## T. R. GIVES BARNES' VIEWS ON BOSSISM

Relates Ethics of Machine Rule as Expounded by Oiler.

Syracuse, N. Y., May 6.—The ethics of boss rule and machine politics, as Theodore Roosevelt claims William Barnes expounded them, were related by the former president upon the witness stand in the supreme court here. The colonel swore that Mr. Barnes had told him that the "riff-raff" could not be trusted to handle political affairs without a leader, and had expressed himself as being in favor of the Democratic and Republican committees combining to defeat legislation providing for direct primaries.

## GARIBOLDI DAY IN ITALY

Every Province Is Represented at Unveiling of Monument.

Genoa, May 6.—The departure of Garibaldi and his thousand of "Red Shirts" in May of 1860 on the expedition which resulted in the acquisition of Sicily by Italy was celebrated at Quarto Sant' Elena, near this city, with a great patriotic demonstration. The principal feature of the celebration was the dedication of a monument to Garibaldi.

Vast crowds gathered in the little town, which in 1860 was in the kingdom of Sardinia. They greeted with wild enthusiasm a detachment of veterans of the Garibaldi expedition.

Every province of Italy was represented, although King Victor Emmanuel and members of the cabinet, who had expected to attend the exercises, were unable to be present on account of the political situation.

## JAPS WARNED TO GET OUT OF PEKING

London, May 6.—"The legation here has notified all Japanese to prepare to leave the capital within twelve hours," says the Daily Telegraph's Peking correspondent. "Telegrams are pouring in from every part of China, forecasting hostilities. An ultimatum by Japan is expected today."

"I learn in the highest quarters that a Chinese surrender is out of the question, as the revolutionists, who honey-comb the country, would rise immediately, thus precipitating the fall of Yuan Shi Kai's government."

"I am authorized to declare that the Chinese government will make a direct appeal to Great Britain, Russia, France and the United States immediately an ultimatum is received."

A Japanese cruiser and four torpedo boat destroyers have arrived at El Chingwang, about 150 miles east of Peking, evidently for the purpose of receiving from China the members of the Japanese legation.

Consular reports from all parts of China announce the departure of Japanese.

## HEAD OF GRAND ARMY IS COMING

Commander Palmer Will Visit Lincoln on Way to Minden.

## OBJECTIONS TO CONSOLIDATION

Patrons of Country Districts Do Not Want to Go In With Village Schools. Beef Producers Will Meet in Lincoln May 19—Bryan For Governor.

Lincoln, May 6.—Members of the Grand Army of the Republic, Sons of Veterans of Lincoln and kindred organizations are making extensive efforts to entertain Commander in Chief David J. Palmer of the Grand Army on Saturday evening, May 15, when he comes here as the guest of Dr. Young pastor of the First Presbyterian church.

Colonel Palmer will be on his way to attend the Grand Army of the Republic reunion in Minden on the following week and will stop in Lincoln over Sunday, when several functions will be given by the patriotic organizations in his honor.

## Objections to Consolidation.

Mr. Teed of the state superintendent's office was in Howe at a meeting of the patrons of several district schools outside of Howe to discuss the consolidation of the districts into one school. Eight districts were represented and the movement appeared to meet with much favor. There is one drawback to the consolidation which appears to be the case in most of the places where consolidations are desired. The patrons of the country districts do not want to go in with the village schools. For some reason there is a sort of jealousy between the country and the village schools which may hamper the successful carrying out of the consolidation scheme.

## Governor to Decide Gambling Case.

Whether a deck of cards and a card table may be considered evidence of gambling is up to Governor Morehead, an application coming from Missouri where Mr. and Mrs. Perry Smith were charged with keeping a "gambling device." They left Missouri and came to Nebraska and were arrested in Omaha. In the application Edwin Wallace says that he was in Burlington Junction, Mo., and that Mrs. Smith told him that her husband permitted gambling in their home and that snuff-poker was the name of the game played.

## Beef Producers to Meet in Lincoln.

The third annual beef producers meeting will be held at the college of agriculture and experiment station farm, Lincoln, Neb., May 19. The different lots of cattle which have been on experimental rations will be on exhibit at that time. An opportunity will thus be given to study the relative merits of different feeds for fattening steers.

## Declare Bryan Is Out For Governor.

The election of Charles W. Bryan as one of the city commissioners of Lincoln, and the probability that he will be selected by his associates for mayor has caused the political opponents to agree that Mr. Bryan will be a candidate for the Democratic nomination for governor.

## GETS JUDGMENT FROM ROAD

Farmers' Grain Company of Nickerson Wins Case Against Burlington.

Fremont, Neb., May 6.—A case involving two points of law, the amendment to the Hepburn bill giving judges of the district courts the power to adjudicate cases in which damages for loss or breakage to interstate shipments of freight are concerned and the allowance of attorneys' fees in such cases, ended favorably to the plaintiff in the case of the Farmers' Cooperative Grain company of Nickerson against the Burlington Railroad company. The grain company sued for the loss to a shipment of grain from Nickerson to Chicago and a verdict for the full amount—\$554—was awarded. Judge Thomas allowed attorneys' fees for \$100.

## GRAIN TRADING UP IN COURT

Chicago Firm Is Sued to Recover Money Given It by Saunders.

Omaha, May 6.—Trial of a lawsuit in which the Saunders-Westland Grain company of Omaha is seeking to recover \$45,807.73 from Lamson Bros. & Co. of Chicago, alleged to have been appropriated by the late Sherman Saunders and William C. Sunderland and transferred to the defendants, has begun in Judge Estelle's district court. The case, which involves alleged illegality of grain trading transactions carried on by Sunderland and Saunders, a former Omaha firm, promises to develop a complete expose of methods of the Chicago board of trade and allied branches all over the country.

## Cheyenne and Denver Fight.

Cheyenne, Wyo., May 6.—As the result of a report that an agent of Denver had been stationed at Big Springs, Neb., for the purpose of directing Lincoln highway motorists away from the highway through Cheyenne and to the branch highway leading to Denver, Cheyenne business men held a mass meeting at which plans for offsetting Denver's course were discussed.

## GULFLIGHT WAS FLYING U. S. FLAG

American Steamer Torpedoed Without Being Warned.

## PAGE STARTS INVESTIGATION.

Preliminary Reports to Washington Now Leave In Doubt Only Nationality of Submarine—Amicable Adjustment Seen If Germany at Fault.

Washington, May 6.—Reports received by the state department stating that the American steamer Gulf-light was torpedoed without warning while flying the American flag left officials in doubt only as to the nationality of the submarine which committed the attack.

Ambassador Page at London reported that he had set in motion a detailed investigation. He sent a naval attaché and naval constructor to make a technical examination of the vessel. The facts probably will not be available for several days, and until then no decision will be reached by the United States government as to the nature of the representations it will make.

It is thought in German quarters that if the German government learns that one of its submarines by mistake did attack the Gulf-light regret will be promptly expressed for the occurrence.

Officials here are inclined to the belief that whatever facts are disclosed by the investigation will lead not only to an amicable adjustment of the Gulf-light incident, but the exercise of greater precautions by the German submarine commanders in the future.

The statement received by the state department from Chief Officer Smith of the Gulf-light follows:

"One p. m. Saturday, heavy weather, fifteen miles west of Bishop, flying large American ensign; following British patrol boats to Bishop, was torpedoed without warning. Submarine was seen twenty-five minutes, about three and a half miles ahead. Submerged about five minutes later. Nothing more seen of it. Number on submarine indistinct. Damage on bluff starboard low, below water line. Reported extensive in forehold, one foot over starboard plate. Cargo in tanks apparently undamaged."

## JITNEY OPERATORS MEET

Delegates Tell Kansas City Convention of Their Success.

Kansas City, May 6.—Optimistic reports of the growing popularity of the jitney bus in a majority of the cities of the United States were made by the delegates to the first annual convention of the National Jitney association. Many of the delegates addressed the sessions of the convention and all declared that the business was growing and promised to record a distinct change in the history of transportation in the next few years.

Methods of fighting legislation which the jitney operators declare is unfair to them were discussed. Most of the delegates advised the use of the injunction.

William Haenster, secretary and treasurer of the Auto Service association of San Antonio, Tex., told the convention that organizations in El Paso, Austin, Houston, Dallas and Fort Worth had won injunction suits against the enforcement of city ordinances they believed to be unfair.

## Frank Case Mandate Issued.

Washington, May 6.—Upon the request of counsel for Leo M. Frank, the supreme court issued its mandate by which the decision of the Georgia federal court denying Frank a writ of habeas corpus was affirmed. Ordinarily the mandate would not have been issued until May 19. It is believed that the action of Frank's counsel was taken to facilitate the application before the Georgia state officials for commutation of Frank's sentence to death for the murder of Mary Phagan.
