No bones were broken, and with the exceptions of a few bruises her injuries are not considered serious at the present time.

The Place to Buy Lumber.

There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber.

New Pullman Car.

George Nickels has purchased a new auto, and it is one of those fine little touring cars, known as the Pullman, and while it may be new in this part of the world, there are sections where it has a reputation that will compete with any of them. There is no doubt but that it is one of the best cars on the market for the price. Mr. Nickels has taken the agency for this car in this locality, and of course will be pleased to demonstrate the many good points it has at any time. It is moderate in price and is known as the Pullman, Jr., but has ample power and room in the car to accommodate all demands that will be made of it. See Mr. Nickels in regard to this little wonder if you are in the market for a car of this class.

Will Install Lighting Plant.

Louie Puls and August Engelke made a trip to Omaha last Saturday, at which time the new Alamo Lighting plant for the fine farm residence of Mr. Engelke was ordered and will be installed in the near future. This is one of the finest farag lighting systems on the market today, and is being installed in many of the farm houses in this locality. It is an electric plant, and made in most any size desired to suit the size of the farm home and all outbuildings. The new plant will be installed within a few days.

Fine Entertainment.

The entertainment given by the Luce Family Concert Co., at the Christian church last Saturday evening, was well attended, and was one of the highest class entertainments that is making towns of the size of Murray. They were among the best in their line. We hope we may have the opportunity of attending a number of entertainments like these in the near future.

The Journal does job work.

Will Puzzle the Wheat Growers.

From all present indications there will be no great reduction in the price of wheat in the near future. Right now the dealers are ready to close or contract with the farmers of this locality for the new crop, and they will buy now at \$1.14 per bushel. When was there a time before that the farmer could contract in the spring. Is it advisable for the farmer to accept this price; he can make big money at this figure, it is true, but he may be able to make a great deal more by holding his crop. He will have to be his own judge and take his own risk, there is always a chance to make and a chance to lose.

Family Dinner.

All of the children and their families, with the exception of Searle, gathered at the home of Mr. and Mrs. A. J. Davis last Saturday to take dinner at the old home. News.

Lee Carper has been on the sick list this week, being confined to his bed since Wednesday morning.

J. M. Palmer had a well put down on his lots in the Switzer block this week and will soon begin the erection a fine nine-room bungalow.

Mr. and Mrs. B. S. Bain, parents of Mrs. M. J. Shafer, left this week for Idaho, where they will make their future home with their two sons who reside in that state.

M. H. Schomaker and wife went to Omaha Saturday, where Mr. Schomaker was operated on Monday at one of the hospitals there. He is reported as getting along nicely.

A baby girl at Raymond Pollard's, born Thursday morning, puts everybody in good humor down in that end of town. All concerned are reported to be getting along nicely, and even Ray is not showing much disappointment.

Verner Lundberg was bitten on the arm Saturday by E. M. Pollard's dog. The dog, a collie, has been getting cross towards people who come to the Pollard place, and we understand that Mr. Pollard has agreed to kill him.

Our old friend, Ben Hoback, suffered a slight paralytic stroke about ten days ago, and for several days his friends worried about him. We are pleased to know that he has recovered enough to be up and around, and hope he may continue so.

Ern Young took the editor around over some of the new road he is making, Wednesday afternoon. He is doing the work with his big gas tractor, and it only takes a few trips back and forth to put a road up in shape. In the past week he has graded seven or eight miles northwest of town, and if it is only cared for now we will have some boulevards out that way.

John Whiteman would never take a prize at a pulchritudinous exhibition; and that is not said in an effort to disparage John. But he has one attribute that ought to win him a golden harp and the most comfortable seat on high. He has a heart in him as big as an ox and never failed to hear a cry of distress. He not only hears them, but gets out and does what he can to relieve the cry. If John ever dies—which God forbid—this community will have a hard time filling his shoes.

ANOTHER SURPRISE TO MRS. DRULINER AT THE M. E. PARSONAGE

From Wednesday's Daily Yesterday afternoon Mrs. F. M. Druliner was made the happy recipient of another surprise, when another company of the ladies of the church invaded the M. E. parsonage and captured the mistress by complete surprise. She soon recovered and proceeded to entertain her guests in her usual charming manner. Various amusements, interspersed with social conversation, made the time pass all too rapidly and made the occasion a most enjoyable one. At an appropriate time Mrs. Druliner was showered with linen napkins, which will be appreciated and cherished by her for many years and will be constant reminders of her many Plattsmouth friends. The invaders had come well armed with things good to eat, and during the afternoon a most excellent luncheon was prepared and served. About 5:30 the invaders withdrew their forces, having had a most delightful time.
