In his novel appreciation of the HI ed any explanation to them concerning tically, she must undergo he suddenly saw his Andrew's identity.

For long he had known that she was cried, sharply, "Why, you're as silly gen." He raised his arm and pointed dear, that he cherished her fouldy, as children seared by the boyey man toward Andrew. "There he is" that she was, in truth, more to him. He has determined already to throw than any other person in the world. you to the wolves. But if you still now became an unqualified innage-But not until conight bid he grasped stand by me, between us we shall send ment, as his eyes followed the direct gard. He understood now that he had or me or any other human being." for her a pure passion-that of father. It was evident that the force and mother, friend, lover. In a second of Illumination the Master Mind knew why his love for the dead brother burned less hotly in this hour. It was because the finnes of his heart were. all blazing of the shrine of this gith Lucene. A new love had put out the old. fliere was left only hate of that first love.

And was bate itself left in all its former suvergery? The Muster Mind shrank appalled from that question. which offered to make a mock of all, his toil. He thrust it from him, simidering. He jumped up and strode to! and fro in a revoit against all things Then presently he recollected his en ergies, set firm control over his entotion and determined to go forward undeviatingly as if none of these strange things had entered at the eleventh hour to turn the apples of vengeance to Dead sea fruit. So, with a curious
