

# DISTRICT CONVENTION OF WOMAN'S RELIEF CORPS

About Fifty Delegates Present, and a Most Interesting Business Meeting Enjoyed by All Present.

Last evening the district convention of the Woman's Relief Corps closed their session in this city with a most delightful supper served at the Modern Woodman hall by the ladies of the local Relief Corps which was given in honor of the visiting delegates and the ladies who assisted in the work of the convention by their numbers on the program. The supper brought to an end what was unanimously pronounced to be one of the best meetings that has been held by the association in recent years, and the visitors were loud in their praise of the splendid manner that the Plattsmouth ladies had entertained them while here. The delicious repast provided was certainly in keeping with the generous royal manner in which the visitors were treated while in the city as guests.

The business session of the convention was attended by some fifty ladies from outside of the city as well as the members of the Corps here, and great enthusiasm was displayed in the work of the order by the membership. The following were selected as officers of the organization for the ensuing year:

- President—Miss Ada Heimie, Hooper.
  - Senior Vice President—Mrs. Amy Wright, Fremont.
  - Junior Vice President—Mrs. Jennie Dodge, Plattsmouth.
  - Secretary—Mrs. Kate Remington, Omaha.
  - Treasurer—Mrs. W. S. Askwith, Plattsmouth.
  - Conductress—Mrs. Beulah Davis, Omaha.
  - Assistant Conductress—Mrs. Dora Michaels, Tekamah.
  - Guide—Mrs. McGuire, Tekamah.
  - Assistant Guide—Mrs. Beatty, Omaha.
  - Patriotic Instructor—Mrs. Lillian Eddy, Omaha.
  - Press Correspondent—Mrs. Carrie Beans, Lyons.
  - Musician—Mrs. Edna Noble, Blair.
- The convention also decided that next year they would be entertained by the city of Omaha and hold their convention there as well as expressing to the retiring president, Mrs. Burkle, and the Plattsmouth Corps their deep appreciation of the treatment afforded them while here.

During the convention a short but very delightful program was afforded for the entertainment of the convention consisting of readings by Mrs. Allan J. Beeson and Miss Ellen Windham; piano numbers by Mrs. A. O. Eggenberger, and a vocal selection by Mrs. E. H. Wescott, all of which were greatly enjoyed and added much to the pleasantness of the meeting.

The ladies of the Relief Corps desire to publicly express their appreciation of the aid of the Commercial club who so generously provided the hall for the convention; to the ladies donating their services to the program, and to the merchants who decorated their places of business in honor of the meeting.

## JUDGE ARCHER ROUNDING OUT HIS TWENTY-FIFTH YEAR AS JUSTICE OF THE PEACE

Judge M. Archer, who yesterday was re-elected to the position of police magistrate and justice of the peace, is rounding out his 25th year as a justice, and his 21st as police judge of Plattsmouth, and the election gives him two more years in these positions, which he has filled evidently to the entire satisfaction of the voters of the city. The judge feels well pleased over the result, as he should, as it demonstrates the confidence of the voters of the city in the worthy gentleman who has for all these years filled the offices to which he has been elected with such fairness and impartiality. The judge will continue on the job for the coming two years and hand out justice with his usual fairness.

Mrs. Mattie Hathaway and daughter, Miss Fern of Murray; Mr. and Mrs. Wm. Chalfant of Murray, and Miss May Wolfe of Union motored to this city today for a visit with friends and to attend to some business matters.

### John Mattes Is Elected.

The Journal this afternoon received a message from Hon. John Mattes, Jr., of Nebraska City, democratic candidate for state senator from the Second district, informing us that he had been given the great majority of 500 by his home county, which practically assures his election, as his opponent, Mr. Sturm, will not have at the outside over 400 in this county, which is a very good compliment to this gentleman from his home county. The Second district will now in the future be represented by John Mattes, who is a clever gentleman and alive to the interests of the people.

## WOMAN'S RELIEF CORPS HOLD THEIR DISTRICT CONVENTION HERE TODAY

The opening of the district convention of the Woman's Relief Corps in this city this morning brought in quite a number of ladies as delegates to the meeting that was held in the Woodman building. The business houses generally observed the occasion of the gathering of the patriotic organization by displaying flags and the national colors on their buildings and stores. The meeting was called to order by Mrs. Nannie Burkle of this city, president of the organization, who welcomed the visiting delegates to Plattsmouth, and at the close of the convention at once got down to business by starting in on the regular business of the session.

## AS THE ELECTION IS OVER MAYBE WE CAN NOW BOOST A LITTLE FOR PLATTSMOUTH

Now that the heat and excitement of the election has been passed by, and the winners and losers among the different parties have adjusted themselves to the result, it is time to look forward to boosting the continued improvement of conditions in this city in the way of better sidewalk facilities, better homes and improvement in property that will place Plattsmouth in the front rank of the cities of Nebraska where it properly belongs. There has been much good accomplished in the year just closed by the erecting of new houses to care for the increasing population of the city and the new households that are being planted among us. There should be no let up of the propaganda for the larger and better city and in the end there is no doubt that there will be one of the liveliest cities in the state right here in Plattsmouth.

### It Will Come.

The supreme court of Missouri has held that all clubs and social organizations who dispense intoxicants and where they have buffets or things of that nature, they must take out a license the same as a saloon. This decision closed up all of the clubs and buffets in the state, and there is a likelihood that if the same question is raised in Nebraska the courts could not help but hold the same way and thus give the saloons or licensed places the only right to sell intoxicants.—Nebraska City News.

### Ladies' Auxiliary Meeting.

The Ladies' Auxiliary of the Presbyterian church were very pleasantly entertained by Mrs. J. M. Roberts and Miss Margaret Hodger at the home of Mrs. Roberts yesterday afternoon. This was the regular meeting, and there was a large number of the ladies in attendance. The early hours of the afternoon were devoted to a very interesting business session at which time the ladies discussed the Rummage Sale, which the ladies of the church will hold next Thursday, Friday and Saturday, November 12, 13 and 14. After the business session the ladies enjoyed a most delightful social time. Dainty refreshments were served.

### Curbing and Guttering Rushed.

The work on the curbing and guttering on South Sixth street is progressing nicely and it will be only a question of a short time until the work will be completed and ready for the grading that will place the street in first-class shape for travel. The fine weather of the past few weeks has proved most helpful to the work and allowed the contractor to push the laying of the concrete curbing and guttering. The work in the other districts has given the best of satisfaction, and the residents of South Sixth street can rest assured they will be given a piece of work of which they may be proud.

# "DON'T LIE TO YOUR WIFE," COMING TO THE PARMELE

A Rich, Rare and Racy Musical Comedy, and One of the Best That Has Visited Plattsmouth.

The following, taken from the Mankato, Minn., Daily Review, speaks in very high terms of the attraction secured by Manager Shlaes for the Parmele theatre on next Friday evening, November 13. The show is filled with bright musical numbers and is of the musical comedy order so very popular with the theatre-goers:

Those who witnessed the musical comedy, "Don't Lie to Your Wife," presented to a good sized audience at Mankato theatre Saturday night, were given a rare treat, and it is seldom a better satisfied audience has left our theatre after a performance. The company throughout was strong, the costuming beautiful and the scenic effects striking. The music during the action of the play is of the whistling kind, and especially attractive were the songs, "A Little Love, a Little Kiss," "You're Here and I'm Here," "The Cortelouo Twirl" and "The Croony Melody," all splendidly rendered by the company.

We understand the company will play a return date here, and if it does a capacity audience can be counted on. It is a city attraction and worthy of liberal support wherever it appears.

## SUGAR AGAIN TOOK A SLIGHT TUMBLE TUESDAY

Sugar took another tumble of 30 cents per hundred wholesale Tuesday. Beet is now quoted at \$5.65 per hundred and cane at \$5.95. Flour now retails from \$1.45 to \$1.75 for a 48-pound sack. It has recently advanced 5 cents a sack. Wheat continues to advance a cent or two a bushel and then falls back to the old quotations. Flour dealers are not anticipating a sharp advance before spring and grain dealers hold the same views. It is predicted that wheat may go as high as \$1.50 a bushel when the European demand becomes heavy. This development is not looked for, for several months yet. Some butchers are selling meat several cents cheaper than a short time ago. Round steak which retailed at 20 cents a pound is now quoted at 20 cents; pork chops and loin which sold at 20 cents are now 2 cents lower a pound. Porterhouse and tenderloin are quoted at 30 cents a pound, which is 5 cents lower than a few weeks ago. Beef roasts are 2 cents cheaper per pound. At the packing house agencies it was stated that there was no charge in the price of the choice cuts of beef or pork, but there was a decline in the cheaper cuts of meat. One manager said that there has been no change in prices of the better kinds of meat for a long time, perhaps four or five months. He looks for higher prices as soon as colder weather sets in.—Lincoln Journal.

### Karnival! Karnival!

Commencing Saturday evening, November 7, at Fairview school house. Remember the date! Remember the date!

"Laugh and the world laughs with you."

Come out Saturday night and have your share of the fun, for you know "a little nonsense now and then is relished by the best of men."

The Cotton Pickers have brought the whole show.

On Midway you will find Old Aunt Dinah, who can tell you the past as well as the future.

The Minstrel Show from the land of sunshine and cotton will furnish music and singing throughout the evening.

The confetti man will be on hand, also. Professor Squeechy and his flying machine. Come prepared for a big evening of fun and frolic.

Bring the kiddies and let them feed the monkeys and ride the elephant. As all will no doubt be hungry, ladies will please bring boxes which will be auctioned. Children's boxes will be sold separately.

Flowers in Garden Still. Mrs. Jonas Johnson brought to the Journal office today a very unusual sight for this time of the year—that of a spray of bride-wreath in full bloom and the leaves tinged with the frost through which the plant had passed. This is the second time that the bush has blossomed, and if the weather continues good the blooms may remain for several days.

## MANY NEEDED IMPROVEMENTS HAVE BEEN MADE ABOUT THE COURT HOUSE

The great need of improvement being made in the court house is becoming more evident every day, and the county commissioners should see that there are steps taken that will place the handsome building in the proper state of repair. The tiled floor on the second floor where it is used a great deal is in need of being fixed up, as there are a large number of them loose and for this there should be some provision made. Then again, the matter of the redecorating of the building grows more pressing each year and the building that is as fine as any in this section of the state should be kept up in a manner that will be a credit to the residents of Cass county. The proposition of painting and redecorating the interior of the building was agitated some time ago, and it seemed likely that some satisfactory action would be taken, but this was laid-over and allowed to drift without any steps being taken to see what could be done, although a number of the painters of the city were consulted on the matter, but their bids were evidently too high. The interior of the court house should be overhauled this winter without fail and kept in shape where a little money each year will put it in first shape, when if it is let go there will be required a large amount to fix it up.

## FRED EBINGER TALKS ABOUT THE WAR CONDITIONS NOW IN GERMANY

In speaking of the great war in Europe that is being waged at the present moment, Fred W. Ebinger, who was just enabled to return home from Germany, states that in that country the horrors of war have not been brought to the citizens of the country and the manufactures and industries continue undisturbed, although the absence of the men at the front is to be noticed. He also states that the steamers from this country that carried over the reserves from America and other parts of the world were stopped by the English and French vessels and conveyed into ports in that country where the men who were of military age were herded together in detention camps and guarded by the troops of France and England. There were several hundred taken in this manner, the first load numbering some 800 that were detained in the English ports, while another shipload of 400 were sent to France, where they were herded together as prisoners of war to remain until the close of the war. He expresses the opinion that sentiment generally in Germany is that English jealousy of the German commercial progress was the real factor that started the warfare and involved the whole continent in the struggle. He also says that he is glad to be back in the land of the free, where there is nothing doing in the war line.

### Suffragettes Are Out Early.

The election today was marked by a new feature in the number of ladies who were at the polls of the different wards boosting the cause of woman suffrage for which they are very enthusiastic, and there was hardly a voter that escaped their attentions and requests for their aid. These were only second to the large number of men working for their favorite candidates, and the poor voters who were compelled to run the gauntlet of the different voters were certainly well fixed as to advice as to voting. The interest in the election overshadowed almost everything else on Main street where a number of the voting places are located.

## FRIENDS OF FRED W. EBINGER GIVE HIM A WELCOME ENTERTAINMENT

Yesterday a number of the old-time friends of Fred W. Ebinger decided to give that gentleman an appropriate farewell before he departed for his home at Plainview, Neb., and accordingly they gathered last evening at the German Home to enjoy a few social hours with each other. Mr. Ebinger has had many very interesting experiences during the time he was in Germany, and was enabled to secure many facts about the war there that have not been published in the papers of this country, and last evening gave a few remarks on the war situation from the viewpoint of the German people, and the address while brief was one thoroughly appreciated and enjoyed by the old friends many of whom were thoroughly familiar with the different cities and points of interest visited by Mr. Ebinger in the old world. A fine lunch and refreshments were served during the course of the evening that were thoroughly appreciated by the large number present to extend their good wishes and congratulations to Mr. Ebinger.

In his remarks on the different cities of Germany, Mr. Ebinger dwelt especially on the magnificent museums of Berlin and Munich. He also traveled for awhile in Switzerland and said it is "chruessnat i de Schwiz." When he returned from Switzerland to Munich the mobilization order was posted all over the city, and it worked like clock-work. The number of reservists who were hurrying to the colors and the garrisons were countless, and the people were so enthusiastic and patriotic that their patriotic songs could be heard day and night. The speaker related a very remarkable incident that had been brought to his mind. In the early part of May some French soldiers worked at the famous Mercedes automobile factory of Daimler & Co. at Nurntzen, the place where Mr. Ebinger came from, were called to the army and these French soldiers wrote back to the company that they were compelled to make trenches on the border of Alsace-Lorraine, this being long before war was declared. He also spoke of the treaty that was found by the German soldiers at Brussels, which proves that since 1906 there has been a mutual agreement existing between France, England and Belgium to invade Germany, and the great supplies of munitions found at Mauberge proved that Belgium was destined to be the place of concentration of the troops of the Allies, and still Belgium claimed to be neutral. The people in England themselves admit that the neutrality of Belgium is a poor excuse, but on account of German industry and commerce Germany had to be crushed so that England could rule the waves. Mr. Ebinger was also in possession of a dum-dum bullet which it is claimed was used by the English soldiers. He also had one of the French bullets with him. The enthusiasm of the German people surpasses all imagination, states Mr. Ebinger, and they will fight for their homes to the last drop of blood against the enemy. He was often told in Germany that they desired no sympathy from America, but desired to put the truth before the citizens of this country in the right light, and with the truth, since the cablegrams of the Allies as well as colored reports have given the wrong impression of the situation.

## SERVICES AT THE CHRISTIAN CHURCH ARE BEING LARGELY ATTENDED

The services at the Church of Christ last week were well attended, in spite of yesterday being election day. Intense interest was given to Evangelist Myers as he handled the subject, "Rightly Dividing the Word of Truth." His discourse was handled in a masterly way and contained instructions that are needed by all Bible students. Brother Myers presents his subjects in a clean-cut manner, and uses language that a child may understand, thus making the services interesting for both young and old. He has the cause of the Master at heart and is enabled thereby to speak the Word in kindness and love, which is already beginning to get a hold on those who attend the services. Brother Myers does not come to us as one unknown, but he held a successful pastorate of two and one-half years at Elmwood in this county. His subject for tonight is "The Six Kingdoms." You are invited to attend these services. Remember they begin at 7:30 p. m., and usually close before 9 o'clock.

## MRS. ALBERT NELSON ENTERTAINS IN HONOR OF COUSIN FROM CALIFORNIA

Mrs. Albert Nelson yesterday afternoon very pleasantly entertained a number of her neighbors at her home on South Ninth street in honor of her cousin, Mrs. Charles of California. The time was taken up over needle-work, which the guests had thoughtfully taken with them. The conversation was brisk, and before taking their departure, luncheon was served by the hostess. Among those present were Mesdames Swanson, Nelson, Holmburg, Rhode, Holstover, Steinhauer, Charles and Anderson, and Misses Gladys Steinhauer and Elsie Holstrom.

### Judge Beeson Wins Out.

From the indications of the few precincts that have brought in returns on the county judgeship it would seem to indicate that Judge Beeson would be returned to his office by a majority of from 1,200 to 1,500, but this, of course, may be changed as only a few scattering precincts have been turned in on this proposition. The judge is not worrying any, however, over the result of the election which has been purely a friendly rivalry for the office.

**Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Also cases out of ear are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give you Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists.
