There was a pretty good imitation of the famous J. I. C. and Maude S. horse race in this vicinity last Monday evening, when two of the swiftest running horses of this locality were placed on the track for a hotly contested race. The two noted "Jocks" from Coney Island were onto their jobs in handling their respective racing steeds. There was no favoritism on the betting line.

There are eight members of the Ab. Murdock family, residing down one mile north of Nehawka, that are down with the smallpox. Entertain for Cousin.

Last Saturday evening Mr. and Mrs. Thomas Tilson entertained in a most charming manner at their home in honor of their cousin, Pauline Cullop, of Kansas City. The evening was one of the rarest delight for the jolly party of young folks, and the time was spent most pleasantly in various games and social conversation, which passed the hours most agreeably, and the pleasure of the young folks was carried out to its fullest extent in the enjoyment of the hospitality afforded them by the gracious hostess. United Presbyterian Church Notes.

The Sabbath schools and Young People's societies of Omaha presbytery held a convention at Dunbar last week. There were about twenty delegates; these were met at the depot in automobiles and immediately made welcome by the Young People's society of Dunbar. Rev. J. B. Work, D.D., of Tarkio college was the principal speaker, but several very helpful papers were read by the delegates.

The summer meeting of Omaha presbytery was held at Murray Tuesday and was attended by eleven out-of-town visitors and delegates. Professor Spencer of Tarkio happened to come in on the same train as the delegates; he is traveling in the interests of the college and interviewing prospective college students. The morning and afternoon sessions were taken up with the routine business of presbytery. The evening session consisted of a praise service, congregational business meeting and addresses. Considerable interest was manifested in the "Declaration of Trust," the granting of which was refused. Mr. C. G. Luman, a theological student and member of the North Bend congregation, preached, using as his text the words of Felix to Paul, "Go thy way for this time and when I have a convenient season I will call thee unto me." Dr. Renwick, the synodical superintendent of missions, called attention to the need of evangelical work and the hope was expressed that the Sunday evangelistic campaign may result in many new members and increased spiritual activities in all the churches throughout the state. The hospitality of the Murray people was appreciated and acknowledged by the visiting members of presbytery.

Young "Hiker" in Murray.

There was rather a distinguished young "hiker" in Murray this week, and at the present time he was on quite a long journey, but not as long as he has taken on former occasions. His name was Charles E. Carnahan, and while he was about as long and slim as an average telephone pole, he carries the name of Fat Carnahan, and claims to be a member of Uncle Sam's army, with headquarters at a fort near New York City. He is at the present time on a hiking journey from New York to the exposition at San Francisco, and has contracted to walk all the way. He carries about sixty pounds of baggage in his nap sack, and departed from here for Atchison. He tells of an interesting trip that he made a few years ago, at sixteen years of age, when he started from way up at Two Horns, in northern Alaska, for St. Louis, Mo., driving eight dogs all the way. He rode a sled, as far south as sledding was good then he placed wheels on the sled and finished the trip. At the end of the journey he received the handsome sum of \$2000, from a popular donation that was made over the city and state. A pretty good journey for a lad of sixteen summers.

Celebrates His 55th Birthday.

August Engelkeimer, sr., celebrated his fifty-fifth birthday anniversary at his pleasant farm home, west of Murray, on last Sunday. It was one of the pleasant occasions of the season, and there were a great many of Mr. Engelkeimer's friends and relatives present to enjoy the occasion with him. The usual many good things to eat were awaiting the visitors, and of course the usual good time was in store for all the visitors. Mr. Engelkeimer is one of the prosperous and energetic German farmers of this county, having resided here for a great many years, and has one of the finest farm homes in the county. He has a great many friends who join the Journal in wishing that the excellent gentlemen may live to enjoy many more such enjoyable occasions, and that he will remain in Cass county right up to the last one.

The Place to Buy Lumber.

There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber.

Frank J. Lillie and family and Walter Hesselhoff, from east of Murray, were Plattsmouth visitors on Thursday, visiting with their friends, and while here Mr. Lillie dropped in to chat for a few minutes with the Journal.

THE ALAMO

Electric Farm

Light Plant!

Here's light for your home, farm buildings and yard. Here's power for your electric carpet sweeper, sewing machine, churn and fan; heat for your electric iron and toaster.

PRICE IS LOW!

You'll be surprised when we tell you how low is the price of the complete plant. If you have your own engine it is even less.

The cost of operation is moderate. The plant is easily installed. Ready for operation when taken out of the crate. The Alamo is the ideal farm light plant—simplest, safest and best—takes up but little space.

Since the perfection of the tungsten lamp, which requires only one-third the electricity to produce the same light as the old carbon lamp, large storage batteries are not necessary. Thereby the cost of a light plant is so reduced that it is within the means of the average farmer.

The ideal plant for the farm is the Alamo Electric Farm Light Plant. We were the first to introduce the small light plant into the country homes, and our present improved product is the result of eight years of successful manufacture. The plant is the simplest, safest and best, and it takes up but little space. Every farmer should have one, not only to light his building, but to furnish power for his wife's churning, sewing, etc.

The price of the standard plant is \$253.00, so you see it is an attractive proposition for the farmer. If you do not already have an engine of 2 H. P. or more, we can furnish it for you for \$40.00 additional.

New Hand at the Elevator.

Ted Barrows, who for the past few months has been manager of the Farmers' Elevator Co., has been relieved of his position, according to the terms of his resignation a few days ago, so that he can devote his entire time to the hardware business, in which he bought last week. In the future his whole time will be given to the attention of the hardware business. Mr. W. D. Gray, son of Mrs. Kikendall, has been appointed to the position, and will soon take charge of the affairs. He is an excellent young man, comes to Murray most highly recommended and will no doubt make a good man for the position.

New Daughter Has Arrived.

The news has been received at Murray of the arrival of a fine new daughter at the home of Mr. and Mrs. Arthur Hanson in Laporte, Colorado, on Thursday, June 24th. The mother and little one, as well as the proud father, are reported as getting along fine. Grandpa W. F. Moore is feeling mighty proud over the new addition to his descendants, and as this is the first granddaughter the little lady will have her own way in anything she desires. Mr. Hanson is a son of Mr. and Mrs. Tom Hanson, residing southwest of Murray, who are also very much pleased over the good fortune that has befallen their son and wife.

Miss Margaret Moore, who is at St. Joseph's hospital in Omaha, recovering from an operation, is reported as getting along fine and her friends here are well pleased to learn that she is showing such progress and trust to soon have her home with them again.
