

THE COMMERCIAL CLUB HOLD INTERESTING MEETING

Many Matters Discussed, Chief Among Which Was the Roads Leading Into the City.

From Saturday's Daily.

The meeting of the Commercial club last evening was one filled with a great deal of interest to the fair-sized number of the membership present, and the different subjects brought up for discussion were of vital interest to the city and its future development.

The question of the best methods of getting at the paving of the alleys in the business part of the city was one of the chief subjects before the meeting and all of the membership are almost unanimous in being in favor of taking up the subject and circulating a petition for the consideration of the city council at the next meeting. The alleys from Fourth street in Seventh in the business section of the city are used a great deal by the merchants, and under the present conditions are such that in rainy weather they are almost impassable at times, and the demand for having them paved has grown greater each year until the club feels that the time is ripe to take up the work of circulating the petition. There should be no opposition when the gentlemen in charge of the petition come around to secure the signers.

The paving of the alleys brought on the discussion of another subject that has long been agitating the minds of the residents of High School Hill, and that is the curbing and guttering of Main street from Seventh to Tenth streets, as well as Seventh street from Pearl to Vine. There were quite a number of the property owners from the proposed district present at the meeting and they took up the subject with the greatest of enthusiasm and that it will go through without a delay there is little doubt. On motion a committee of three, T. O. Pollock, J. H. Roberts and E. H. Wescott, were appointed to take up the work of visiting the different property owners and securing their signatures to the petition for the curbing and guttering.

Mr. Baird started a very interesting subject in touching on the need of a good first-class sanitary dairy in the city that would be adequate to supply the needs of the persons who are compelled to buy milk, as at the present time there is much difficulty experienced in securing the right kind of milk, as most of the dairymen who operate on a small scale are supplied with all the customers they can possibly handle. It is expected that in the near future an attempt will be made to interest someone in the starting of a large dairy and to try and prevail upon the gentlemen now engaged in selling milk to branch out on a larger scale of operation than heretofore.

The good roads matter, which has been one of the biggest problems before the club in the past year, is being handled in fine shape by the committee in charge of it and while they have not completed their canvass of the city, they have already secured some \$150, which will be swelled to a larger sum by the time the committee completes its solicitations. The money will be applied to the sum that the county will expend on the roads leading into the city and will make a great improvement in the thoroughfares that are used in traveling into Plattsburgh from the country. This is one of the best moves that has ever been undertaken by the club and is destined to mean a great deal to the betterment of the city in the increasing travel that will come here to attend to their trading. Without good roads we cannot expect the people to come here from the country, and with them there is no limit to the possibilities of having the residents of all section of the county come here often and the result will be a feeling of friendship and common interest between everyone.

The members of the club also spent some time in discussing the condition of the streets, and many of them thought that the paved streets should be cleaned and swept oftener than has been the custom in the past, and for this

purpose R. F. Patterson was appointed a committee of one to look after the matter and try and have the work done by the city.

The committee on the Masonic orphanage reported that the committee from the Masonic Grand Lodge had visited this city and viewed the land that it expected to establish the orphanage upon and were favorably impressed with the proposition offered by this city. A committee from the Commercial Club was appointed that will further urge the matter with the Grand Lodge. The hour growing late there was a unanimous move for adjournment, and the members wended their way homeward.

EVEN TOILET ARTICLES AND DRUGS ARE NOW ADVANCING IN PRICE

The war in Europe has been felt in this country in the increase price of all lines of goods that are handled in this country and which have been imported from the foreign countries now at war. One of the druggists of this city who had occasion to visit one of the leading drug houses of the metropolis reports that in all lines of drugs the advance has been quite heavy and the prospects are for a stronger advance than ever in this line of goods. Toilet articles that were imported from France have gone up by leaps and bounds and some of them cannot be purchased at all. One of the Plattsburgh dry goods stores recently purchased a number of nets used by the ladies in hair dressing and was astonished to see them advanced several dollars on the dozen. The raise has been proportionately in all lines of goods, and the residents of the country will be compelled to open their eyes and make preparations to use only American-made goods for the present at least. The Christmas season this year will find practically only the American-made toys for sale, as France and Germany, the largest makers of the dolls and other toys of Christmas time, and these industries have been paralyzed by the war.

Infection and Insect Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects Cuts, Bruises and sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c at your druggist.

Here on a Short Visit.

From Saturday's Daily. Last evening Albert Fickler came down from Stanton, Neb., where he is engaged in ranching, and after delivering a load of fine cattle to the stock market at South Omaha came down here to visit his old friends for a few minutes. While here Bert was a pleasant visitor at the Journal office.

A Great Help.

We were greatly pleased by a letter received from Arkansas. It reads as follows: "I wish to notify you that I have received Triner's American Elixir of Bitter Wine in perfect order. After having used it up I have to say that it was a great help to me and that I feel well again. My wife, who was treated by a physician, without any result, found her health in this medicine. We are both much obliged to you. Mike Skovranek, Box 34, Denning, Ark." Triner's American Elixir of Bitter Wine gives usually perfect satisfaction in every household. It relieves constipation and helps the bowels to do their work naturally. At drug stores, Jos. Triner, Manufacturer, 1333-1339 S. Ashland avenue, Chicago, Ill. Every family should have at hand Triner's Liniment for emergencies. It relieves rheumatic and neuralgic pains.

THE OLD MISSOURI CLAIMS ANOTHER VICTIM

Oscar Lloyd Goes in Swimming Near King Hill at Rock Bluffs and Drowns.

Yesterday afternoon the old Missouri river, with its deep whirlpools, claimed another victim in the person of Oscar Lloyd, a young man residing near Murray. The drowning occurred near King Hill, several miles south of this city, where Mr. Lloyd and several companions were engaged in swimming there in the river. From what can be learned of the accident it seemed that Lloyd was not much of a swimmer and had been warned several times of the danger of getting out into the deep water, but did not heed the advice of his friends and started out into the deep water, and the first saw of his plight was when he suddenly sank out of sight. His twin brother, Oliver Lloyd, attempted to rescue his unfortunate companion and being unable to swim was nearly drowned himself, as it was with difficulty that the rest of the party secured Oliver, while the attempt to reach Oscar was without avail, as there could be no trace found of the body, which has probably lodged in one of the deep pockets formed by the river along the bank.

Where the drowning occurred is very deep and quite a distance from where the party first started to swim, but Lloyd kept walking out through the shallow water until without warning he was sent to his death. He has been employed as a saw mill operative throughout this county and is a man well known by almost everyone in Murray and its immediate vicinity. The death came as a great shock to the friends in that place, as the news was telephoned from a farm house near the scene of the accident. The drowning should serve as a warning to those who cannot swim going out into the water of the river where they are liable at any time to drown.

THE RILEY HOTEL TO CHANGE OWNERSHIP AND MANAGEMENT JAN. 1

The Hotel Riley, which for the past year has been under the management of Mont Robb, one of the most efficient hotel men in the state, was sold Saturday by J. P. Falter, the agent for the building, to Mr. W. F. Kinslow of Lowry City, Missouri. This is one of the handsomest buildings in the city and was erected at an original cost of some \$80,000, and is well worth purchasing by anyone seeking a good investment. During the management of Mr. Robb it has been very successful and it is with regret that the Plattsburgh people will see this gentleman retire from the active management of the hotel, as he has been a most accommodating gentleman in the conduct of the Riley and his service to the public has been the best possible to secure. Mr. Kinslow will take possession of the hotel January 1st, when the change in management will be made. To the new owner a hearty welcome will be extended by the residents of this city, with the best wishes for his success in his new venture. Mr. Kinslow comes here from Missouri, where he has been engaged in this line of work and will endeavor to make the Riley one of the most popular hotels in the state.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Holl, of Snow Hill, N. C. For sale by all dealers.

House Party at Vallery Home.

The past week the handsome country home of Mr. and Mrs. J. R. Vallery, near Mynard, was the scene of a most delightful house party, when they entertained a large number of those in attendance at the Mutz family reunion. The guests all departed for their respective homes Saturday afternoon delighted with the charming hospitality of the Vallery home. Those who composed the party were: Walter Mutz and wife, Miss Bessie Mutz, John Mutz, Harry Mutz, Lou Mutz, Guy Mutz, wife and son; J. Mutz, wife and two daughters, Marysville, Missouri; Otto Mutz, wife and daughter, Hope, Lincoln; Alberta and Mary Mutz, Auburn.

THE ATHLETICS PLAY M'PAUL, IOWA, TEAM

There Was a Small Crowd Present to Witness Game and the Athletics Wore Defeated.

Yesterday seems to have been an unlucky day for the Plattsburgh boys in the field of the great national game, as both at Maudley and in this city the Plattsburgh boys went to defeat.

The Athletics of this city put on a real interesting game at the Red Sox ball park, having as their opponents a team from McPaul Iowa, and it required an extra inning for the Iowans to annex the game by a score of 8 to 6. McPaul secured their scores scattering throughout the different innings, getting one in the fourth, one in the sixth and in the seventh added three more to their list and one in the eighth. The Plattsburgh boys were scoreless until the eighth inning, when they opened up on the slants of Mr. Cost, the Iowa writer, and planted the ball for six scores that tied the game up in good shape, and the chances of winning looked good. In the ninth the locals were in a position to nail the game down securely, as they had three men on the bases when Long rapped one to the outfield, where the fielder muffed the ball and the man on third might have scored, but delayed, and when the boys came to the side was out on a forced run. McPaul ended the agony in the tenth when they added two more scores to their list and made a victory out of what seemed almost certain defeat. McPaul played a good game throughout and their work in the outfield was especially good, as their players in the outer gardens did not slip up on their chances. J. and L. Greenwood, who covered center and right field for the Iowa boys, were the chief stickers for the team and done effective work. A. Hula of the Athletics in the eighth inning came near demolishing the left field fence with a long hard hit that did business with the Storz sign and almost tore the board off the fence. Long, who did the tossing for the locals, was in good form and allowed only three hits in the ten innings. Clarence Mason, in center field for the local team, was there and over in his work on the job, both in the hitting and fielding departments of the game.

Buick Agency in Plattsburgh.

F. H. Pollock has taken the agency for the Buick automobile in this city, and is ready to talk car to anyone desiring this popular make. The line will comprise three cars, and are selling at \$950, \$1,235 and \$1,650; the \$1,650 car being the six cylinder.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially in the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

Typewriter ribbons at the Journal office.

This is

BOYS' WEEK

at our store.

Next Monday the school bell rings. All this week our store rings with bargains for boys.

REUNION OF DESCENDANTS OF THE LATE JOHN MUTZ

A Large Number of the Relatives Meet at the Old Homestead in Eight Mile Grove.

Over sixty of the relatives of the late John Mutz and wife, who homesteaded in Cass county, about nine miles southwest of Plattsburgh, in 1856, held a family reunion on the old homestead on Friday and Saturday of last week, at which the members of the family gathered to enjoy a visit among themselves for the two days, and the event will long dwell in their memory as one of the most pleasant events of their lives. John Mutz, the founder of the family, was well known during his lifetime throughout Cass county and on several occasions was honored by his neighbors with election to public office, which trust he executed with credit to himself and his country.

All eight of the living children of Mr. and Mrs. Mutz were present at the reunion, as follows: George W. Mutz, College View, Neb.; Austin C. Mutz, Auburn, Neb.; Walter Mutz, Marysville, Missouri; William A. Mutz, Sacred Heart, Minnesota; Otto Mutz, Lincoln, Neb.; Albert B. Mutz, Auburn, Neb.; Nellie Mutz, Majors, Lincoln, Neb.; Hattie Mutz, Stewart, Montague, Michigan.

There eight sons and daughters are the parents and grandparents of more than eighty children and grandchildren, of whom about fifty were present at the reunion. The old homestead is not now owned by a member of the family, but on it is now living Charles W. Mutz, a grandson of the original homesteader. It was by his invitation that the members of the family gathered there for their reunion.

On the second day of the reunion old friends of the family were invited to be present and a large number were there to enjoy the delightful occasion. During the course of the afternoon each of the sons and daughters of John Mutz made a short talk, in which they recounted some of their early life on the homestead, and they also sang some of the old songs they used to sing at the church on the hill, and the strains of the music brought back memories of the long ago in a flood of recollection.

It was decided at the close of the reunion to hold another next year, and probably the gathering of this splendid family will be made an annual event.

Over 500 large size sample swatches of new Fall woolsens from Ed. V. Price & Co., are here for your inspection.

Stetson Hats

from Ed. V. Price & Co., are here for your inspection. They include every good weave and pattern offered by the markets at home and abroad. This is the 12th consecutive season for our connection with this high-class tailoring establishment, and coming after the largest season's tailoring business we have ever had, we feel greatly encouraged over the prospects for Fall.

Come in, any time, select your pattern; we'll take accurate measurements and descriptions and insure you of perfect fitting garments. Delivery in one week.

Prices range \$20 to \$50

R. L. Propst Sick.

Saturday afternoon R. L. Propst came in from his home at Mynard for the first time in ten days, having been suffering from a severe attack of acute indigestion during that period of time. Mr. Propst had been enjoying very good health up to this time and the sickness which laid him up was very severe and kept him from all activities for the entire ten days, and to a man used to the active life of Mr. Propst this proved most irksome. He was unable for five days to touch any solid food, and only Saturday was permitted to partake of the very lightest of foods.

Certainly "Some" Pears.

This morning Joseph Jelinek brought to the Journal office what we consider to be the finest collection of pears ever raised in the city, and both in the number and size they are certainly some pears. They were raised on the property of Mr. Jelinek in the west part of the city and consisted of two small limbs or branches that are loaded with great, large, luscious specimens of the fruit. One branch has four and one six large pears. Mr. Jelinek takes a great pride and justly as to the fine fruit

Democratic Committee Meeting.

Notice is hereby given that I have called a meeting of the democratic county central committee and all candidates, to be held at Elmwood on Saturday, September 5th, at 11 o'clock a. m. All candidates and committee-men are urgently requested to be present. L. F. Langhorst, Chairman.

How the Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep the bowels regular and you will avoid these diseases. For sale by all dealers.
