Resisting Power.

Everybody has, in his body, a certain amount of power to resist diseases. In some persons this resisting power is larger, in others smaller, which explains why some fall easy victims of diseases. To increase this power should be our aim. In order to do this, we must first strengthen our digestive organs so they can assimilate all food ingested. We should take Triner's Elixir of Bitter Wine at the first sign of discomfort, because this preparation will expel from the intestines, all waste matter and thus prevent auto-intoxication and because it will, at the same time, greatly strengthen the digestive organs. It will relieve constipation and its consequences, restores appetite, regulate digestion. Price \$1.00. At drug stores. Jos. Triner, Manufacturer, 1333-1339 S. Ashland Ave., Chicago. You should have Triner's Liniment always in your household to rub the body with in case of rheumatic or neuralgic pains, swellings or sprains. Price 25c or 50c, by mail 35c or 60c.

FIRST DISTRICT SUNDAY SCHOOL CONVENTION

A Most Successful Meeting, and the Workers Much Gratified With Reports Made.

The convention of the First district of the Cass County Sunday School association was held yesterday at the First Methodist church at Mynard and was a most successful meeting in every way and held under ideal conditions with a splendid program and a delightful spirit of fellowship and hospitality shown by the people of Mynard, as well as the visiting delegates. The meeting opened at 2 o'clock in the afternoon with Jesse P. Perry, district superintendent, presiding, and the reports of the officers read, showing that the schools of the district were in fine shape and only three in the county that were not represented. The Union school at Cedar Creek, the German Evangelical of Plattsmouth and the Baptist of Union. The standard of excellence set by the state association was kept up by the various schools in good shape and while a number were below the standard on some, they were high on others, and the Presbyterian school of Murray was perfect in every part.

At 6 o'clock a sumptuous supper was served on the beautifully shaded lawn, which was served by the good people of Mynard and was most lavish in the good things offered to the visitors.

In the evening, following a rousing song service, the delegates were treated to two splendid addresses by Rev. F. M. Druhlmer of Plattsmouth and Rev. W. M. Elledge of Weeping Water, both of which were very inspiring to the teachers and workers present.

At the election of officers the following were chosen: President, J. P. Perry, Plattsmouth; vice president, Rue Frans, Union; secretary-treasurer, M. S. Briggs, Plattsmouth; adult superintendent, Frank Goodman, Liberty; temperance superintendent, P. F. Rhin, Plattsmouth; teacher training superintendent, Mrs. H. B. Hutchman, Murray; home, Mrs. C. H. The following county association officers were present: C. C. Westcott, Plattsmouth; Miss Ella Atchison, Elmwood; Rev. H. B. Hutchman, Murray; W. M. Elledge, Weeping Water; J. D. Cross, Union.

THE KENSINGTON CLUB ENTERTAINED BY MRS RUTHERFORD

Yesterday afternoon the ladies of the Kensington club were entertained at the beautiful home of Mrs. John Rutherford, just north of the Missouri Pacific passenger station, and the occasion was one that was enjoyed to the utmost by all those present. The afternoon was spent in sewing, as well as in social conversation and in this a great deal of pleasure was derived and the delightful gathering at the Rutherford home very much enjoyed. At a suitable hour a very delicious three-course luncheon was served, which aided in making the afternoon one of the greatest pleasure to the ladies. Mrs. Rutherford was assisted in entertaining by Mrs. Martha Baumeister. The centerpiece of the charmingly arranged table consisted of roses and white syringias, which made a very attractive feature of the occasion. It was late in the afternoon when the jolly party departed homeward, feeling that they had had a most pleasant time.

DEATH OF A FORMER CASS COUNTY CITIZEN

Allen W. Rhoden, Reared in Cass County, Passes Away at Chalk Butte, South Dakota.

The death of one of the old-time residents of Cass county occurred at Chalk Butte, South Dakota, on May 28, 1915, when Allen Wright Rhoden passed to his final reward, after an illness covering some two years, during which time he had suffered from Bright's disease, as well as heart trouble.

Mr. Rhoden was born December 1, 1848, in Schuyler county, Missouri, and for a number of years made his home there under the parental roof, until in 1864, when, in company with his parents, Mr. and Mrs. W. A. Rhoden, he removed to Nebraska, where the family located near where the town of Murray is located. Here Mr. Rhoden assisted in the care of the farm and was married on October 13, 1875, to Miss Adeline Lathrop. He later moved to Greenwood, where they made their home on a farm near there until in February, 1907, when Mr. and Mrs. Rhoden decided to seek a new location and removed to Chalk Butte, where they have since made their home, and where the husband passed away.

Besides the widow, eight children, Mrs. William Shrader, Mrs. Ruhe Lift, Grover, John, Carl and Lillie Rhoden, all of Chalk Butte; Robert Rhoden of Alberta, Canada, and Frank L. Rhoden of Murray, are left to mourn the passing of this splendid gentleman. Three sisters and five brothers also survive Mr. Rhoden as follows: D. C. Rhoden, Murray; George W. Rhoden, Plattsmouth; T. J. and W. A. Rhoden, Waukeeny, Kansas; Mrs. Josie Cline, Cleveland, Ohio; Mrs. John Connally, O'Neil, Neb., and Mrs. Clint Morrow, Modale, Iowa. The funeral of this worthy gentleman was held on Tuesday, May 25th, from the late home, and the interment made in the cemetery at Chalk Butte.

Thus passes away another of the older residents of this county, who had assisted in the work of developing the county and enduring the privations of the early days, and the news of his death will be greatly regretted by his many old friends throughout the county, where for so many years he had made his home.

FORMER CASS COUNTY BOY APPOINTED BANK EXAMINER

From the dispatches appearing in the state papers this morning, Governor Morehead has added to the force of state bank examiners by the appointment of Sam Patterson of Alma, who has just finished his service as a member of the last legislature. Mr. Patterson is a cousin of Sam Patterson, recently appointed auditor of the United States treasury, and also of T. M. and R. F. Patterson of this city. The new bank examiner can be claimed by Cass county as a native son, but has resided in the western part of the state for a number of years and has had years of banking experience that has made him well known over the state as one of the leading bankers of his section of Nebraska. He was chairman of the sifting committee of the house at the last session and made many friends among his associates for his splendid handling of the difficult position.

During the stay of Judge Begley in this city yesterday a number of matters were disposed of by the court and orders entered in cases that were up for disposal.

In the case of James L. Wiles vs. Solomon C. Kreckler, in which the plaintiff had recovered a judgment, the motion of defendant for a new trial was overruled and the defendant given forty days in which to prepare and file bill of exceptions.

In the case of Solomon C. Keckler vs. Fidelity-Phenix Insurance company, the motion of plaintiff for a new trial was overruled, after the motion was submitted without argument, and the plaintiff allowed forty days to prepare and file bill of exceptions.

In the matter of the case of George Snyder vs. C. COMMISSIONERS TAKE RIGHT STEP IN ROAD WORK

The board of county commissioners at their meeting yesterday took an advanced step in looking after the good roads question by deciding to divide the county into road dragging districts along the lines as the road districts of the county and to place the supervision of the dragging under that of the road supervisor. This matter was brought up before the board by County Attorney Cole and laid before the representatives of the county in a manner that showed the advantage that this method would bring in handling the road work.

By this means a general movement toward keeping the roads in good shape as possible can be looked after in better shape, as the separate districts will take a pride in the showing made by their section. The law fixes this as the proper means of dividing up the road work and the commissioners will find they have made no mistake, as the excellent force of road supervisors will at once get busy in seeing that their districts are kept up in first-class shape.

The question as to how to best look after the roads of the county is a constant one and has been one of the greatest problems that confronts the board of county commissioners, and although they have been able, through the co-operation of the citizens, to secure fair results in the road dragging, still it is hoped now to have the work carried on all over the county and secure a uniform system of dragged roads that will be a source of pride to the people of Cass county.
