**MRS. KATHERINE HOLLY  
PASSES AWAY AFTER A  
LINGERING ILLNESS**

This morning at 6 o'clock at the home of her daughter, Mrs. Joseph Novotny, in the west part of the city, Mrs. Katherine Holly passed away after an illness of some months' duration, from a complication due to her advanced years, being at the time of her death some 74 years of age. Mrs. Holly had been a resident of Plattsmouth for the past twenty-two years, having come here from Racine, Wisconsin, in 1893, and has since that time made her home here continuously, where her children had come several years before. Mrs. Holly was born in Austria, and was reared to womanhood in her native province of Moravia, and was married there to Joseph Holly, who died in that country in 1874, and the widow, with her little family came to America in 1883, settling first in Wisconsin, where the family resided for a short time, and the children then came west to Plattsmouth, where they were joined by the mother.

The death of Mrs. Holly came as a severe blow to those who knew her best and they will regret greatly to learn of her passing, and while this worthy lady was not widely acquainted, to those who knew her best she was a most tender mother and kindly friend. Mrs. Holly leaves to mourn her death three children, William Holly and Mrs. Joseph Novotny of this city and Frank Holly of Omaha, all of whom were present when the final summons came. She also leaves one sister, Mrs. Joseph Svoboda, to mourn her loss.

The arrangements for the funeral have not as yet been completed, but it will probably take place Wednesday morning.

# Deering Binder?

**For 35 years the Deering Binder has done perfect work for the farmers in this county. Today, it is better than ever before. Drop in any time and see our new Deering samples.**

**The Binder is the most important Machine on the Farm. GET THE BEST While You're at It!**

Like every successful farm implement the Deering Binder has imitators. There are Binders and Mowers made very much like the Deering, but a wise buyer will not pay out good money for an untried "experiment" when we can get the "old reliable" Deering for the same money.

Deering Harvesting and Haying Machinery is built by men who have made a life study of such implements. The Deering Binder you buy today, is the result of 35 years experience in building good harvesting machines. When you put a Deering Binder or Mower into your field at the beginning of harvest you have the satisfaction of knowing that no man in the world has a better machine than you have.

We are exclusive agents for Deering Standard Twine in this territory. In view of the predicted twine shortage, we suggest that you give us your order now to avoid disappointment.
