

HAVELOCK BOILER-MAKERS TOO MUCH FOR PLATTSMOUTH

Return Home Victorious by the Decisive Score of 6 to 2 in Their Favor and Highly Elated.

From Friday's Daily.

The foot ball warriors of Havelock yesterday came down in force from their home in the Lincoln suburb and were lucky enough to depart for their home, taking with them the scalps of the local foot ball artists by a decisive score of 6 to 2. The game was attended by the largest crowd that has been present at any game this season and much enthusiasm was shown by the rooters when the Plattsmouth team was in the lead. The visitors brought with them quite a delegation of boosters, who were very enthusiastic. The fake forward pass was used effectively by the Havelock players, while the locals were unable to successfully carry out their passes and lost on this repeatedly.

In the line of playing Jirousek, Humphries, Ames and Worstadt were the chief troublemakers for Plattsmouth, as they were effective against the fast bunch from Lancaster county at all times, and in fact were about the only ones to do any effective tackling in the early half of the game. The game was refereed by Herb Potter, the all-Missouri valley quarterback of the Cornhuskers, and his decisions were all to the good, as his long experience on the fastest team in the west has equipped him to handle this position most effectively.

Plattsmouth opened up strong on the visitors and were soon right in their territory and were successful in pushing the Havelock bunch over their own goal line for a safety that netted the only score made by Plattsmouth. Then the team seemed to grow rattled and were unable to do any concerted work, either on the defensive or offensive, as their runners were left without protection when carrying the ball, and in tackling the visitors they were not any more successful, as the Havelock fullback, Miner, worked his fake pass several times in succession for heavy gains into the Plattsmouth territory, and in a few minutes of play had come over the goal line for a touchdown, which looked good for a victory.

After the first half of the game the locals took a brace on themselves and in the last quarter of the contest put up one of the best exhibitions of foot ball seen here this season, but to no avail, as the time was too short, and although they battled desperately, they were still several feet from the goal when the whistle blew and the staff was off, leaving Havelock the victors in the contest. In the rushes in the last of the game B. Arries and Straight were the chief figures in bearing the pigskin through the enemies' line.

The members of the band who were down in the city during the afternoon decided to aid in the work of boosting the game and paraded to the ball park, where they played a number of selections that were very much enjoyed. In the closing of the season Plattsmouth finishes what has been a very excellent season, and while two defeats have been chalked up against them, by the Columbus of Omaha and Havelock, still they have put up a good showing and if their regular line-up had been in the game in these two hard battles the story would have been far different. The faithful and loyal members of the team who have played in the games with the determination of putting Plattsmouth on the foot ball map are certainly to be commended and have no reason to be ashamed of the record made.

ONE OF THE SOCIAL FUNCTIONS OF THE SEASON

The Misses Barbara, Janet and Harriett Clement and Dorothy Britt Entertain at Dancing Party.

From Friday's Daily.

One of the delightful social functions of the holiday season was given last evening at the Modern Woodmen hall, when Misses Barbara, Janet and Harriett Clement and Miss Dorothy Britt entertained a large number of their friends at a most charming dancing party of some forty couples, who spent several hours most pleasantly in this delightful pastime.

The hall had been very prettily prepared for the occasion with the long streamers of orange and green draped artistically from the chandeliers to the different parts of the hall. This color scheme was carried out thoroughly in both the dance hall and in the dining room, where the decorations consisted of the orange and green streamers. During the evening delicious punch, as well as wafers, were served most charmingly by Miss Nora Livingston and Muriel Straight in the dining room. The programs for the dance were in the general color scheme of orange and green and were very artistic with the initials C and B decorating the cover.

The music for the ball was furnished by the Holly orchestra, and it was shortly after 9 o'clock when the grand march was formed, led by Miss Barbara Clement and Mr. Edward Pettit of Lincoln, and moved throughout the hall, opening the most delightful event, which was enjoyed until near the midnight hour. The costumes of the ladies were beautiful beyond description, while a great number of the gentlemen present wore the regulation evening costume.

The out-of-town guests were as follows: Raymond Westover, Omaha; Marie Pettis, Edward Pettis, Donald Pettis, Lincoln; Helen Jess, Tecumseh; Victor Sturm, Ralph Sturm, Gertrude Sturm, Nehawka; Herbert Potter, Harvey Lanabough, Lincoln; Mr. and Mrs. Ellis, Charles City, Iowa; William Goiner, Seward; Clarence Staats, Lincoln; J. M. Patterson and wife, Union; Mrs. E. O. Steinhilber and Mrs. Edward Pettis, Lincoln.

New Jail Getting Popular.

From Saturday's Daily.

The new city jail in the basement of the city hall is becoming quite a popular place these cold evenings for the hoboes and homeless wanderers who are quartered there by the police. The place is not entirely finished, but makes a very comfortable place to quarter these people from the cold weather, even if the couches provided are not covered with swansdown. The police can keep their eye on these wanderers here a great deal better than before, when they were allowed to wander around over the city, and by rounding them up at night they can be kept from getting into trouble. It will be some time before the formal house-warming of the jail, when it is entirely completed, and the police are in hopes of having the event made a great success.

The ladies of St. Mary's Guild will serve coffee and doughnuts Friday afternoon, and on Saturday a delicious hot lunch will be served any time after 11 o'clock in connection with the Christmas Shop, which will be held Friday and Saturday, December 4th and 5th, in the Riley block.

"THE GOOD SAMARITAN" AT THE PARMELE LAST NIGHT

One of the Most True-to-Life Stories Stories Ever Rendered in Plattsmouth.

From Friday's Daily.

One of the prettiest stories placed on the stage is embodied in that of "The Good Samaritan," by W. Bealford Nettap, and which was presented here by a company headed by W. B. Patton, one of the cleverest actors on the stage today. The play is one filled with rare opportunities for the clever actor, and the leading role, that of Tom Hodge, taken by Mr. Patton, was a very strong one that moved the audience alternately to laughter and tears in the more gripping portions of the play. The humor displayed by Mr. Patton is a style particularly his own and gave the finishing touches to the clever production. As June Merrill, Miss Phyllis Mackay was charming and sweet and displayed a most delightful stage presence in her enactment of the role of the minister's daughter. A great deal of the comedy of the play lies interwoven around the characters of Dick Wilde and Mazie West, which were taken by Gerald Powell and Juliet Festa, both of whom were extremely clever. Deacon Edward Carson and son, Ernest, were the bold bad men of the play, and in the hands of Frank Brewster and Henry W. Locke were enacted in a splendid manner, showing the false pretence of religious piety which they had woven around themselves. The character of Steve Ronan, the orphan, was taken by Miss Hazel Mikelson in a most winning way. The play was well staged and throughout was one of the best in its line that has been offered here this season, and greatly pleased the large audience present to witness it.

THANKSGIVING DAY VERY MUCH ENJOYED BY ALL PLATTSMOUTH PEOPLE

The Thanksgiving day of 1914 in Plattsmouth will long be remembered by everyone as one of the most beautiful days in the whole year, and the fresh, balmy weather made it an occasion for all who could to get out and enjoy the glorious offering of the sunshine. Throughout the city there were a great many home gatherings, where, under the parental roof, family dinners had been arranged for, and these events, drawing together children and parents and young and old, combined to make the Thanksgiving day a most delightful one throughout.

The public Thanksgiving service was held this year at the Christian church, where a large number assembled to take part in offering up their thanksgivings for the prosperity and happiness given to them in the year just closed. The Rev. A. G. Hollowell, pastor of the church, offered up the prayer at the opening of the services that placed the hearts of his hearers in condition for rendering up their voices in the words of thanksgiving and praise.

The address of the morning was delivered by Rev. H. G. McClusky of the First Presbyterian church, whose effort was one very pleasing to the entire audience and one that covered the observation of the day as one on which it was fitting and just that the nation render up their words of praise for their blessings. The remarks of Mr. McClusky were thoroughly enjoyed and taken to heart by those who were fortunate enough to be present. The benediction was pronounced at the close of the service by Rev. J. H. Steger of the St. Paul's church, and the large audience in attendance wended their way homeward filled with a feeling of gratitude beyond expression.

A most delightful box social is reported from the Pleasant Hill school on last Saturday evening, November 21st. This school is located some four miles west of Murray and the social drew out a large number to attend and take part in the pleasant event. A delightful program had been prepared for the occasion, which was given in a manner reflecting the greatest of credit upon the teacher, as well as the scholars taking part. As the audience arrived they were escorted to their seats by ushers garbed as clowns, and this feature proved a pleasant diversion of the program of the evening. This school is taught by Miss Elizabeth Holly of Plattsmouth, and as this is her first year of teaching she feels very much pleased over the result of the social.

NARROW ESCAPE OF AUTO PARTY NEAR ELMWOOD

Automobile Goes Over Bridge, Hangs by Hind Wheels, Throwing Occupants Into Ditch.

From Saturday's Daily.

On Tuesday afternoon an automobile accident occurred two miles south of this city at the bridge on what is commonly known as the O street road, when an auto containing Mr. and Mrs. E. O. Denner and also their daughter, of Blanchard, Iowa, who were on their way to Lincoln, ran off the approach to the bridge.

They were driving at very moderate rate of speed and in turning to cross the bridge the steering gear failed to work or the strain on one of the wheels in turning caused the spokes in the wheel to break and the machine was thrown out of its course and over the wing of the bridge.

The auto caught by the hind wheels on the top of the wing, holding fast, but the occupants were thrown violently to the bottom of the ditch. It is fortunate that the machine held, for had it fallen it would have fallen on the occupants. The women were brought to town by David Kunz and received medical treatment. The elder lady was somewhat bruised about the face and her hands were badly cut. The man and younger lady escaped without injury.

As they were making the trip they witness an auto accident at Hamburg, Iowa, where an auto was run over by the cars and two people were killed. H. A. Williams went out and got the auto. It had to be lifted out by means of a derrick. One of the wheels was broken, the wind shield broken, fender busted and radiator injured.—Elmwood Leader-Echo.

WHAT MAKES THE CLOCK IN WEYRICH & HADRABA'S EAST SHOW WINDOW GO?

From Saturday's Daily.

The wonder clock, which is on display in the west window of Weyrich & Hadraba's drug store, has attracted almost universal attention by its wonderful timekeeping, and large crowds have been drawn to it almost every day. We have had a number of requests to give a solution of the question of the manner in which the clock operates and give the following as the correct answer of what makes the clock keep such excellent time:

The revolution of the earth on its axis every twenty-four hours possesses both a rotary and centrifugal force. The rotary force is neutralized so we do not notice it by the tremendous size of the earth's sphere and the centrifugal force is neutralized by the magnetic attraction which causes atoms to fall instead of fly out into space when dropped. By supplanting this neutralization of the rotary motion of the earth in its daily revolution by a counterbalancing influence secured by means of a bisecting spheroid to which a magnetic compass is attached, and by astronomically calculating the proper reduction in size so that the circumference of the clock's dial bears the same relationship to its axis as the circumference of the earth bears to the axis of the earth, and also utilizing the attraction of the moon to the earth, which is found to be felt upon the hour hand of the clock when this neutralization is removed by the above mentioned scientific discovery, then the hands are allowed to rotate in accord with the revolution of the earth, the same as the earth rotates on its axis, except that the calculation is such that the hands of the clock make two revolutions to the earth's one.

From Monday's Daily.

On next Sunday afternoon Plattsmouth lodge No. 739, E. P. O. E., will hold their annual memorial services at the Parmele theater, to which the general public of the city is invited to be present. The first Sunday in December is set aside each year as the day throughout the land when the members of the different Elk lodges gather together and pay their loving tributes to the brothers gone before, and the occasion is one filled with the most tender significance to the Elks, as it expresses the feeling of the universal brotherhood of the order.

It has been some years since the Plattsmouth lodge has held a public service and the officers and members feel that this solemn and impressive occasion should be participated in by everyone who desires to attend.
