Church Celebrates Anniversary.

The German Evangelical church, of Eight Mile Grove precinct, celebrated their twenty-fifth anniversary of their organization on last Sunday. The attendance on this occasion was large and a most enjoyable day was spent by the members of the church and all the former ministers since the date of the organization. Rev. Fred Spriguel, the first minister, was present and delivered one of the sermons. Mr. Spriguel organized this church and was its pastor for more than twenty years. Rev. Heubner, who followed Mr. Spriguel, was also present and took part in the anniversary services, also Rev. Robert Kunsendorf, the present pastor, was also present and took part in the services that were very pleasing to him, owing to this being one of the strongest organizations in this section of the county. Services were held all day, and the pastors were assisted in work by Rev. Nicholson, of Berlin.

It is with deepest regret the vicinity see Mr. and Mrs. Klaurens depart and all will realize the loss of good neighbors in this community. At a late hour dainty refreshments were served, after which all departed, wishing Mr. and Mrs. Klaurens success and happiness in their new home at Nehawka.

The Place to Buy Lumber.

There never was a season so favorable for building and making improvements around your farm home as this one has been, and the activity around the Murray lumber yard is an evidence of this fact. More of all grades of lumber is being sold this spring than for many seasons. The demand for good goods and the fact that it can always be found at this lumber yard at the right prices are the causes for the increased business. Mr. Kikendall is after the lumber business of this locality, not only from the fact that it is due him, but because he is ready and willing to meet all competition on the numerous grades of lumber.

New Walk to the School House.

The new sidewalk leading from the school house has been completed, and with no cost to the district. This excellent movement for new sidewalk was started last fall by Mrs. G. M. Minford, and assisted by the ladies of the community an excellent and very profitable dinner was given at that time, the net receipts of which amounted to \$45.55. The material for the new sidewalk cost \$49.58, so this dinner given by the ladies paid for the material with the exception of a few dollars. The work was done by donation of the men folks of the district, and for this effort started and carried out by those interested in the schools we now have in the neighborhood of 1000 square feet of good concrete walk leading up to the school house without one penny of cost to the district. Such movements as this are certainly commendable, and should receive the praise of the entire community.

A Chicken Comes to the Dance.

There was a strange face that desired to attend the social dance given by the Murray Dancing Club last Saturday evening at the Puls & Ganssemer hall, but owing to the large attendance the stranger was not admitted, even though he did accompany one of the most popular and well liked citizens of our community. Should he desire to attend one of the community base ball games there would have been no objection to his admittance for he was a genuine full blooded fowl and belonged to Nick Friedrich. Mr. and Mrs. Friedrich did not get started to the dance until rather late, and one of their fine chickens had taken his perch on their auto for the night. Being on the rear of the car they did not notice the chicken until they arrived in Murray. Being quite at home and familiar with the auto he remained with it until the dance was over and returned home with Mr. and Mrs. Friedrich, having enjoyed the trip a great deal. Some chickens are allowed at some dances, but not all chickens are allowed at all dances, and this one was refused admittance.

The library will be open Saturday. The library association will give a dinner and supper at the library rooms Saturday, September 25th. Bring in all over due books.
