Prepared in the Interest of the People of Murray and Surrounding Vicinity Especially for the Journal Readers

If any of the readers of the Journal know of any social event of interest in this vicinity, and will mail same to this office, it will appear under this heading. We want all news items.—Editor

BEHIND the humor in this drawing we can read a little MORAL. Many folks are as SOFT as the snow man when the SUN of PROSPERITY beams down on them. They hold up a thin umbrella of GOOD INTENTIONS and cry: "See; we are playing safe. We're not spending more than we make." But the cloud SUDDENLY hides the sun. They are left a shapeless, melted mass. Then they are SORRY they didn't contract a steady, thorough BANKING HABIT.

A few weeks ago August Engelke-meier, jr., closed a deal with Louie Puls, Cass county agent, for a fine Alamo Electric Lighting system for his farm home west of Murray. The installation process of that plant has now been completed and is working fine. August has all the light he needs and some to spare, as the wire has been run all over the farm and lights are placed in every room and outbuilding where they are needed. The Alamo system is one of the finest on the market, and wherever they have been installed in this locality they are giving excellent satisfaction and the service has been reported as perfect.

Maxwell Exhibit at Weeping Water.

Bert Philpot gave another one of those famous celebrations, Maxwell demonstration and general good time down at Weeping Water last Saturday afternoon and evening, which proved one of the biggest successes pulled off in that city for some time. The band was out, and entertained the many visitors before the demonstration of what the powerful little Maxwell auto was capable of performing. Mr. Philpot had prepared quite a program for the occasion, but the main object was to show the people of the locality the many good points in the Maxwell car, and from those who were present we learn that he done this to a completeness. The "25" car was loaded to its fullest capacity of its rating, and was driven around over the city in the mud, and then after a test of up and down the hills, it was placed at the head of a large water wagon, used for street sprinkling, with five men on it and driven up the main street in several inches of mud. The little car seemed to handle its load with ease, too. Mr. Philpot's right hand man Gregory wheeled the little man of the hills over the city. The pleasant time of the occasion was pulled off in the opera house in the evening, at which time the social dance was given. The music was furnished by the Jones Orchestra, and an excellent time was had by all present.

Good Roads in Cass County.

Rex Olson, the genial traveling salesman representing the Sargent & Rice Co., of Nebraska City, was in Murray Wednesday, calling on the business men in the interests of his firm. He was making the rounds of the county in his auto. Rex says that he covers a number of counties in making his territory, all of which in good weather is made via the auto route, and he is of course a good roads enthusiast, and in conversation with him he tells us that the farmers of Cass county are keeping the roads up in better condition than in any county that he covers. He compliments the road workers on the present condition of the roads so soon after heavy rains. Let the good work move along, and we can soon head the list in the state.

New Principal of the School.

Miss Thorpe, of Lincoln, has been employed by the Murray School Board in the capacity as principal of the schools for the coming year. Miss Thorpe comes to Murray most highly recommended as an educator, one who is capable in every way to fill the position to which she has been elected. The Murray schools will be at the top of the ladder next term when it comes to the grading the ability of their teachers, they certainly have as good as can be found.

FOR SALE OR RENT.

Our property in Murray for sale or rent. J. L. Young, Coleridge, Neb.

MONT ROBB IS GRANDPA OF BRAND NEW BABY BOY

From Wednesday's Daily.

If the visitors at the Hotel Riley have noticed anything amiss with the genial host of that establishment, Mont Robb, today, the following will explain all: A message was received by Mr. Robb today from his son, Fleming, at Billings, Montana, announcing the arrival of John Alton Robb at their home at 8:30 Monday evening, and that the mother and little son are getting along in fine shape. This is the first boy in the Robb family, and as a consequence the rejoicing with Mr. and Mrs. Robb, the happy grandparents, is apparent. The mother of the new representative of the Robb family was formerly Miss Bessie Tyson of Elmwood, daughter of Mr. and Mrs. L. A. Tyson, and the friends of the two families will join in wishing the young man a very long and prosperous career.

Marriage of Miss Loretta Walker.

Mr. and Mrs. E. S. Tutt went to Omaha Wednesday morning, where they will attend the wedding of Miss Loretta Walker, who was married in that city to a gentleman named Mr. Bailey, who for some time has been living near Plainview. The young people will make their future home in Oakdale, Nebraska, where they expect to engage in the restaurant business. Miss Walker, who of late years has been making her home in Plainview, will be remembered by all the people of this locality as having made her home in Murray a few years ago, at the home of Mr. and Mrs. Chas. Carroll. She has a great many friends here who extend hearty congratulations and trust that the young people may be ever happy and prosperous.

The Place to Buy Lumber.

There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber.

FOR SALE.

I wish to dispose of my blacksmith shop, both the building and all tools. This is one of best openings in Cass county for a good man. If you are interested in a good business let me hear from you at once.

James Loughbridge,
Murray, Neb.

THE ALAMO

Electric Farm

Light Plant!

Here's light for your home, farm buildings and yard. Here's power for your electric carpet sweeper, sewing machine, churn and fan; heat for your electric iron and toaster.

PRICE IS LOW!

You'll be surprised when we tell you how low is the price of the complete plant. If you have your own engine it is even less.

The cost of operation is moderate. The plant is easily installed. Ready for operation when taken out of the crate. The Alamo is the ideal farm light plant—simplest, safest and best—takes up but little space.

Since the perfection of the tungsten lamp, which requires only one-third the electricity to produce the same light as the old carbon lamp, large storage batteries are not necessary. Thereby the cost of a light plant is so reduced that it is within the means of the average farmer.

The ideal plant for the farm is the Alamo Electric Farm Light Plant. We were the first to introduce the small light plant into the country homes, and our present improved product is the result of eight years of successful manufacture. The plant is the simplest, safest and best, and it takes up but little space. Every farmer should have one, not only to light his building, but to furnish power for his wife's churning, sewing, etc.

The price of the standard plant is \$250.00, so you see it is an attractive proposition for the farmer. If you do not already have an engine of 2 H. P. or more, we can furnish it for you for \$40.00 additional.

Let Us Talk to You About the Work of the ALAMO

Louie Puls,

Exclusive Agent for Cass County. Murray, Neb.

John S. Hall came in this morning from his tour through his Iowa territory and will visit here with his family and friends.

Mrs. Russell Todd was among the passengers this morning for Omaha, where she will visit for the day with relatives and friends.
