AMERICAN SHIP IS HELD UP EIGHT TIMES

New York, Sept. 16.—The American steamer Portland arrived here from Swedish and British ports after having been held up by eight war vessels on its eastward and westward trips. The freighter sailed from San Francisco several months ago with a cargo of barley, beans and dried fruits, consigned to Stockholm and carrying a British consular certificate providing against interference.

On June 14 the Portland was held up by a British cruiser, taken to Kirkwall and four days later discharged a part of its cargo at Blyth. It then started for Stockholm, but was held up twice by submarines, which took part of the cargo. From Stockholm the Portland sailed for England and was held up by two more German submarines. After leaving Gravesend three British destroyers held up the Portland before it was clear of the war zone.
