### Obituary.

Anna W. Stoll was born in Cass county, Nebraska, in the year 1869, and passed away at her home Sunday afternoon, April 11, 1915, aged 45 years, 6 months and 14 days. In 1894 she was married to George W. Ingwerson. She leaves to mourn her departure, husband and son, mother and three brothers, besides a large number of relatives and friends. Mrs. Ingwerson spent her entire life in Cass county and had a large number of friends. She was a splendid woman and had the good will of all who knew her. Early in life she was confirmed in the Lutheran church. Later she united with the United Brethren church. The funeral services were held at the Otterbein U. B. church and were conducted by the pastor, J. F. Hedges. Burial was made in the German cemetery northwest of Nebraska. The funeral was largely attended by relatives and friends, who came from far and near to pay a last tribute to this noble lady.

### A Mean Trick.

Matt Wilkoon met with quite a serious accident, or rather a serious trick was played on him a few days ago, while in Omaha. He went to the city for a brief visit, and while sitting in the office of the City Hotel he fell asleep, and while here some mean and contemptible wretch came up to him and dropped a number of hot pennies down the top of his shoe, which passed down next to the flesh, and severely burned his lower legs in several spots. The burns were very deep, and have become very painful, which since returning home have become infected with poisoning, and he has been confined to his bed, and has suffered a great deal with the injuries. Such fellows should be punished with a dose of their own medicine, only more severely than the person upon whom such tricks have been played.

### New Teacher Next Term.

Miss Troy Tremain, who has been employed in the Cedar Creek Schools the past winter, has been elected as teacher in the grammar department of the Murray Schools for next year. We believe that Miss Tremain is one of the best teachers in all Cass county and the board of the Murray Schools have certainly displayed wisdom and were indeed fortunate in being able to secure the services of Miss Tremain. She takes a great deal of interest in school work, both in and out of the school room, and will always be found laboring to the best interest of all educational circles. The Journal is indeed pleased to learn that she has been added to the staff of Murray teachers for the coming year.

### Waters Are Now Receding.

The high water in the river here has been checked somewhat and the gauge indicates a drop of a foot or better, and as a result the water on the bottom land east of here has receded a great deal, although there is still a great deal of it in the lower places. Reports of the lowering of the water comes from several points, although there is still a great deal of high water to be looked for, but it may not result in the flooding of the lowlands to any great extent.

### Sustains a Very Bad Fall.

Last evening Mrs. F. R. Gohelman, while descending the stairs leading to her home on the second floor of the Wescott building, was unfortunately enough to fall, and in doing so struck the walk at the foot of the stairs and inflicted a number of painful bruises, as well as lacerating her mouth in a very severe manner that caused her a great deal of pain, but she is reported as feeling a little better today, although still quite sore from the experience.
