H. G. Todd and a number of other farmers in this locality are complaining of the Hessian fly doing no little damage to their wheat crop. Some of the farmers seem to be of the opinion that there will be no damage done at this time, while others take the opposite side of the question and contend that a great damage has already been done to the wheat crop, but has not shown up yet, and others are claiming that the injury is already very noticeable. We are informed that James Deles-Dernier has one piece of wheat that will not be worth the cutting.

New Safe at the Bank.

After the consolidation of the two banks at Louisville, The Bank of Commerce came into the possession of an extra fine Victor burglar proof safe, one of the very latest and best makes by this old time company. This safe was sold to the Murray State Bank, and was delivered in Murray on Wednesday of this week. With the installation of this safe, the Murray Bank will be one of the best equipped banks in the county.

United Presbyterian Church Notes.

The congregational meeting, while dealing with important questions, was marked by fairness in the remarks made.

The Women's Missionary meeting at the home of Mrs. Tutt was well attended, about thirty-five members being present.

We are glad to be represented at the State Sunday School convention at Broken Bow.

ANOTHER BURGLARY AT MURRAY LAST NIGHT

Both Elevator Visited and Farmers' Elevator Safe Opened and \$25 abstracted therefrom.

From Wednesday's Daily.

Our neighboring town of Murray, which has in the past been the scene of several burglaries, was last night again visited by the night plunderers and the Farmers' elevator office broken into and the safe robbed of something like \$25 in money. As far as could be learned here the party or parties made their entrance by forcing a window of the elevator and made a successful operation on the safe, getting away with the money that had been left there over night by J. W. Edmunds, who had charge of the elevator during Manager Barrows' absence for the day. This elevator is located near the tracks and it is thought that the work was probably the result of the visit of some men passing through, who made their getaway before the robbery was discovered by Mr. Barrows this morning.

After securing entrance to the elevator office the burglars proceeded to ransack things in a very systematic manner and successfully worked the combination on the outer door of the safe and secured entrance, and then proceeded to pry open the cash drawer of the safe and removed the cash, estimated at between \$22 and \$25. The fountain pen of Manager Barrows was also taken from his desk, as well as a large monkey-wrench which was in the office, and these articles, as well as the cash is all that has been found missing so far. Valuable papers and a large number of checks in the cash drawer were left undisturbed by the visitors and they departed, leaving no clue as to whom they were.

The elevator of the Jones company, a short distance away, was also entered, but the amount secured there could not be learned. Entrance there was secured in practically the same manner as that of the Farmers' elevator. The closeness of the elevators to the tracks of the Missouri Pacific railway made the work of getting away easy and it is thought that the night invaders boarded a passing freight train to make their getaway from the scene of their successful haul.

Fishing Party.

There was quite a large crowd of Murray people that went down to the mouth of the Weeping Water along the Missouri river Tuesday to spend the day in an outing and fishing trip. We are willing to wager the cash price of the fish that they caught that they had a good time, but we will permit our readers to seek another source for evidence of the quantity of fish that they caught. Those in the party were: Dr. and Mrs. Brendel, Mr. and Mrs. O. A. Davis, Mr. and Mrs. S. O. Pitman, Mr. and Mrs. I. M. Davis, Miss Carlson, of Omaha, Mr. and Mrs. Jeff Brendel, Miss Leona Davis, John Eppinger, Mr. and Mrs. E. S. Tutt, Mr. and Mrs. Dick Pitman, Mr. and Mrs. W. G. Boedeker and son Charles, Mr. and Mrs. Ted Barrows and son. The day was a very pleasant one for all.

Depart for Their Home.

Misses Jennie, Lillie and Clara Brighteritz, who have been visiting at the home of the Hansen Brothers, southwest of Murray, near Nehawka, for the past few weeks, departed for their homes in Arlington, Minnesota, last Saturday. They expect to visit the exposition at San Francisco before reaching home. They are cousins of the Hansen Brothers, E. G. Hansen, F. A. Hansen and family and Ed Obernalte, accompanied them to Plattsmouth last Friday where they took the train for their western trip.

The Place to Buy Lumber.

There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber.

Come to Plattsmouth Saturday afternoon and attend the free Band Concert and Unicycle act. Free auction of all farm produce brought in. Concert starts at 1:30.

THE ALAMO

Electric Farm

Light Plant!

Here's light for your home, farm buildings and yard. Here's power for your electric carpet sweeper, sewing machine, churn and fan; heat for your electric iron and toaster.

PRICE IS LOW!

You'll be surprised when we tell you how low is the price of the complete plant. If you have your own engine it is even less.

The cost of operation is moderate. The plant is easily installed. Ready for operation when taken out of the crate. The Alamo is the ideal farm light plant—simplest, safest and best—takes up but little space.

Since the perfection of the tungsten lamp, which requires only one-third the electricity to produce the same light as the old carbon lamp, large storage batteries are not necessary. Thereby the cost of a light plant is so reduced that it is within the means of the average farmer.

The ideal plant for the farm is the Alamo Electric Farm Light Plant. We were the first to introduce the small light plant into the country homes, and our present improved product is the result of eight years of successful manufacture. The plant is the simplest, safest and best, and it takes up but little space. Every farmer should have one, not only to light his building, but to furnish power for his wife's churning, sewing, etc.

The price of the standard plant is \$253.00, so you see it is an attractive proposition for the farmer. If you do not already have an engine of 2 H. P. or more, we can furnish it for you for \$40.00 additional.

Auto Party Paid Damages.

Bert Lloyd came very near meeting with a serious accident last Saturday evening while returning home from Plattsmouth. He was struck by an auto filled with men from Peru. Fortunately the blow was not a very hard one and the injuries slight. The buggy was somewhat damaged, which the Peru parties paid Mr. Lloyd \$10.00 for, and nothing was done in regard to the matter as this about paid the damages to the buggy.

Time to Pay Up.

Owing to the fact that we have dissolved partnership, all our business matters must be settled up as soon as possible, and in order to complete matters we must have our book accounts settled up just as soon as possible. If you are indebted to the firm please call and settle same now.

FOR SALE.

I wish to dispose of my blacksmith shop, both the building and all tools. This is one of best openings in Cass county for a good man. If you are interested in a good business let me hear from you at once.

James Loughridge, Murray, Neb.

Our Aim in Business!

If we were to give you a little better goods than any other store?
If we were to give you a little better service than any other store?
If we were to give you a little better value for your money than any other store?
If we were to be a little more appreciative than any other store?
If we were to make this store indispensable to your ideas of service and economy?

Would it then be a store that you could call your store? These are the points upon which we are striving to build our business. We carry an up-to-date line of Dry Goods, Groceries and Hardware, and we are exerting every effort to merit your confidence, for we want your patronage, and it will be appreciated at all times.

Puls & Gansemer,

Murray,

Nebraska.
