**J. W. HALL AN IOWA  
GENTLEMAN BECOMES  
MERRY SUNDAY A. M.**

J. W. Hall, who gave his residence as Hastings, Iowa, became tangled with the double effects of Nebraska liquor and Nebraska law yesterday morning and for several hours occupied a cell at the city jail until it was time to ship him back to his home to rest up from the effects of his expedition. The man had secured a room at the Perkins House Saturday night and all was peaceful until about 4:45 yesterday morning, when he arose from his couch and raised several variegated brands of noise at the hotel that wakened everyone. He claimed he was unable to open the door of his room, and when this had finally been unlocked he spent some time in giving a short song service, and the strains of "Dublin Bay," and "Wrap Me With a Bundle" assailed the ears of the residents of the hotel until he was ejected onto the street. He then came up Main street, but was unlucky in that he ran into Officer Grebe at the corner of Fourth street and was escorted to the jail. He was well provisioned for a long seige, as he had on his person a pint of whisky and a pint of gin, which combination probably accounted for his exuberance of spirits. He departed on No. 4 back to the land of his residence, vowing never again to return to our little city.

**W. D. HINER, BROTHER  
OF JESSE HINER DIES  
IN SOUTH DAKOTA**

Jesse Hiner of this city has just received word of the death of his brother, W. D. Hiner, which occurred at Wagner, S. D., on July 13th, after a long illness from stomach trouble. Mr. Hiner was about 53 years of age and was born in Marion county, Iowa, where he resided until about twenty years ago, when he came to Mills county, living near Glenwood and Pacific Junction for some twelve years and then moving to his late home at Wagner, where he died. He leaves a wife and five children. The funeral was held at Wagner on the 15th of July and the body laid at rest in the vault which Mr. Hiner had prepared in the last few years to receive him, as he was aware that his affliction was destined to be fatal and that his days were numbered. He has in the last few years visited here several times and is well known to many of our citizens.

**SUPERINTENDENT  
BROOKS RETURNS  
FROM NEW YORK**

Superintendent W. G. Brooks of the city schools returned home Saturday from New York City, where he has been spending several weeks at the Columbian university summer school finishing up his special course for superintendents and principals, and has received his diploma for the four-year course. Mr. Brooks has in the past few years denied himself the rest of the summer vacations in order to complete this course, which is so important to his chosen calling of the educational line, and feels well repaid in receiving his reward for his labors. The Columbian university is one of the leading educational institutions of the east and its graduates have become prominent in the life of the nation and a diploma from the college is a trophy well worth having. Superintendent Brooks, with his work in the eastern schools, will be able to bring to the city schools here the advantage of his higher education that will be of great benefit to the youth of the High school here.

**JOHN TOMAN, SR., IS SER-  
IOUSLY ILL AT HIS HOME**

John Toman, sr., one of the aged residents of the west part of the city, is lying very seriously ill at his home following an operation which he underwent a few days ago at the home of his daughter, Mrs. John Hiber. Mr. Toman is past 83 years of age and has been in poor health for the past few years, and with his extreme old age it makes recovery doubtful, despite the splendid care and aid afforded him by his family and physicians. His illness will be deeply regretted by his many old friends and it is to be hoped he will be able to recover and be with his family for several years yet.

contain the largest stock of groceries, dry goods, hats and caps, boots and shoes, etc., ever brought to this city. Our old friend "Am." Lazenby, will move his stock of drugs across the street into the room adjoining Pinkham's.

The new store just put up by J. G. Romine is partly filled with a stock of drugs, and is "run" by McFarland & Decker. They will soon have a new stock of groceries to fill the one side of the store that is yet vacant.

H. J. Streight is too busy to stop for his meals, taking in grain, hogs and potatoes, having about 500 bushels of the latter in his cellar. He has a large stock of new goods of every description and was ordering more today from two or three "bummers" that were here. He has his new warehouse painted, and has filled and emptied it "several" times in the last month or two.

Ed McGennis, the wood butcher of the city, is kept busy about all the time, mostly shop work.

Romine has so far recovered from his broken leg as to be able to get around without his crutch.

Grains of every kind are coming into market lively, notwithstanding the present low prices.

The merchants are cribbing corn and paying 10 cents per bushel. Potatoes are bringing 20 cents in trade.

The want of a bridge across the Platte is the only thing that prevents South Bend from becoming one of the first cities of Cass county.

**ICE CREAM SOCIAL AT K. S.  
HALL A GRAND SUCCESS**

The ice cream social and dance given by the ladies of St. Agnes Sodality at the K. S. hall yesterday afternoon and evening was a most enjoyable event for those who were in attendance and was very much enjoyed by everyone, and as a result the ladies realized a neat sum. The Bohemian brass band furnished the music in their usual pleasing manner, and this organization also played at the dance Saturday evening at this hall, which was given for the benefit of the band boys.

**ACT QUICKLY**

Delay Has Been Dangerous in Plattsouth.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of Plattsouth evidence of their worth.

J. L. McKinney, Lincoln Ave., Plattsouth, says: "One of my family suffered for years from pains in the back and at times the back would give out completely. The trouble was due to disordered kidneys. Medicine after medicine was tried, but none proved of any value. Doan's Kidney Pills, however, gave positive relief and there has been no complaint since." (Statement given June 8, 1906.)

OVER FIVE YEARS LATER, Mr. McKinney said: "Doan's Kidney Pills have never failed to give the best of results whenever we have had occasion to use them." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McKinney recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

**Things to Consider in Buying a Car!**

**SERVICE**—Every Overland Car sold in this vicinity since 1908 is still in service.

**PRICE**—No car today gives as much real value for the money as the Overland. You can satisfy yourself on this subject by comparing specifications with competitive cars.

**UP-KEEP**—No car was ever built that did not at some time or other need some repair. Repairs for the Overland can be obtained the same day as ordered, and at prices far below what other manufacturers charge. This fact does not occur to the average buyer until he needs some parts and finds it takes from one to three weeks to get parts and in many cases at prices two and three times what the Overland asks. Automobile factories have declined in numbers from 270 in 1911 to 119 in 1915. In other words 151 factories out of 270 have quit making cars in the last four years, and well informed men in the automobile business predict that the change in the next two years will be still more startling, which means that it will be still more difficult and still more delay on parts for cars that are not being manufactured at that time.

There is only one manufacturing plant in the world that produces more cars than the Overland Company, which has increased its production from 400 cars in 1908 to over 100,000 cars per year now. If the Overland car had not given far better average satisfaction to the buyer in the past it would not have outstripped all its competitors, many of which were in the automobile field twice as long.
