THE DAYLIGHT STORE.

THE FIRM OF FALTER AND THIEROLF TO MAKE A CHANGE

The firm of Falter & Thierolf, which for several years past has been engaged in the clothing business, is soon to become a thing of the past, as Mr. Philip Thierolf has purchased the interest of his partner, George H. Falter, in the store, and expects on August 1 to assume full control and management of the fine up-to-date establishment that these gentlemen have maintained since their embarking in business. Both Mr. Falter and Mr. Thierolf are among our leading business men and they have, by courteous and fair treatment, built up a large and extensive trade, which they well deserve, as their store is one of the neatest and most modern that can be found in any city of this size in the state. Mr. Falter has not fully decided just what his plans for the future will be, but in stepping from the firm he asks that his partner and successor be given the same hearty good will and patronage of their customers as in the past. Mr. Thierolf is a most accommodating and pleasant gentleman and there is no doubt that the policy of fair and just treatment to all will be continued as the policy of the establishment, and the same high standard of clothing and furnishings carried as in the years gone by.

BASE BALL GAMES BOTH SATURDAY AND SUNDAY

To assist in furnishing entertainment here Saturday afternoon the Cedar Creek base ball team will come down and take on the Red Sox at the local park, starting at 3 o'clock. This contest will be one filled with interest, both to the fans in this city, as well as the Cedar Creek visitors, and should, if the weather is anyway favorable, bring out a large crowd.

On Sunday afternoon the Bourgeois team of Omaha, one of the fast teams of the Greater Omaha league, will be here to give an exhibition of the great national game, and as they have a reputation in Omaha of being one of the leading teams there, their showing against the Sox will be awaited with much interest by the fans of this city.

DENIES KNOWING HOW THE NUMBER GOT ON HIS CAR

At the automobile races at the speedway in Omaha on Monday last the appearance of several cars marked with a large figure "77" attracted a great deal of attention and admiration from the audience, as well as much comment of the speed they attained. Yesterday a number who had been at Omaha at the races were greatly astonished to see a car with this number painted in a most artistic manner in several places on the machine, and it was thought that we were to have one of the Omaha racers give an exhibition on the street here, but on a closer examination it was discovered that it was one of the local speed fiends who had this number on his car, although he denies knowing how it got there and thinks some of his friends have been trying to pull off something on him. He was permitted to enjoy considerable publicity for a few hours and the joke of the affair is better understood by those who were at the races.

SOME OF THE DOINGS OF OUR COUNTY COMMISSIONERS

The commissioners at their session this week decided to have copies made of the plats of the different towns and villages of the county that are on file in the office of the register of deeds. The work will be carried out by Winfield S. Scott of Lincoln, an expert in this line of work.

The county officials filed their reports for the second quarter of 1915 as follows: County judge, \$609.35; county clerk, \$250; county register of deeds, \$591.90; clerk of the district court, \$627.20.

The board also allowed the usual amount of claims for road and bridge work and other necessary expenditures in the conduct of the business of the county.

MRS. W. H. VENNER ENTERTAINS IN HONOR OF HER SISTER

Tuesday afternoon Mrs. William H. Venner entertained a few ladies at her home at Mynard, Neb., in honor of her sister, Mrs. Samuel Eccles, of Roswell, N. M. The time was spent in pleasant conversation and bringing back old memories of the past, as most of the ladies invited were friends and neighbors of Mrs. Eccles young womanhood. After a time spent in this way, light refreshments were served. At the close of the afternoon the guests, wishing Mrs. Eccles a safe and pleasant journey home, departed for their homes. Mrs. Eccles expects to leave for Lexington, Neb., next Saturday to visit her brother, Stephen B. Cole, before returning to Roswell, N. M., where she has resided for the last eight years, and where her husband, Samuel Eccles, passed away the thirteenth of last March. The guests present were: Mrs. Elizabeth Wiles, Mrs. Maria Gopen, Mrs. Martha Wiles, Mrs. Stephen Wiles, Mrs. Oscar Gopen, Mrs. George Snyder, Mrs. Charles Jean, Mrs. Ida Cole, Mrs. Olin Cole, Miss Isabelle Wiles, Mrs. Samuel Eccles, Roswell, N. M. Guests from Plattsmouth were: Mrs. Mary Spangler, Mrs. Will T. Cole and Miss Elizabeth Spangler.

SERVICE—Every Overland Car sold in this vicinity since 1908 is still in service.

PRICE—No car today gives as much real value for the money as the Overland. You can satisfy yourself on this subject by comparing specifications with competitive cars.

UP-KEEP—No car was ever built that did not at some time or other need some repair. Repairs for the Overland can be obtained the same day as ordered, and at prices far below what other manufacturers charge. This fact does not occur to the average buyer until he needs some parts and finds it takes from one to three weeks to get parts and in many cases at prices two and three times what the Overland asks. Automobile factories have declined in numbers from 270 in 1911 to 119 in 1915. In other words 151 factories out of 270 have quit making cars in the last four years, and well informed men in the automobile business predict that the change in the next two years will be still more startling, which means that it will be still more difficult and still more delay on parts for cars that are not being manufactured at that time.

There is only one manufacturing plant in the world that produces more cars than the Overland Company, which has increased its production from 400 cars in 1908 to over 100,000 cars per year now. If the Overland car had not given far better average satisfaction to the buyer in the past it would not have outstripped all its competitors, many of which were in the automobile field twice as long.
