaver City. Mr. Cook states that the crops in that section are immense and the wheat, of which there is a large crop, is a great deal of it still unthreshed, and the corn is booming, as the season there has been one of the best enjoyed for some years.

From Beaver City the party proceeded to Bloomington, where they spent the night at the home of Frank Doud, a brother-in-law of Mr. Cook's, and looked over the farming country in the Republican valley, which is booming this year, being filled to overflowing with bounteous crops of all kinds of grain and corn.

While en route the party visited Harvard, the scene of the tornado of a few days ago, and viewed the wreckage made by the storm. Mr. Cook stated that the stories about it not raining in Furnas county were without foundation, as they had one storm there where nine inches of rain fell in a few hours, and as a result of the storm nine bridges were swept away from over the Republican river and a large number of cattle and horses were drowned. While in the west Mr. Cook and family visited for a short time with the George Howard and Jacob Rummell families near Beaver City.

MORE IMPROVEMENTS OF BUSINESS BUILDING FRONTS ON MAIN ST.

Yesterday Mr. Oscar Manger, representing the Vogel Investment Co., of Omaha, the owners of the building at the corner of Fifth and Main streets, occupied by Adolph Geise, was in the city looking over the property in the interests of his company. The Vogel company intend in the near future to make some very extensive alterations and improvements on this building, which includes the placing of a new front in the building that will make it strictly up-to-date in every respect. The improvements will amount to a considerable sum of money and when completed will make this building one of the best in the city in every way. The continued improvement in the business section of the city is a source of gratification to every resident of Plattsmouth, as it reflects the continuous healthy growth of the city, in increasing business standing and population and marks the future full of greater prospects in every way for the city. The exact plans of the Vogel company have not been fully completed, but they will place the building in first-class condition.

From Oklahoma.

C. W. Pitman of Medford, Oklahoma, was a Plattsmouth visitor Tuesday of this week, spending the day with old friends and looking after some business matters. Mr. Pitman was reared in this county, and his father, J. W. Pitman, of Nehawka, has resided here for a great many years. He was called here owing to the illness of his father, who has not been feeling well for the past few months, but is not seriously ill. Mr. Pitman has resided in Oklahoma for the past two years, and is pretty well pleased with that part of the country. He paid the Journal office a brief call Tuesday and renewed for his paper for another year.
