IN SEARCH OF BURIED VILLAGES NEAR OLD ROCK BLUFFS

From Tuesday's Daily. The following dispatch from Murray to the World-Herald, under date of yesterday, tells of the work of the scientists in their search for traces of the early Indian tribes of Nebraska:

The Harvard archeological party, under the direction of Dr. Fred H. Sterns, has moved its camp from the mound district south of Nehawka to the bluffs along the Missouri river east of Murray. At the "buried village," where Dr. Sterns spent most of last summer, he has found numerous new house sites in the valley exposed by the heavy rains this season. Potsherds and ash pits give evidence that this valley was thickly populated its entire length. As the party is pushed for time no excavations will be made in these ravine dwellings this season.

Dr. Sterns and party are now engaged in exploring a house ruin of the rectangular variety in the Rock Bluffs cemetery, one of the highest points along the Missouri river, one mile south of the old town of Rock Bluffs.

The rectangular earth lodge, in Dr. Sterns' opinion, is pre-Pawnee and differs from the latter widely in construction and the character of articles destruction. As this house was looted in the house at the time of its caved far from any water supply it is his belief that these pre-historic dwellers inhabited this country when they were furnished with water from springs originating in glacial drift.

The Place to Buy Lumber.

There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber.

Rhoden, who for several weeks past has been at the Immanuel hospital in Omaha, recovering from a very severe operation, was enabled to return home and it is unnecessary to state that the return of this lady was the occasion of a great deal of pleasure to her family and friends throughout the county. Mr. Rhoden and Mrs. Georgia Creamer, a sister of Mrs. Rhoden, accompanied her home, and the journey from this city to the home south of Murray was made via automobile. MISS MAY VALLERY RECOVERING NICELY FROM OPERATION

Miss May Vallery, who is at the Immanuel hospital in Omaha recovering from a very severe operation, is reported as doing nicely, and the attending physicians have the greatest of hopes that she will fully recover. The operation was one of great severity and was in reality a series of four operations in one and the patient has suffered very much from the effects of what she has undergone, but has stood up nicely under the ordeal. That she has such bright hopes will be most pleasing to the friends of this estimable lady throughout this section of the county.

TO AVOID AUTO ACCIDENTS.

Don't speed!
When in doubt—stop!
Don't crowd other cars.
Watch the side streets carefully.
Don't load your car over capacity.
Don't run too close to the car in front.
Use common sense and watch other cars.

Don't pass a car or vehicle on the right side.
On country roads, don't go too close to the ditch.

Always stop at railroad tracks and look both ways.
Don't be afraid to go into low speed in tight places.

On country roads don't pass other cars at high speed.

Don't stop on a hill or incline close behind the car in front.

Don't run into thoroughfares from sidestreets at high speed.

When you start, always turn to see what is coming behind you.

Don't keep your headlights on in city streets, unless dimmed.

If a car is trying to pass you from the rear give it plenty of room.

Cut your corners square, so that another car can have room to pass.

Drive carefully on wet streets, especially streets paved with asphalt.

In turning a corner, with another car on your right turning the same corner, swing wide.

Don't Speed! Don't Speed! Don't Speed!

ALBERT J. SCHULDICE AND MISS CLARA REUHLAND MARRIED

From Tuesday's Daily. Yesterday afternoon at 5 o'clock, at the Holy Angels Catholic church in Chicago, occurred the marriage of Miss Clara Reuhland of that city and Mr. Albert J. Schuldice of Plattsmouth. The solemn and impressive service of the Catholic church was performed by Rev. Father O'Shay, rector of the church. The ceremony was attended by only the relatives of the bride and a few intimate friends.

Following the wedding the bride and groom were entertained at a dinner at the home of a sister of the bride. They will spend a week or ten days in the Windy City before departing for this city, where the groom has a handsome new home on North Seventh street awaiting the coming of his helpmate.

Both of the contracting parties are well known in this city, as the bride spent her childhood days here and removed some fifteen years ago to Omaha with her parents and later moved to Chicago, where she has made her home for a number of years and is held in the deepest affection by a large circle of warm friends.

The groom is a son of Mr. Albert H. Schuldice of this city, and was born and reared here and is a young man of great industry and is held in very high esteem by all who know him. He has been employed in the Burlington shops in this city for a number of years and is held very highly by his associates there. Mr. and Mrs. Schuldice, on their return here, will receive the best wishes of their many friends for a long and happy married life and one free from care and sorrow.
