Telephone Line Getting in Shape.
The Murray telephone service has been in very bad shape for the past few days, since the storm of last Sunday. Nearly every phone on the exchange was out of commission the following day after the storm, and the task of getting them back in line has been no small one. Most of the trouble seems to be in the cable lines and two cable experts from Lincoln have been here all week looking after the trouble, and at the present time have them pretty well lined up.

Receives Lumber Daily Almost.
Owing to the weather conditions of the past few weeks the lumber business at the Murray yards has been rather quiet, the same conditions that prevail in all other lines of business the world over. Mr. Kikendall believes that this is but a temporary standstill, and to confirm this fact he is almost weekly receiving lumber invoices. This week he received three cars of high grade lumber that he is placing in his sheds for future delivery to his customers. Some of the finest lumber that we have ever seen has been received at his yards during the past few shipments. Mr. Kikendall handles some cheap lumber it is true, to meet the demand for this grade, but his main line is the very best that can be produced, and he stands ready to meet all prices where quality consideration is given.

FORMER CASS COUNTYAN COM-MITS SUICIDE

August Holmes, a Young Man Well Known in This County the Unfortunate Victim.

From Tuesday's Daily.

The following special to the Omaha World-Herald from Hartington, Neb., gives the particulars of the suicide of a former Cass county man, who was born and reared in the vicinity of Rock Bluffs, where his father, J. B. Holmes, was for years one of the prominent residents and a leading figure in the affairs of that part of the county. The family made their home there for a great many years and here this young man, the youngest of his family, grew to manhood. He was here about a year ago to make a short visit with his cousin, Mark Furlong and family, and the mother of the unfortunate man visited some two years ago at Rock Bluffs with relatives for some time. The death of this gentleman in the very midst of a ripe manhood comes as quite a blow to his many friends in the county, who had known him all these years. Besides the mother, two brothers, William Holmes of Beaver City, Neb., and John L. Holmes, residing in Idaho, are left to mourn his loss.

August Holmes, 41, unmarried, committed suicide early Sunday morning by shooting himself through the brain, slightly back and above the left ear with a 25-20 Winchester rifle. He was making his home with his mother, ten miles west and one south of Hartington, and had several times in the past months told his mother that he was tired of life and was going to kill himself. About two weeks ago he told her that Sunday, July 18, would be his final day.

Mr. and Mrs. James Hoggatt were visiting at the place at the time of the shooting. The women had retired and when Mr. Hoggatt was about to retire Holmes told him he thought he had forgotten to close the gate after turning the horses into the pasture and that he would go out and see after he had retired.

Holmes' body was found lying on the floor of the granary. Coroner Joseph Bang and County Attorney P. F. Ogara, of Hartington, had an inquest, when it was found that death was caused by Holmes own hand. When found his pocket knife was lying opened beside him and from powder marks on his head it appeared that he had the weapon against him when discharged.

The body will be shipped to Murray tonight on the midnight Missouri Pacific and the funeral held at the Presbyterian church there at 10 o'clock tomorrow morning.

Mrs. Connally Improving.

John Connally, arrived in Murray Wednesday morning from his ranch up near Atkinson, Nebraska, and will make a few days visit with his mother and sister and old home friends. He reports everything in his part of the country as looking fine, and all conditions point to good crops for this year. His mother, who been very ill during the past winter and spring, continues to gain in health, and grows stronger each day, which will be good news to her many friends in this locality.

Theo. Amick and family and John Frada arrived in Murray on Tuesday of this week from Monticello, Ark., and we understand they will make their future home in this county. Mr. Amick has sold his farm interest in that locality. They drove through in two autos.

United Presbyterian Church News.

Under date of June 11 Dr. Hanna writes of his expecting to be in New York because of an invitation to preach during July at Putnam. "It is the place of all others that I had longed to go, for I was there when a boy minister, when the war broke out. It is on Lake Champlain, two and a half miles from Lake George."

Members of the choir and friends met last Friday evening at the residence of J. W. Holmes to bid farewell to Miss Neva Latta. After music and refreshments a souvenir spoon was presented to Miss Latta in appreciation of her help in the choir.

Card of Thanks.

Mrs. Adeline Holmes and her son, William Holmes, desire to express their thankfulness to the friends in Murray for the sympathy and interest shown them in their bereavement. Flowers were sent from the Lookout Sunday school, Wausa, Neb., and Modern Woodmen of America camp 1058, Union, Neb. Other flowers were furnished by friends in Murray, and their kindness is very much appreciated.

Cattle Will Harvest Crop.

J. R. C. Gregory shipped a car of feeding cattle from South Omaha to this station Tuesday of this week. Mr. Gregory says this solves his present alfalfa troubles. The wet weather has kept him from cutting and harvesting his present crop of this hay, has really been unable to give the crop to his neighbors for the cutting. He will now turn these cattle on the field and he is guaranteed that they will harvest the crop.
