WILLIAM RINKER SUFFERS FROM IN- JURY RECEIVED

In Omaha August 10 in Attempting to Stop a Runaway Team, Taken to a Specialist.

From Friday's Daily.

This morning William Rinker was taken to Omaha where he will be examined by a specialist in order to determine the nature of a malady that has afflicted him and which has rendered him absolutely helpless. On Monday, August 10th, Mr. Rinker and family were in Omaha attending the Ringling circus and while there a runaway of one of the teams belonging to the circus occurred and Mr. Rinker made an attempt to stop the team with the result that he was thrown to the pavement striking his head on the pavement. At the time it was not thought anything of the accident as the injury did not seem serious and he returned home feeling no bad effects of the fall. A few days later he complained of feeling pains in his head but still nothing was thought of connecting the accident in Omaha with his trouble. He continued at his work as usual during this time until yesterday when he suffered a complete collapse and was unable to leave his home being rendered absolutely helpless and seemed afflicted with what seemed to be concussion of the brain. This morning the right side of his body was completely paralyzed and he was unable to utter a sound and seemed to be in only a semi-conscious condition. His condition is quite alarming and it was thought best that he be taken to Omaha where he will be subjected to an examination in order to determine the cause of the attack and to try and relieve the suffering of the unfortunate man. It is to be hoped that it will be possible to bring back Mr. Rinker to his family here with the prospects of being restored to health. A. H. Rinker, father of the young man and William Gravitt accompanied him to Omaha.

THE MISSOURI RIVER GAME LAW IS STILL IN FORCE AND EFFECT

State Game Warden Ruthenbeck has received no official notice of any change in the national game laws. A man who is alleged to be a government inspector or agent recently announced at Omaha that the national law would permit an open season on the Missouri river the national law. The original ninth of Nebraska City commencing October 1. No official notice of such a change has been received by the state game warden who is supposed to co-operate with the government's agents in enforcing the national game law. The original national law, so far as he knows, still stands. It provides for a permanent closed season on or along the Missouri river from Nebraska City to Bismarck, S. D. Both the national and state laws say the open season on water fowl in Nebraska begins September 1. The government was unable to enforce the law against spring shooting this year on account of lack of funds and the state game wardens did not have authority from the government to make arrests under the government law, so the national law was laxly enforced last spring.—Lincoln Journal.

Returns From Iowa Trip.

Col. J. H. Thrasher and wife have just returned from Persia, Iowa, where they have been enjoying a short visit at the home of Mrs. Thrasher's sister and family near that place on a farm. The colonel brought with him a large ear of the famous yellow dent corn that is surely some corn, and was raised on the farm where Mr. and Mrs. Thrasher were visiting and if the whole crop there is as good as this one specimen they certainly have some corn they can be proud of. The trip to Iowa and return was made in an auto, and was one thoroughly enjoyed by our two worthy friends.

THE HOME-COMING
AND FRATERNAL PICNIC
AT PACIFIC JUNCTION

The home coming and fraternal picnic at Pacific Junction this week has proven a greater success than even the promoters had figured on as the crowd has been large each day and night. Today is the big day of the three days' entertainment as all the old residents of Mills county or who had ever lived there were invited to take part in the festivities of the day and several hundred availed themselves of the opportunity. The enterprise of the little town across the river in arranging the three days of entertainment is to be commended and they have shown visitors there a very good time. The attendance at the different days has been quite large. The features of the entertainments afforded were ball games between the Pacific Junction team and others from different parts of Mills county, and the concerts by the Glenwood institute band. Quite a number from this city have visited the reunion and report a big time.
