The Place to Buy Lumber. There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber. While the accident was a very painful one there will be no serious results in the accident. The little daughter of Mr. and Mrs. Roy Spangler has been quite sick for the past few days, suffering with a spinal trouble. School Opens September 6. The Murray Public Schools will open for the fall and winter term on September 6th, and to make the year a successful one from every standpoint the first rule of the term should be complied with, and that is that all the students be on hand the first day, and start right. The teachers will be happy to see the total enrollment on the opening day. It is the duty of each parent to exert every effort to comply with this rule. It will be much easier for both your child and the teacher during the entire term. Another Fine Home. There is still another fine home under way that must be completed in Murray before the coming winter, and that is the one for Mr. and Mrs. Louie Puls. The foundation is being laid and will soon be ready for the carpenters. Smith & Tiekoeffer, of Plattsmouth, have the contract. Here will be another fine home in Murray.
