Library Notes.

Be careful about keeping books overtime, now that we have regular librarians.

September is the month when membership fees are due. The membership fee is \$1.00 for a family for the year. New members are solicited. Be as prompt as possible about your dues, as this money is used in the payment of new books.

Tuesday evening, Sept. 22, is the first social library meeting. Election of officers will be made for the year at this meeting. Members are urged to attend and those wishing to become members are invited to be present at this meeting. Delegates to the state federation at Pawnee City will be made. Be sure and be present.

Free Show at Weeping Water.

W. S. SMITH SOON TO HAVE CHARGE OF POST-OFFICE AT MURRAY

The residents of Murray will in a very short time be receiving their mail through the hands of Postmaster W. S. Smith, as that gentleman has been appointed to that position held by Arthur Baker for the past twelve or fourteen years. The nomination of Mr. Smith has been confirmed by the senate and it only requires the acceptance of his bond and the receiving of the commission when he will be placed in charge of the office at Murray. Mr. Smith is a gentleman eminently well fitted for the position to which he has been appointed, and a worthy successor to the genial gentleman who has had charge of the office for the past few years. As soon as the office is transferred to Mr. Smith he expects to remove it to his store where it can be handled a great deal more conveniently to him. The Journal extends congratulations to Postmaster Smith and trusts that he will have a most successful administration of the office. The retiring postmaster is a worthy gentleman, and one who retains the confidence and respect of all who know him.

Stalled at Osceola, Iowa.

Mrs. J. W. Holmes and Miss Margie Walker returned home from their Illinois auto trip Monday, but did not arrive in the auto as they expected when the trip was made back to Dallas City a few days ago. They started a few days ago in the big Burg car of Mr. Holmes that has been in the factory receiving a new coat of paint. They came through mud and rain for many miles, and arriving at Osceola, Iowa, they were compelled to abandon the trip for the present, and Mrs. Holmes and Miss Margie came home on the train and Jim remained at Osceola to await more favorable weather to complete the journey home, which may be within the next few days.

Rally Day at Christian Church.

Next Sunday will be Rally Day at the Christian Sunday school in Murray. An excellent program of special music has been arranged and the promoters of the occasion hope to have at least 100 in attendance. Two new teachers will be added to the staff, and the entire school will be reorganized and placed into classes and graded, and the graded lessons will be in evidence on October 1st. The new minister is just beginning his year's work in Murray, and the Sunday school workers wish each and every one to give just as much of their time as possible to the success of the church and Sunday school. They have secured very efficient teachers, and are prepared to do better work than ever, so let the attendance be as large as possible.

A Movement That Forty Years Ago Was Stirring Up Things.

A movement is on foot to grade these roads and get them in running order, for the benefit of our Nebraska City friends, we give the case as it stands, being informed that many persons down there do not understand that aid has been voted in Cass county for both roads and not one alone, and that Cass county people are interested in the building of both roads alike. One hundred and thirty thousand dollars are voted for what we call the trunk road. Five thousand dollars a mile are voted for the Weeping Water road. The Trunk bonds expire on the 30th day of June next, while the W. W. bonds have over one year from that time to run.

Now none of use want to lose the chance of any roads in the eastern part of the state.

We have pointed out the advantages of such roads on this side of the river, in Nebraska, so often that we are almost tired of it, but for the good of the old

river counties we like so much we will go over the ground again. These roads, if built, will bring taxable property within the state. They will keep money here instead of sending it away.

They build up towns and villages and constitute a home market that will absorb more or less of the farmers' produce that cannot be shipped abroad. They will bring passengers and travel through our river counties and give them a chance to see these counties and invest in them. Men will be more apt to select homes in a land they can travel through than one they only view from a distance. Lastly, they will open a vast and new outlet for the former to dispose of his produce, and place the towns along both lines on the great highway to the ocean at Galveston, or somewhere in that neighborhood in a few years.

The money and the travel, the wealth and the new blood of the state have been carried right by us and beyond us to the far west for some years, leaving the fairest and richest country in the state behind in the race for settlement. Don't you see this settlers in Otoe; in Cass? Had these roads been built some years ago there would have been no "A. & N." Neb. City would have divided the

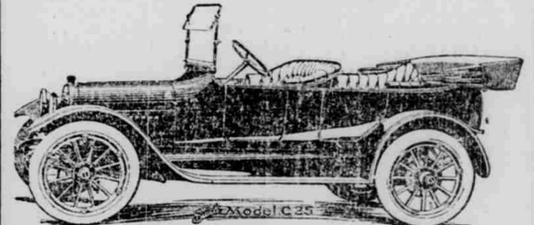

trade with Lincoln. She may yet when once on a great southern thoroughfare and not on a side track.

If we understand the matter, they are about to vote for an extension of the "Northwestern" bonds in Otoe, that will give us these roads at once, with all these advantages. We hope no one in Cass county will be foolish enough to oppose this plan. It will help Cass county more than can be dreamed of now. In Otoe and Neb. City we consider it almost their salvation in the future. Do not let the chance slip. We care not what you call the road. Call it the N. W., W. W., or what you please, make the main line up the W. W. if you like, only give us the outlet, and do not let this chance slip to build two roads through a section of country at present left one side of the travel and trade of the state. One of the finest portions at that. We sincerely hope that the judicious and far-seeing friends of Otoe and Neb. City will see this and feel that this is our last chance to retain our prestige and our business in the eastern counties. Every settler in these two counties has a stake in this matter, and in seeing these roads built. Let none then throw a stone in the way of success.
