## NEW BRIDGE ACROSS THE WEEPING WATER AT UNION

At last we are to have the long-expected and much-needed new bridge across the Weeping Water west of town, to replace the old one that has been damned and condemned for several years. The bridge men have been working in earnest this week and are rapidly pushing it along. The new bridge will be a short distance below the old one, being on a direct line with the road running west from town.

This bridge will be a 90-foot span constructed of steel and concrete, the piling at the piers being 28-foot steel driven down about 24 feet and set in concrete. The driveway (or deck) will be 16 feet wide and made of steel and concrete. This will be one of the largest and best bridges in Cass county, and placing it on the section line takes out the only "kink" in the road from here to Lincoln—Union Ledger.

SPREAD CHRISTMAS CHEER.  
Hunt out the little lame girl,  
The poor boy who is blind;  
Hunt out the weary widow  
Who thinks the world unkind;  
Search down among the hovels  
Where gladness seldom strays,  
And teach the doubting people  
There still are Christmas days.  
You have been busy planning  
To spread your gifts afar,  
To add your fair love-tokens  
Where joys and comforts are.  
But have you in your gladness  
Bestowed one kindly thought  
On those who sit in darkness,  
With crusts so dearly bought?  
Your heart is full of kindness,  
You hear the anthems sung  
And gaze up at the windows  
Where pretty wreaths are hung.  
You've heard the sweet old story  
With reverence retold—  
But there are hungry children  
Where all is dark and cold.  
Hunt out the little lame girl,  
The poor boy who is blind;  
Hunt out the weary widow  
Who thinks the world unkind;  
Go do among the victims  
Of chance and greed and crime  
And cause them to remember  
That this is Christmas time.

## SPECIAL SESSION OF THE COUNCIL SATURDAY NIGHT

The Light Question to Be Submitted to a Mass Meeting of the People of the City.

From Thursday's Daily.  
The city council Saturday evening held a short special session to try and get a grasp on the light situation and to endeavor to get things lined up where there could be some definite understanding arrived at in regard to the proposed rates for lights in the city, both to the city for street lighting and the private consumer.

The threatened advent of the McKinley interests here has caused the offering of a reduction by the present company, which reduces the rate to a very low figure for the electric current. The meeting decided that it would be the best plan for the appointment of a committee of the council and Commercial club, which could visit the Nebraska Lighting company and secure their final figures on what they would furnish the current to the city for, and then to submit it to the people at a mass meeting, where the general sentiment of the citizens could be secured. The committee appointed consisted of Mayor Sattler, the lighting committee of the council, Messrs. Hallstrom, Bestor and Johnson, and President Richey and Secretary Falter of the Commercial club, who will take up the question with the representatives of the lighting interests and fix it in a manner that their propositions can be submitted to the people for judgment.

The light question is agitating the minds of those who take electric service, as the prospects for the reduction in rates certainly looks good, especially as we have a very high rate at present and it is understood that the proposed cut will reduce it half in two and place the electric service within the reach of all who are at present compelled to do without. The committee will have their hands full in trying to adjust the matter, but can be relied upon to look after the best interests of the citizens in general.

"He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.

Nora Rosencrans Taken Ill.  
The friends of Miss Nora Rosencrans were greatly shocked to learn

this morning that this lady was suffering from what seemed to be an attack of appendicitis. Miss Rosencrans has been in the best of health apparently and there was no sign of sickness until this morning when she arose and was taken with the attack, which, on the arrival of medical attendance, was thought to be appendicitis. The young lady will probably be compelled to undergo an operation as soon as her condition will warrant.
