

**LADIES OF PRESBY-  
TERIAN AUXILIARY  
GIVE SUPPER AT PARK**

From Wednesday's Daily.  
Last evening a large number of the members and congregation of the Presbyterian church gathered at the city park to participate in a picnic supper, which had been planned and prepared by the members of the Ladies' Auxiliary. The city park is a most beautiful place for holding picnics, as the continuous rains have kept the grass so green, then, too, last night was a most ideal one for holding a picnic. On account of the ground being so damp from the recent rains, tables were brought to the park by those in charge of the plans for this delightful entertainment and the delicious picnic supper was placed on these tables and served in cafeteria style. Supper was served between the hours of 6 and 7 and everything good to eat in the land, and plenty of it, was to be found there, and this supper was up to the usual standard which the ladies of this splendid organization have the ability to prepare. After having eaten all one could and then some, the remnants were gathered together and the remainder of the evening spent in a most enjoyable social time. At dusk the picnickers wended their way homeward, declaring it was one of the best picnic suppers they had tasted in some time, and that they had thoroughly enjoyed the outing.

**MISSING HORSE FOUND  
ON FARM NEAR HAVELOCK**

From Wednesday's Daily.  
Several days ago a horse belonging to Ray Cole, residing near Weeping Water, disappeared from the farm of Mr. Cole and it was thought that perhaps it had been stolen, but a search failed to unearth any sign of the missing animal until yesterday, when it was discovered on a farm near Havelock, and Sheriff Quinton and the owner of the horse were notified of the finding of the animal. The horse had originally been secured by Mr. Cole from a farmer near Havelock, and when the animal got out of the pasture where it was kept it at once evidently made for its old home.

**BURLINGTON PEOPLE  
WANT PEOPLE TO  
STAY OFF THE TRACK**

From Wednesday's Daily.  
There has been considerable difficulty experienced by the Burlington in keeping persons from trespassing on their tracks near the depot in going to and from the carnival grounds, and in order to prevent accidents the company has a special policeman on duty there, as has the city, and by this means it is hoped to prevent any accidents that might otherwise occur through the thoughtlessness of persons who, without regard for safety, will persist in crossing the tracks instead of using the subway, as they should, and there has already been two very narrow escapes from accidents. The subway is the place to use in getting to and from the carnival grounds and the use of the tracks should be avoided by the general public and save a serious accident.

**MRS. J. M. HALL

AN'S RELIEF CORPS**

From Wednesday's Daily.  
Yesterday afternoon the ladies of the Woman's Relief Corps were entertained most delightfully at the home of Mrs. J. M. As this was the annual social meeting of the order the ladies came prepared for a good time, and their anticipations were certainly gratified. Mrs. Hall, Mrs. J. W. Elliott and Mrs. Alice Cowles were the hostesses and the guests were treated to a most royal time. The afternoon was spent in visiting and in the enjoyment of several musical numbers by Mrs. F. M. Druliner and Miss Gladys Hall, which served to add greatly to the pleasures of the occasion. A very delicious two-course luncheon was served at a suitable hour, which was thoroughly enjoyed by the jolly party of ladies present, and at a late hour the guests departed, feeling that they had enjoyed a most delightful time.
