

### MISS GERTIE BEESON ENTERTAINS THE QUEEN ESTHERS

From Wednesday's Daily.  
Last evening the Queen Esthers of the Methodist church were entertained at the home of Miss Gertrude Beeson, on North Sixth street, at a most delightful gathering that was enjoyed to the utmost by the twenty young ladies present, and the evening was one of the rarest enjoyment. The annual election of officers of the society was held at this time and the following were selected:

President—Miss Elizabeth Kerr.  
Vice President—Miss Gertrude Beeson.  
Secretary—Mrs. Hugh Cecil.  
Treasurer—Miss Florence Balsler.

After the business of the organization had been disposed of the ladies enjoyed themselves to the utmost in music, both vocal and instrumental, as well as in a general good time, which passed the hours most pleasantly. At a suitable hour dainty and delicious refreshments were served by the hostess, assisted by Mrs. A. J. Beeson, which added to the pleasures of the evening. The Beeson home was very prettily decorated with yellow daisies and the early summer roses in profusion, which made the scene of the gathering a very beautiful spot. This class is under the leadership of Mrs. E. C. Hill and is one of the leading organizations of the ladies of the Methodist church in carrying out the church work.

### THE STEAMBOAT "JULIA" GOES NORTH YESTERDAY

From Wednesday's Daily.  
The steamboat "Julia," which this season is to ply between Omaha and the pioneer Nebraska town of Decatur, passed up the river yesterday, bound for the metropolis, and made a short stop near Rocky Point for a few hours before continuing on to the metropolis to take up the work of transferring freight from Omaha to Decatur, which is off of the lines of railroad and will be greatly benefited by the steamboat service. This boat is one that is to be used as an experiment to determine what a boat plying the Missouri river can do in the way of transporting freight, and considerable interest has been shown in the matter by the Commercial club and business men of Omaha, who are very enthusiastic over the outlook for river transportation.

Mr. Allen of the Omaha News came down yesterday, expecting to meet the boat here and accompany them to Omaha, but arrived too late, as the craft had weighed anchor and was well on her way to Omaha when he arrived and disappointed him in the trip up the Old Muddy on its initial trip that may prove a big thing in the way of freight handling through the means of boats. The steamer brought back to the older residents memories of the days when this city was one of the principal points for shipping along the river and when the big river steamers were tied up at the landing near where the Burlington station is now located.

The disease has had quite a spread through that section of the county and several cases have been noticed, although in all of these the attacks are very mild and the patients are almost all doing nicely.

### SHAMROCKS OF SOUTH OMAHA WILL BE HERE SUNDAY

From Wednesday's Daily.  
The Shamrocks, the terror of South Omaha, and a good, fast organization of base ballists, are coming to our little city on Sunday next to engage the Red Sox of this city on the local lot in a red-hot ball game. The Shamrocks have been here several times in the past and were able to depart with the "goats" of the Red Sox, but the boys feel that this time they are going to be able to get away with the big end of the gate receipts and show the visitors from Omaha's new addition a fast article of base ball. The game is one that certainly should bring out the fans to witness and assist the Sox in copping the honors of the occasion from the representatives of Old Ireland.

### WHY GOOD STREET LIGHTING IS VERY NECESSARY IN CITY

From Tuesday's Daily.  
The matter of street lighting has been the one thing on the minds of the citizens of Plattsmouth for several months, and is one of the great questions that any city has to consider if it wishes to go forward and keep up with the times.

There is nothing that will do more to put a town on the map than street lighting and plenty of it. There is nothing that will improve the looks of the business streets more than the white way. There is nothing that will bring the people out at night like good and efficient street lighting. There is no better police protection than plenty of street lights.

What Plattsmouth needs is more of its streets lighted; there should be a light on every street crossing in the city; the city and citizens receive a greater benefit for money spent in this way than any other way possible, and a great many cities are realizing this fact more each year.

Read Oak, Iowa, a town of about 5,000, is spending \$4,000.00 per year. Shenandoah, Iowa, with about the same population, is spending \$4,300.00 per year.

Hamburg, Iowa, with only about one-half the people as Plattsmouth, are spending over \$2,100.00 per year. A Taxpayer.

### THE ENTERTAINMENT AT THE H. E. WESCOTT HOME

Given for the Benefit of "Spurlock Hall" in York, Neb., a Great Success in Every Way.

The entertainment given last evening at "Sunnyside," the home of Mr. and Mrs. E. H. Wescott, by the Women's Home Missionary society of the Methodist church, was a splendid success in every way and was attended by some one hundred and fifteen persons, who enjoyed to the utmost the delightful program offered by the talented ladies and gentlemen who appeared to aid in the good work.

The silver offering was quite generous and will be applied on the cost of the erection of "Spurlock Hall" at the Mothers' Jewels home at York for the care of the orphans. This building has a significance to the residents of Plattsmouth, as Mr. and Mrs. Burwell Spurlock were for years residents of this city, and this memorial hall that is to be erected in honor of Mr. and Mrs. Spurlock, will be a lasting tribute to their work at York in the home where Mrs. Spurlock was for several years the superintendent and where Mr. Spurlock has kept up the good work since the death of the wife several years ago.

The occasion last evening was favored by two vocal numbers by Mrs. John W. Falter and a piano solo by Mrs. G. H. Falter, and it is unnecessary to state that these were enjoyed to the utmost, and as these two ladies are among our most talented musicians their selections were received with marked favor. Don C. York, one of the leading vocalists of the city, gave a very delightful bass solo that was one of the pleasing features of the program, and a most delightful reading was given by Miss Bernice Newell, who gave the audience an opportunity of hearing this talented lady at her best. The violin numbers of Miss Augusta Mengenholt were among the special features of the delightful program and in the manner in which this gifted lady executed the different selections was very much enjoyed. A new male quartet consisting of Messrs. Frank Cloidt, W. G. Brooks, Don York and Jennings Seivers, gave several numbers on the program that demonstrated that these gentlemen are gifted with fine voices, and this feature added much to the pleasure of those attending the entertainment.

### NORMAL SERVICE IS RESTORED

Men Return to Work Pending Settlement by Arbitration.

### CONFERENCE LASTS ALL NIGHT

Mediation Board Will Consist of Representative of Each Side, With Mayor or Thompson the Neutral Member. Latter Credited With Ending Strike.

Chicago, June 17.—Normal service on the Chicago elevated and surface car lines was resumed after an all night session of railway and labor representatives and a council committee headed by Mayor Thompson, had agreed on arbitration.

The appearance of the first surface car, some hours after the elevated trains were running, was the occasion of a demonstration in the downtown district. Windows of office buildings along the route were crowded with persons who cheered the visible evidence that the forty-eight-hour strike was at an end.

The settlement was reached after an all-night conference behind locked doors in the mayor's office. It was attended by Mayor Thompson, the labor union mediation committee, the grievance committee of the unions and the presidents of the traction companies.

The arbitration board will consist of a representative of each side, with Mayor Thompson the neutral member. The latter generally was credited with ending the strike. The other arbitrators have not yet been named.

The strike was remarkable in that no violence was traced to a strikers; that no arrests were necessary and for the good humor with which the public accepted it.

### WOULD BAR MARTIAL HYMNS

Adjutant Would Also Forbid Wearing of National Colors by Pupils.

Washington, June 17.—Suggestions that prize fighters be prevented from using the American flag for their belts and that the martial spirit be taken out of church hymns were made here by Adjutant J. E. Bastall of the Kit Carson post, G. A. R. "I love the day will come," said Mr. Bastall, "when the martial spirit shall be taken out of church hymns. Is there not something a little incongruous in our churches tuning their hymns in the service of peace by singing 'Soldiers of Christ, Arise' and 'A Mighty Fortress is Our God'?" I presume one-third of all church hymns contain martial similes, and all in the interest of the Prince of Peace.
